JUST THINKING

Number 10

There is a new Jewish Newspaper in English from Berlin, Germany. It will appear once every three months. The publisher is Dr. Rafael Seligmann. The website is <http://jewish-voice-from-germany.de/>

JT: This is my reaction to the announcement and the first issue.

Herr Dr. Rafael Seligmann!

I am not Jewish. But that is not important. I support Israel and Judaism. I know enough about the history of the Jews, the Jewish Diaspora, the Jewish nation, the establishment of Israel, and the ultimate goal of the Palestinians of whatever color, to say that any recognition of Israel by any Palestine authority would lead to the ultimate extinction of Israel. Even if all Palestinians recognized the right of existence of Israel under international law, the ultimate goal would be to destroy Israel. Yasser Arafat once said that the Palestinians could make any agreement with Israel and honor it. However, they must honor the agreements as Mohammed honored his. The times of peace were only breathing spells to collect the Islamic forces together and attack the enemy at a later time. For Mohammed the longest time of peace between wars of conquest came to about ten years. Then the attacks against the enemies that he proclaimed to be enemies came and they were ultimately defeated. That is essentially the politics of the Palestinians who are nothing more than puppet actors of the Arab countries.

The Arab goal to eliminate Israel via the Palestinians. This Islamic terror can be combated only by a series of developments that can be classified as maintaining the status quo of Israel. Some statements are listed below, but not necessarily in the order of their importance. I use the word combated because Israel is in a war declared upon them by the Arab world and the Palestinians.

1. No appeasement of the Arabs and no more relinquishing of land. Israel has every right to build wherever and whenever it wants to build on its own land.

2. Never give up the Golan Heights.

3. Propagate the development of the Israeli nationalism/patriotism mindset.

4. Never trust an Arab potentate. Arab potentates will always conduct themselves like Mohammed conducted himself. It is their goal to emulate him. That is why they are evil.

5. Propagate the real truth of the Koran, which is to subdue all of those people who do not recognize Islam as the dominate political power.

6. Never recognize Islam as a religion because it is not a religion. It is a violent ideology with a religious disguise. The movement will take by force everything that it can get its demonic hands on.

7. Arabs and Palestinians must be told where the parameters are and that they cannot go beyond those parameters.

8. Medinat Israel has a governing system known as a republican democracy. It is the only one in the Middle East. Islam is a totalitarian system. It always was and always will be totalitarian.

9. Tell the world that Israel will exist forever, which it will.

I could go on and on, but these statements are enough for now. I commend you for the idea to initiate *The Jewish Voice From Germany*. It is a positive contribution to the tabloid world. However, in the same breath, I think that your stance at this point is too appeasement oriented. You may think that I am hawkish. I would call my positions realistic.

You must realize that the Judeo-Christian culture of Western Europe, from Scotland, and Great Britain to Italy and Greece, from France to Russia is being constantly undermined by Islamic groupings that cry racism and are insulted even at the mention of the words **crusades**, **cross**, and **Bible**, to say nothing of the **Jewish House of Worship, the Synagogue**. The best answer to those who claim to be insulted by such traditions of Western Culture is to tell them that no one is forcing them to stay in the Western World.

You must also realize that this undermining of Western Culture and Traditions is being undertaken constantly in the United States of America and it is being actively supported

by the illegal and charlatan occupier of the Oval Office Barack Hussein Obama who does not meet the requirements of the *Constitution for the United States of America*, namely Article, 2, Section, 1, Clause 5, to be president, for he is not a natural born citizen. Moreover, Barack Hussein Obama is doing all that he can to eliminate Israel from the map of the world.

I suggest that you investigate the true reporting concerning Islam and the Arab world by examining the following websites. Believe them! They are the truth!

<http://atlasshrugs2000.typepad.com/>

<http://barenakedislam.wordpress.com/>

<http://www.jihadwatch.org/about-robert-spencer.html>

<http://unoffbnwarraq.webs.com/>

and any article by or interview of Wafa Sultan.

For the truthful information on Barack Hussein Obama and America's problems under his dictatorship:

Do not rely on the American mainstream media. They are so far into Barack Hussein Obama that they cannot see the sunlight!

Finally, I do wish you success with your newspaper, as long as it is not another attempt at appeasement.

Respectfully,

Frederick William Dame

Ya'akov Katz, a member of the Israeli Knesset, calls for all Jews to leave France after a gunman kills a rabbi, his two daughters, and another young girl as they walked to a Jewish school in Toulouse, France. He says, "There is no Jewish future in France," and Jews should not trust their fate to "Sarkozy, Obama or other world leaders."

JT: Jews should not trust their fate to Obama, or to Obama, or to Obama. Jews are much safer under the leadership of Sarkozy that they would ever be under Obama. As for other world leaders ... are there any other world leaders? Isn't Obama the world caliph?

The *Daily Mail* reports on Malia Obama's spring break vacation in Oaxaco, Mexico—accompanied by 12 friends and 25 Secret Service agents and Mexican police.

JT: Don't taxpayers always pay for trips that royalty take?

Newsmax.com reports, "The Republican Jewish Coalition issued a statement Monday harshly criticizing a tweet from ...Obama's chief campaign strategist, David Axelrod, that referred to a 'Mitzkrieg' of campaign ads in Illinois." The Jewish Coalition states, "At a time when there is so much talk about the need for civility in political discourse, it is disturbing to see ...Obama's top campaign advisor casually throw Nazi imagery around in reference to a Republican candidate for President. Holocaust and Nazi imagery are always inappropriate in the political arena. Axelrod should apologize for his offensive language. We call on Debbie Wasserman Schultz, the chairman of the Democratic National Committee, to publicly rebuke Axelrod for his language. We hope that the National Jewish Democratic Council will join us in denouncing Axelrod's comment, as they have frequently denounced Holocaust imagery in politics in the past."

JT: I don't think Axelrod got the phrase Mitzkrieg mixed up with Blitzkrieg. Everything Axelrod does is intentional – including breathing! – in order to hurt anyone or any group's feelings that are opposed to his and Obama's positions.

The National Jewish Democratic Council is not living in reality if they think that Debbie Wasserman-Schultz and Axelrod will apologize for anything.

Ann Barnhardt responds to HotAir.com's remarks not to be worried about Obama's Executive Order: "I'm getting really, really sick of these pundits and talking heads on the so-called 'right' clucking their tongues at the unwashed masses and telling us that we're crazy and paranoid to be the least bit concerned each and every time the Obama regime takes another stride toward totalitarianism. And it is EACH AND EVERY TIME. Let me break it down for Ed Morrissey [of HotAir.com], and all of the other pundits in that social circle so that you can get your heads around this. We are concerned and even, dare I say it, panicked, because we can see the big picture of the Obama regime for what it is. We can take the totality of the dataset and draw not just a logical, reasoned conclusion, but a conclusion that is supported by centuries—nay millennia—of past precedent. We are, as Patrick Henry put it, '*willing to know the whole truth; to know the worst, and to provide for it.*' Why is the 3/16/2012 Executive Order worthy of grave concern? Simply put, because of the man and the regime who issued it. This is a man, and a regime that has done the following:" [30332] "Sent the Secretary of Defense (Leon Panetta) to Congress to put them on notice that despite the explicitness of the Constitution, the consent of the Congress to wage war will neither be solicited nor required by the Commander in Chief or his regime. The CiC [Commander-in-Chief] and SECDEF [Secretary of Defense] may, if they feel like it and can find the time, MAY inform the Congress of 'kinetic military actions' henceforth."

"Declared the First Amendment null and void by mandating that every American must, as a condition of legal residency in the United States, pay for abortions. Mr. Morrissey, being a Catholic, you should understand that what the Obama regime has done is demand your very soul. In order to remain corporeally 'free' in the United States of America, you must enter into mortal sin, reject Jesus Christ in totality, turn your back on your Crucified Savior, excommunicate yourself from the Church, and consign your immortal soul to eternal hell. If that isn't the prohibiting of the free exercise of religion, then nothing is or ever could be."

"Committed acts of war upon the sovereign nation of Mexico and her people, willfully arming narco-terrorists with the intent of using the optics of hundreds if not thousands of brutally murdered Mexicans in order to stir up and justify the overthrow of the Second Amendment to the Constitution. This is textbook sedition."

"Has coordinated with regime cronies in the Legislative Branch to enable the Obama regime to operate for an entire term WITH NO BUDGET WHATSOEVER. In this time, the Obama regime has looted the United States Treasury and debased the currency of the United States to the tune of SEVEN TRILLION DOLLARS, or roughly one-half the gross domestic product." [30332]

Barnhardt continues, "This is just a very, very, very short list. Additionally, with each passing day it is being further revealed that EVERY SINGLE PERSON Barack Obama has ever associated with has been not merely a Marxist, not merely a Socialist, not merely a Communist, but a TOTALITARIAN hell-bent on the destruction of the United States of America. I'll concede the point that if this Executive Order was issued by—get this—Jimmy Carter or even Bill Clinton, I could buy the idea that it was merely an

emergency protocol housekeeping item of some sort geared toward the reaction of the Federal Government after a nuclear attack. I'd be skeptical, but I would be open to the argument. Not so now. These people are totalitarian tyrants who are no longer even trying to hide their intentions. See the ...items above. There comes a point where you have to pull your head out of the sand, synthesize a massive dataset into its obvious, coherent output, and *be willing to know the worst, and to provide for it*. Denying the obvious, even when the obvious is horrific, is not some sort of virtue. Keeping people numb to reality and drunk on a sugary treacle of distraction and reassurance that 'everything's okay' even when every iota of data and experience tells us that everything is NOT OKAY is not a virtuous public service. It is a massive failure in charity, both towards those who are misled and falsely-consoled by your assurances, and toward those whose intellects and intentions you backhandedly insult. Remember, people exactly like Ed Morrissey and his ilk were calling everyone warning of Hitler's danger to mankind 'alarmist,' 'conspiracy theorists' and 'paranoid' up until 4:40 am on September 1, 1939 when the Luftwaffe attacked Weilmunster. And before that mess was over, 70 million human beings were dead. The hell that the Obama regime is determined to unleash on the world will make World War II look like a mere bar fight."

JT: AMEN!!! AMEN!!! AMEN!!!

A California resident files a complaint arguing that Rick Santorum's name should not appear on the state's primary ballot as he has not provided evidence that he is a natural born citizen.

JT: The same complaint should be filed regarding Obama and Mitt Romney in every state, all 57 states!!!

Saudi Arabia's Sheikh Abdul Aziz bin Abdullah Al Al-Sheikh, the president of the Supreme Council of Ulema [Islamic scholars] and Chairman of the Standing Committee for Scientific Research and Issuing of Fatwas, calls for the destruction of all churches in the Middle East. Don Fredrick of *The Obama Timeline* opinions: "Obama has no comment and the mainstream media ignores the statement. It can be assumed that if the Pope called for the destruction of all mosques in Italy and Spain there would be an outcry of unimaginable proportions, but no one criticizes one of the most powerful leaders of the Muslim world."

JT: Now for my two cents! All we have to do is to rename mosques as churches, particularly those in the Middle East and in the Western World ... no ... throughout the world, ... and the deal is on! Allah hop! Allah hop! Allah hop!

According to the *New York Post*, CEO of General Electric (GE) Jeffrey Immelt is no longer impressed by Obama. “Friends describe Immelt as privately dismayed that, even after three years on the job, ...Obama hasn’t moved to the center, but instead further left. The GE CEO, I’m told, is appalled by everything from [Obama’s] class-warfare rhetoric to his continued belief that big government is the key to economic salvation. Or, as one friend recently put it to me, ‘Jeff thought he could make a difference [by working with Obama as a member of his Economic Advisory Recovery Board and as head of his Council on Jobs and Competitiveness], and now realizes he couldn’t.’ ...Yet even as Immelt continues to dispense advice to [Obama], friends tell me, he’s privately rooting for Mitt Romney to win the Republican nomination and defeat Obama in the fall. A GE spokesman says simply, ‘Mr. Immelt has not decided to support Gov. Romney.’ OK—but the GE ‘community’ sure has. In 2008, GE execs gave over five times more to Obama than to McCain. This time around, GE executives have raised nearly twice as much for Romney as for Obama, and Romney isn’t even the nominee yet.”

JT: Is Immelt finally throwing Obama under the bus where he belongs?

While Obama’s daughter Malia visits Oaxaca, Mexico an earthquake measuring 7.4 on the Richter scale shakes Mexico City and the border between the states of Oaxaca and Guerrero.

JT: I have to make this jab! Rumor has it that there wasn’t an earthquake. It is reported that Michelle landed with her entourage of ten heavy-duty freight carrier planes at Oaxaca and Guerrero.

Obama sends a video message to the Iranian people in celebration of their new year, Nowruz. He states, “Nowruz is a time when so many Iranian families and loved ones come together in celebration. Moreover, it is a holiday that reminds us of the rich culture of the Iranian people, and the extraordinary contributions that they have made to human

history. Yet even as holidays like this underscore the connections that we share as human beings, the Government of Iran is going to great lengths to isolate the Iranian people by cutting them off from the outside world.”

JT: The mainstream, oops, lamestream media forgot to report the last sentence of Obama's message: And if you desire any personal apologies from me, let me know!

Fox News Channel's Brett Baier asks Obama campaign strategist David Axelrod why the Democrat-controlled Senate has not passed a budget in three years. Axelrod responds, “Well, I think you understand the dynamics in the Senate, Bret, and, uh, you know, there are lots of things that we haven't been able to pass, uh, over the course of the last three years, and a lot of it have [sic] to do with procedural...” [Baier tells Axelrod only 51 votes are needed to pass a budget.] Axelrod answers, “Understand, but, uh, we've got, uh, uh, we've got deep divisions in the Congress, uh, between the House and the Senate, uh, and that's complicated our ability to, uh, uh, to get these things, uh, done. And I... one, one hope is that when we win this election, uh, that there'll be a greater spirit of, uh, cooperation moving forward.”

JT: ??? I think the word showing the most intelligence behind Axelrod is uh!

Rush Limbaugh comments on Obama's intelligence concerning the economics of oil: “And in a space of less than 48 hours, we have had the equivalent of an atheist become the pope on oil and on energy. The Keystone XL Pipeline is the first time in history a ...permit for a cross-border pipeline has ever been denied. And that's why I think it isn't gonna be long before Obama starts bragging about how much pipe he's laid. He'll start comparing himself to other presidents. 'I've laid more pipe than any president except Bill Clinton.' He's gotta throw Clinton in there for credibility. Obama does not control this segment of the pipeline's permitting process. It also says something about the guy's character. He's gonna go out there and take credit for this when people like him would not allow it if they had the chance? Hardworking, private sector Americans have done this to try to overcome the obstacle that he represents and now he's out taking credit for their work?”

JT: Obama would take credit for all of the evil the devil would do if it would place him in the limelight as a genius. 'Obama is a genius ... a genius in ineptness according to his personal motto: **Yes, I con!**

Sandra Fluke extends her Obama-boosted 15 minutes of fame by appearing at a forum on "Opportunities and Challenges for a New Generation of Women." At the event she states, "There should be a litmus test that they [all political candidates] be pro-women so our votes have to include that requirement at least. And it should be a litmus test that applies to male candidates as well." Fluke also remarks, "Numerous American women have actually written to me in the last few weeks saying that I should run for office, and maybe someday I will."

JT: Rumor has it that Sandra Fluke will run for the political office of The Virgin of Saudi Arabia. She will be that country's first converted adventuress, bar girl, bawd, bim, bird, bitch, broad, caliente, call girl, cat, chippy, cocott, concubine, coquette, courtesan, Cyprian, Delilah, demimondaine, doxy, drab, fallen woman, femme fatale, flirt, floozie, harlot, hetaera, hooker, hussy, hustler, Jezebel, kept woman, lady of the evening, loose woman, madam, minx, mistress, moll, Mrs. Warren, fille de joie, painted woman, pander, paramour, procuress, prostitute, quean, seductress, siren, slut, demirep, streetwalker, strumpet, tart, temptress, tramp, trollop, trull, vamp, wanton, wench, white slave, woman of ill repute, woman of the profession, woman of the streets, working girl on campus at the Saudi-Arabia-subsidized Georgetown University. Sandra Fluke could appear for her campaign speeches wearing a condom burqa in black from head to toe.

Michelle Obama travels to New York City for two fundraisers and an appearance on *The David Letterman Show*. At one fundraiser she states, "And let's not forget what it meant when my husband appointed those two brilliant Supreme Court justices, and for the first time in history, our daughters and our sons watched three women take their seats on our nation's highest court."

JT: Rumor has it that three cargo planes provided the transportation. What it meant was that Obama threw the Constitution for the United States of America and the American Republic with its ethics and morals, under the bus, into the Democratic Party swamp, into the lap of America's enemies, etc.

HotAir.com reports that Obama raised \$45 million in February.

JT: Rumor has it that the money will be used to buy XXL hamburgers for Michelle. They will be served on golden plates (Pun intended!) studded with diamonds, which will be thrown away after Michelle consumes the XXL hamburgers. The reason is that no subject is allowed to touch what quean – you read it correctly – Michelle touches!

In lower Manhattan, members of the Obama-endorsed Occupy Wall Street movement dump containers of human excrement and urine down a stairwell at a public plaza and in a bank's ATM vestibule.

JT: Can this be true? The Occupy Wall Street Movement dumped Obama and his minions "down a stairwell at a public plaza and in a bank's ATM vestibule" in lower Manhattan?

Obama selects Jim Yong Kim, president of Dartmouth College, to head the World Bank.

J: I'm angry! I don't know who Jim Yong Kim is and what he has done monetarily. I wanted the position. I know how to handle other people's money and I have never been in debt. At the same time, had I been chosen, I would have refused the position because I could never serve under an illegal president. Evidently, Jim Yong Kim has no scruples! Yup! He definitely belongs with the Chicago cesspool of thieves.

Breitbart.com uncovers a December 28, 1995 interview with Obama published in the *Hyde Park Citizen*. Obama states, "In an environment of scarcity, where the cost of living is rising, folks begin to get angry and bitter and look for scapegoats. Historically, instead of looking at the top 5% of this country that controls all the wealth, we turn towards each other, and the Republicans have added to the fire. ...It's about power. My travels made me sensitive to the plight of those without power and the issues of class and inequalities as it relates to wealth and power. Anytime you have been overseas in these so-called third world countries, one thing you see is the vast disparity of wealth of those who are part of power structure and those outside of it."

Don Fredrick at The Obama Timeline comments, and he is correct in his judgement, that "The cost of living generally does not rise because of scarcity; it rises because the government continues to inflate the money supply in order to finance deficit spending. Obama cannot comprehend that. Instead, he believes the economic pie is a fixed size, and that if person X has more than person Y it can only be because person X cheated person Y. It does not occur to Obama, who spent his entire life being indoctrinated with Marxist doctrine, that the pie can grow and that one person might be entitled to the larger piece which he created."

JT: Now for my two cents. Obama does not understand the pie of economics because he has always stolen his piece of pie from another piece and blamed the stealing on someone else. Just like Karl Marx!!! He stole economic pieces of pie from the proletariat workers, from the capitalists, from the bourgeoisie and made them all slaves of the administration of things!

The Obama administration announces a \$12 million program to help ex-convicts find jobs.

JT: Could it be that Obama is providing for his own employment when he is released from prison after serving time for at least the 32 felonies that he has committed? No, that can't be. He would be over three hundred years old. I have a better idea. Give Obama to Vladimir Putin and have Putin send him off to a solitary GULAG in Siberia.

Attorney Dr. Orly Taitz, GOP candidate for the U.S. Senate in the upcoming California primaries, issues a press release: "Dr. Orly Taitz ESQ, attorney leading the legal charges against Barack Obama, provided Debbie Wasserman-Schultz, Chairwoman of the Democratic National Committee, with a notice of evidence of elections fraud, use of a computer generated forgery instead of a valid birth certificate, use of a stolen Social Security number and a name that is not legally his by a candidate in 2012 election Barack Hussein Obama. Pleadings and exhibits from Farrar v Obama trial in GA, as well as confirmation from [Maricopa County, Arizona] sheriff [Joe] Arpaio was forwarded to Ms. Wasserman-Schultz. Ms. Wasserman-Schultz was advised that if the DNC knowingly certifies candidate Obama as a presidential candidate in 2012 general election, DNC and Ms. Schultz personally will be held accountable and will be included as additional defendants in a RICO (Racketeering Influenced corrupt Organizations)

legal action, as well as legal action for complicity to elections fraud, forgery, wire fraud, Social Security fraud and treason against the United States of America.”

JT: I don't think that Debbie Wasserman-Schultz is intelligent enough to understand the situation. As a matter of fact, I don't think she can read the notice from Dr. Orly Taitz because of lack of light. She is so far into Obama that she cannot see daylight.
