JUST THINKING

Number 14

DailyCaller.com reports, "According to the Harvard Law School course catalog, professor Charles Ogletree will be teaching a reading group called 'Understanding Obama' for one classroom credit during the 2013 spring term." The catalog states, "This reading group will focus on the way in which race, religion, and politics have impacted the development of ...Obama as a leader. We will explore his views as a biracial child, his time as a student at Harvard Law School, the successes and failures of his political campaigns, and the way religion and his views on faith nearly derailed his campaign. Finally, time will be spent analyzing the challenges he faces ...in establishing both his domestic and global policies."

JT: Professor Charles Ogletree's themes are missing the point. He and his students should aspire to the Harvard motto: VERITAS! Therefore the themes should be:

1. Explaining the illegality of Obama.
2. How Obama uses race to divide America.
3. How Obama's claim to be Christian is nothing more than al taqiyya (deception) of a Muslim.
4. How the smut, dirt, and cesspool of Chicago Socialist-Communist-Democratic Party have impacted Obama as a non-leader and contributed to the downfall of the Republic of the United States of America.
5. Exploration of his communist views as a biracial child born in Kenya.
6. An examination of his days at Harvard Law School and who did the work for him.
7. How he mugged (had other do it for him) and thugged his way into politics.

8. The reason he care less about his faith, as long as it helps to derail his opponent's campaign.
9. Obama's position on abortion as murder.
10. The challenges Obama faces with his narcissistic self in the framework of his saving America by changing it to the worst.
11. The challenges Obama faces with his narcissistic self in the field of global policies where the playing field has participants that know Austrian is not a language and that the United States of America doesn't have 57 states.
12. Obama's idiocy that the Islamic Brotherhood is a peaceful organization of bearded men who just like to read the Koran, but don't understand it!
13. Etc., etc., etc., *ad infinitum!*

Between you and me, I don't think Ogletree has the intellectual capability to handle the true matters concerning Obama. Not only that, Ogletree is racially prejudiced. For him everything goes as long as it helps to destroy America. Charles Ogletree or Jeremiah Wright, or Barack Hussein Obama – there is no difference!

WND.com reports that a federal appeals court refused a lawsuit by airline pilots and passengers charging that their privacy rights were violated by pat-downs and body scans.

JT: One solution to avoid pat-downs and body scans is to say that you have converted to Islam! Another solution is to claim that your religion is nudism and strip! Another solution is to boycott all flights!

On Rick Santorum's withdrawal from the GOP race.

JT: Evidently, the Republican Establishment likes losing presidential elections! I *hope* I'm wrong! Washington needs *change!*

CNSNews.com reports that Obama's State Department has "...failed to comply with the deadline imposed by the Foreign Assistance Act of 1961 that requires it to submit to Congress by Feb. 25 each year reports on the human rights conditions in countries around the world."

JT: As long as there are dictatorships and totalitarian systems like Islam, and an illegal occupier of the Oval Office, human rights are not important conditions.

In a poll conducted by Roanoke College, Mitt Romney leads Obama 46–40 percent in Virginia, a state Obama won by 6 points and which he cannot afford to lose in 2012.

JT: Don't worry obots! Obama has enough illegal votes in a storeroom owned and operated by the Democratic Party and the Democratic National Committee. These boxes of dead people's votes, cartoon characters' votes, and multiple votes will more than make up the difference!

In Florida, George Zimmerman is charged with second degree murder in the killing of Trayvon Martin. FoxNews.com reports, "Special prosecutor Angela Corey says that the 28-year-old Zimmerman is in custody, but wouldn't say where for his safety. She said that he will be in court within 24 hours. ...A second-degree murder charge in Florida carries a maximum sentence of life in prison. It is typically charged when there is a fight or other confrontation that results in death and where there is no premeditated plan to kill someone."

JT: It appears that racism has charged George Zimmerman because he defended himself!

At the National Action Network's 14th annual convention, Attorney General Eric Holder says, "I know that many of you are greatly and rightly concerned about the recent shooting death of 17-year-old Trayvon Martin, a young man whose future has been lost to the ages [sic]. As most of you know, three weeks ago the Department of Justice launched an investigation into this incident, which remains open at this time and prevents me from talking in detail about this matter. ...

Although I cannot share where current efforts will lead us from here, I can assure you that, in this investigation—and in all cases—we will examine the facts and the law. We will take appropriate action. And, at every step, the facts and the law will guide us forward. ...However, in recent weeks Justice Department officials, including assistant attorney general for the civil rights division, Tom Perez, have traveled to Sanford, Florida, to meet with the Martin family, the community, and local authorities. The Justice Department's peacemakers are continuing to meet with civil rights leaders, law enforcement officers, and area residents to address and to help alleviate community tensions."

JT: I think Trayvon Martin lost his future by being connected with marijuana. The <http://www.kansascity.com/2012/03/22/3507783/trayvons-parents-paint-portrait.html> wrote,

"Still, Trayvon had nonviolent behavioral issues in school, and on the day he was killed, he had been suspended for 10 days from Dr. Michael M. Krop Senior High School in North Miami-Dade. He was not suspended for something dealing with violence or anything like that. It wasn't a crime he committed, but he was in an unauthorized area [on school property]." Before (attending Senior High School in North Miami-Dade), Trayvon (Martin) attended Miami Carol City High School near his mother's home in Miami Gardens."

However, the article has been scrubbed. I get this result: <http://newssy.net/404.php>.

Moreover, Mr. Holder, if you want to "find evidence of a ~~potential~~ federal criminal civil rights crime, then look in the mirror! There is the culprit!

FoxNews.com reports, "The House Transportation and Infrastructure Committee said Wednesday that five employees associated with the recently scandal-plagued Government Services Administration went to Hawaii for up to a week in 2011 to attend an hour-long groundbreaking on space leased by the federal government for the FBI."

JT: They really break ground slowly in Hawaii. One hour is a week. Well, Hawaii is consistent! The Hawaiian officials have done it in the past and they are doing the same with the truth about Obama! Up to now, no ground has been broken! – in four-plus years!

Obama says, "That wild-eyed socialist, tax-hiking class warrior was Ronald Reagan."

JT: Be careful narcissists and obots! See what happens when you stick your head so far into yourselves! Your reality is distorted!

The United States, Japan, Britain and others say the launch would constitute a provocation and would violate U.N. Security Council resolutions banning North Korea from developing its nuclear and missile programs. Experts say the Unha-3 carrier is similar to the type of rocket that could be used to fire a missile mounted with a nuclear warhead to strike the U.S. or other targets." Secretary of State Hillary Clinton says the United States will take "appropriate action" at the United Nations Security Council.

JT: The U.N. is going to be upset that North Korea "would violate U.N. Security Council resolutions banning North Korea from developing its nuclear and missile programs? Really? Who at the U.N. cares? It is more important that the U.N.

passes a resolution banning criticism of Islam. Hillary Clinton will "Take appropriate action"?

O hum! O hum! O hum!

In Mario Apuzzo's case in New Jersey challenging the appearance of Obama's name on the New Jersey ballot, Judge Masin told Mr. Apuzzo, "As far as I'm concerned, Obama was born in Hawaii."

JT: Judge Masin has made an original statement par excellence! The translation is: This makes Obama a natural born citizen! More important, the Obama camp got to Judge Masin with the question: How is the health of your family? You just don't mess around with a Chicago thug!

I have developed a theory as to why no politician wants to comment on Obama's eligibility. I think that they have received HOW'S YOUR FAMILY'S HEALTH? It's an important question of concern from the Obama camp! Just another aspect of Obama Care!!!

Obama's Secretary of Labor, socialist Hilda Solis, says ... people "aren't paying their taxes, those that [sic] can afford it, the billionaires, the millionaires, even the folks as you heard yesterday were in the White House that [sic] agreed to pay more. They want to pay more 'cause they know it's their obligation, because that's what we stand by, those principles. That's very, very important for us to understand what [Obama] is fighting for, for fairness."

JT: I'm all for it. For every dollar I earn, I want to pay five dollars in taxes! Yup! I'm pro socialism. Once sopsolism takes everything from me, sopsolism won't give me anything back! Oops! I meant slopsolism!

T. Boone Pickens says, "Obama needs to go in, study it, look at it, and decide what an energy plan is, and then go forward with it.

JT: Obama does this every time he goes golfing. He's really fired up with energy!

Michelle Obama, in commenting on Hilary Rosen's attack on Ann Romney, tweets, "Every mother works hard. Every woman deserves to be respected."

JT: Every mother except Michelle works hard. She never really worked a complete day in her life. As for raising her daughters? Their grandmother mother raised them when Barry and Michelle were out somewhere living off others. They have done it all of their lives. Real mothers deserve respect. Real mothers Michelle! not those who love lobster, jewels, hate America, and gouge down XXXL hamburgers while the taxpayers foot Mouth's bill!

Larry Connors of KMOV in St. Louis asks Obama, "The economy is a big issue and concern for folks. I mean, the unemployment, trying to make ends meet, gas prices, food prices going up. Some of our viewers are complaining, they get frustrated, even angered, when they see the first family jetting around, different vacations and so forth, sometimes maybe they think under color of state business and that you're out of touch, that you don't really know what they're experiencing right now." Obama responds, "Well, I don't... I don't... I don't know, uh, how many viewers you're... you're talkin' about that say that, but, uh..." Connors: "We do hear from some." Obama: "Well, I, uh, yeah, I hear from all kinds of viewers about, uh, about everything." Connors: "I'm sure you do." Obama: "But, uh, the fact of the matter is, I think if you look at my track record, uh, I'm raising a family here, uh, when we travel, we gotta travel through Secret Service, and Air Force One. That's not, uh, that's not my choice, uh. I think most folks understand, uh, how hard I work and... and how hard this administration's workin' on behalf of the American people."

JT: Reading between the Obama uh lines we understand! Who uh, yeah, allowed you uh, yeah, to be uh, yeah, in my presence uh, yeah uh? I don't uh, yeah, uh care what you uh, yeah, uh ask or think. I and my wife uh, yeah, uh gotta travel an play golf uh, yeah, uh ya know. Uh, yeah, uh we uh, ya know me an ma wife, uh, er could care less uh, yeah, uh, er about what the er, uh, yeah, uh American voter uh, er, uh, yeah, uh thinks as long as uh, er, uh, er, yeah, uh, er they vote for me. We yeah, er, uh, er, yeah, uh, er are er, uh, er, yeah, uh, er the er, uh, er, yeah, uh, er King er, uh, er, yeah, uh, er and er, uh, er, yeah, uh, er the er, uh, er, yeah, uh, er Quean.

You don't criticize us! Udderwise ... you shud look out for ya family's health! Ya know! It's all about er, um, uh, yeah, er, ObamaCare – care about Obama!

This was the last interview Larry Connors will have with Obama!

North Korea's launch of what it claimed was a weather satellite ends in failure as the rocket apparently did not reach the upper atmosphere, let alone orbit.

JT: It must have been a North Korean Trident rocket.

(<http://www.idlewords.com/images/shuttle/trident-2.jpg>)

The Investigative Project on Terrorism reports, “The State Department broke with normal procedures last week when it ordered the U.S. Customs and Border Protection (CBP) not to conduct a secondary inspection on members of the Egyptian Muslim Brotherhood’s Freedom and Justice Party (FJP) on their way to visit government officials and think tanks in the United States. This happened despite the fact that one member of the delegation had been implicated—though not charged—in a U.S. child pornography investigation, the Investigative Project on Terrorism (IPT) has learned. According to senior enforcement sources and documents reviewed by

the IPT, investigators had information tying Abdul Mawgoud Dardery to the pornography investigation that was based in Pennsylvania.

JT: Rumors have it (JT rumors are always interesting!) that the Muslim Brotherhood has a youth organization called *The Muslim Bacchá and Bacha Posh* à la Afghanistan. (<http://topdocumentaryfilms.com/the-dancing-boys-of-afghanistan/>; <http://www.bbc.co.uk/news/magazine-15262680>) (Google *Bacha Posh* pictures and go google!). Evidently, such youth-centered organizations are ordained by Mohammed and Allah, wherever they are!

Republican strategist Mary Matalin says, "Let's do a little exercise in decoding Obama-world: Have you ever seen them horsewhip a blundering man with the ferocity they laid into Rosen? A bit of irony in the War on Women world, no? ...The character of a campaign flows from the top; it is a reflection of the values of the leadership. While relentlessly extolling how caring and fair it is about every last citizen, when it came to its own foxhole sister, the Obama team showed its true character."

JT: Attention! Attention! Attention! All obots, and super obots like Michelle, Debbie Wasserman-Schulz, Hilary Rosen, Nancy Pelosi, the lamestream media, and their like! You are herewith warned that every insult you throw at any woman, particularly Mrs. Romney, and any insult the Obama team throws at Mitt Romney and any opponent will have the following effect: You will be undressing your character and you will not cut a very good figure. You are practically naked now and you are not cutting good figures. You haven't been cutting good figures for the past four-plus years. Are you masochists?

At HumanEvents.com Neil W. McCabe reports that information contained in Katie Pavlich's new book, *Fast and Furious*, indicates that Secretary of Homeland Security Janet Napolitano lied to Congressional committees when she stated, under oath,

that she knew nothing about Operation Fast and Furious until after Border Agent Brian Terry was killed with a weapon from the ill-advised scheme on December 14, 2010, and that she had never discussed the program with Attorney General Eric Holder. McCabe writes, “Pavlich makes a strong case that when people are finally charged with crimes, Napolitano will have to answer for her perjury to Congress. ‘Let me tell you something about Janet,’ [one] source said to the author. ‘Janet will be lucky not to go to prison.’”

JT: Are there prisons for Butches?

Labor Secretary Hilda Solis piles on Mitt Romney and his wife Ann, telling DailyCaller.com, “Michelle Obama is a fine example of what the women are in our society. Those working moms that have had to work so hard now, stretch their dollars, and may not even be able to move up in the workplace if their wages haven’t kept up. That’s what we’re fighting for... so they can put money away to save. Many women aren’t able to do that and that may not be the case with the nominee—the potential nominee for the Republican Party’s spouse—but I’m just telling you that that’s what I’m hearing day in and day out.”

JT: Evidently Labor Secretary Hilda Solis is deaf in both ears and she can't read lips!

Notice to the Reader. With JUST THINKING Number 14 I have changed the visual format by discontinuing color highlighting. The red highlighting could cause reading difficulties for some people. I have decided to place **JT** in bold font and underline it. This is enough indication that interesting comments and thoughts follow.
