JUST THINKING

Number 22

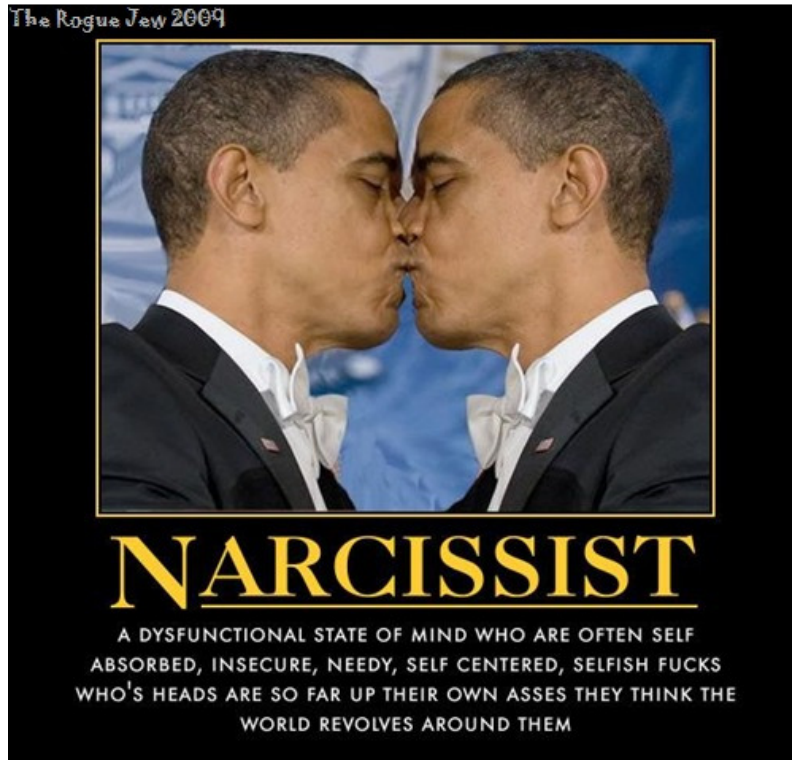

George W. Bush's presidential portrait now hangs in the White House. Here it is:

JT: Just Thinking has been fortunate to obtain a sneak preview of the portrait of Barack Hussein Obama. The painter, whose alias is The Rogue Jew, requests that his real name be withheld. He adds a caption that explains why the portrait will mirror the person and character of Barack Hussein Obama. Here is what the portrait will look like as provided to Just Thinking by <http://pumabydesign001.com/2012/04/27/election-2012-barack-obama-the-malignant-narcissist/>.

Concerning partly "solving" the immigration issue per executive order, Obama said in March 2011 "...for me to simply, through executive order, ignore [existing immigration laws] would not conform with my appropriate role..."

JT: What a hypocrite! Ignoring the laws of the *Constitution* does conform with his role? Barack Hussein Obama is the first occupant of the Oval Office to describe the position he has as a role. He must have been thinking about his body servant. According to the Urban Dictionary, a role is the "position an actor (Obama surely is an actor!) fills in the hierarchy of top/bottom during sexual intercourse."

On June 14, 2012, Obama gave a speech in Cleveland, Ohio!

JT: What did he say? Almost an hour of nothings. Well ... he really said, "Yes we con!" "Yes we con!" "Yes, we con!" This is the only truth that comes out of him!

Blogger Doug Ross, noting Obama's penchant for issuing executive orders and rule changes in defiance of Congress, the U.S. Constitution, and the rule of law, writes that others can play that game and lists things a President Romney could do via executive fiat. (<http://directorblue.blogspot.com.br/2012/06/top-10-things-president-romney-can-do.html>)

JT: One item Doug Ross forgets to list – it is a very important item – is eliminate Barack Hussein Obama from active politics forever!

The DHS (Department of Homeland Security) insider talking to the Canadian FreePress thinks that it is possible that "a back-up plan might be in the works. Remember, this is just rumor, just talk, but it makes sense. Something that would cause deep sympathy for Obama and even the First Family—a false flag operation where Obama or his family would not be in any actual danger, but it would appear that way. ... Something that will change the hearts and minds of as many people as possible, perhaps convincing them that there is a danger Just the thought of such a thing is chilling. ...The bigger the lie, the more people will believe it."

JT: This is not fantasy. Neither is my feeling that Barry and Michelle would be in danger fantasy. As far as I'm concerned, they can be in danger the remainder of their lives, with or without the Secret Service. Oh! They need the Secret Service, at least Michelle does. She would feel so much safer close to her Secret Service body servant.

At Breitbart.com Mike Flynn reports that, "... Obama is in trouble in PA. And, if he is in trouble there, he is well on his way to being a one-term President."

JT: "I have authorized my fellow-criminals to make sure that the ballot boxes are rigged in my favor for my November Dictatorial Election. This is Barack Hussein Obama and I approve this message."

Don Fredrick in the June report of The Obama Timeline notes, "Obama's rule change also puts more young Americans out of work. By granting green cards and work permits

to 800,000 illegal immigrants under age 30, Obama has increased competition for jobs. Every job obtained by one of those foreigners is a job not given to an American. According to the Bureau of Labor Statistics, the unemployment rate of foreign-born workers is actually lower than that of native-born workers. Obama's policy change will be especially tough on young blacks, who are often low-skilled and unskilled and who will lose jobs to illegal immigrants."

JT: Don Fredrick is correct. I have a related question: Has Barack Hussein Obama got a green card? Did he ever have one?

The net worth of the average American dropped 40% under Obama: epicfail!

John Ransom, finance editor of Townhall.com, provides nine reasons the voters do not trust Obama on economic issues.

Number 9 is:

Obama lied about _____ {fill in the blank and then report it to AttackWatch.com}.”

JT: My fill-in-the-blank answer is EVERYTHING

Barack Hussein Obama was a constitutional lawyer.

JT: No he wasn't! He was an anti-American *Constitution* lawyer. As a matter of fact, he was and is anti-everything that is American!

This will make your day. It has made mine.

At <http://www.uglyhedgehog.com/t-43044-1.html> we read,

Dear Friends:

There are less than 7 months until election day when the people will decide who will be the next President of the United States. The person elected will be the president of all Americans, not just the Democrats or the Republicans. It's time that we all need to come together, Democrats and Republicans alike, in a bi-partisan effort for America:

If you support Mitt Romney, please drive with your headlights ON during the day.

If you support Barack Obama, please drive with your headlights OFF at night.

Together, we can make it happen. Thank you!

JT: YES WE CAN

As the G20 economic summit Obama says, "Even if they (Europe) cannot achieve all of it in one fell swoop, I think if people have a sense of where they are going that can provide confidence and break the fever. ...The best thing the United States can do is to create jobs and growth in the short term even as we continue to put our fiscal house in order over the long term. ...All of these issues, economic issues, will potentially have some impact on the election. ...I've consistently believed that if we take the right policy steps, if we're doing the right thing, then the politics will follow and my mind hasn't

changed on that." According to Investors.com, during the group photo session Obama "was into his cool casual mode" and "chewed gum the entire time."

JT: The concluding sentence was. "So, now I have a tremendous amount of work to do." Then he said to an aide: "Where's the next golf course?"

Congresswoman Nancy Pelosi (D-CA) charges, "They're going after Eric Holder because he is supporting measures to overturn these voter suppression initiatives in the states. This is no accident, it is no coincidence. It is a plan on the part of Republicans. These very same people who are holding him in contempt are part of a nationwide scheme to suppress the vote. It is connected. It's clear as can be. It's not only to monopolize his time, it's to undermine his name. These folks want a plutocracy where instead of the choice of the many the checks of the very, very few determine the outcomes of elections."

JT: Nancy Pelosi's statements are proof that botox sentences don't make sense!

White House press secretary Jay Carney tells reporters, "The problem of gun walking was a field-driven tactic that dated back to the previous administration, and it was this administration's attorney general who ended it. In fact, the Justice Department has spent the past 14 months accommodating congressional investigators, including producing 7,600 pages of documents and testifying at 11 congressional hearings. Yet, Republicans insist on moving forward with an effort that Republicans and objective legal experts have noted is purely political. Given the economic challenges facing the country, we believe House Republicans should instead be engaged in efforts to create jobs and grow the economy rather than political theater."

JT: I didn't know that Jay Carney speaks botox! Did he learn it from Nancy Pelosi? Or from Obama? Or from Michelle?

This is exceedingly important news from the Huffington Post. They are so upright and truth oriented. "Last Thursday, a skunk walked into the Jimmy Buffett-inspired Cheeseburger in Paradise, a restaurant near the Patuxent River Naval Air Station in southern Maryland, and bit a woman on the foot."
http://www.huffingtonpost.com/2012/06/19/rabid-skunk-jimmy-buffett_n_1609050.html.

JT: My gawd! When Michelle is hungry she's hungry! I didn't know Michelle was rabid, either!

Shortly after announcing his new immigration policy that violates practically all US immigration laws, the Obama campaign says, "Thanks to [Obama], this nation's immigration policy just became more fair and more just. Effective immediately, the Department of Homeland Security is taking steps to ensure that young, undocumented immigrants who were brought here as children by their parents, and who have followed the law since then, will be able to request temporary relief from deportation proceedings—and will be allowed to apply for authorization to work in this country."

JT: This needs a little clarification. Obama will go out of his way to "ensure that young, undocumented immigrants who were brought here as children by their parents, and who have followed the law since then, will be able to request temporary relief from deportation proceedings—and will be allowed to apply for authorization to work in this country" while at the same time he is ready to abort all unborn children he can get his *immoral hands* on! Wash your hands clean, Obama! One day you will rank with Hitler, Stalin, Mao, the Kim Jong Ills as the world's most evil persons. In some ways Satan is not as evil as you are!

At RightTruth we read:

FIFTY YEAR OLD MANURE SPREADER FOR SALE (or give away) - \$1 (WASHINGTON , D.C.) http://righttruth.typepad.com/right_truth/2012/06/fifty-year-old-manure-spreader-1-washington-dc.html.

Fifty-year old manure spreader. Not sure of brand. Said to have been produced in Kenya . Used for a few years in Indonesia before being smuggled into the US via Hawaii .

Of questionable pedigree. Does not appear to have ever been worked hard. Apparently it was pampered by various owners over the years. It doesn't work very often, but when it does it can really sling the s--- for amazing distances. I am hoping to retire the manure spreader this November.

I really don't want it hanging around getting in the way. I would prefer a foreign buyer to relocate the manure spreader out of the country. I would be willing to trade it for a nicely framed copy of the United States Constitution.

Location: Currently being stored in a big white house in Washington , D.C. -- (via Craig's List, hat tip [R.J. Godlewski](#))

JT: A Democratic Party Insider has told Just Thinking that the American Democratic Party owns many manure spreaders. More than the American citizens realize!

At <http://screwpuppy.blogspot.de/2012/06/commodities-are-not-rights.html> we read: "Bill Whittle is an awesome commentarian/pundit. The latest Firewall is one of the clearest explanations of why health care cannot and should not be a right. To distill his commentary down to a sentence : a right does not cost money to exercise, it is an expression of the human experience, but can be oppressed diminishing the human experience. Once you understand this, you realize Obama care infringes on the rights of health care providers. Is it okay to infringe on the rights of the few so that they service the many?"

JT: You can't top this argument. But some idiot progressive, probably a judge, will try!

Katie Pavlich, author of *Fast and Furious: Barack Obama's Bloodiest Scandal and the Shameless Cover-Up*, asks at Townhall.com "If [Operation fast and Furious] was [as described by Jay Carney] a low level 'field operation,' why is executive privilege necessary?" and "Operation Fast and Furious ended in December 2010, so because Eric Holder didn't know about the program until May 2011, how did he 'end it?'"

JT: Me thinks the answer is simple: déjà-vu before déjà-vu. Eric Holder saw Fast and Furious (Project Gunrunner) coming before it was conceived and then he saw the crimes committed by Fast and Furious (Project Gunrunner) before they were committed, thus knowing that he would be responsible and so he fully cooperated with the congressional investigative committee by telling them that he wasn't involved and that Obama wasn't involved and he showed the committee all of the documents pertaining to the operation Fast and Furious. This fact is guaranteed by invoking Executive Privilege to prove that Executive Privilege isn't necessary. That there is a video proof that Project Gunrunner

existed in 2009 and that Holder made reference to it in a speech in Cuernavaca, Mexico in 2009 is only proof that Project Gunrunner never existed!

Obama hosts a “gay pride” reception at the White House. According to WeeklyStandard.com, at least two of the gay guests, Matthew “Matty” Hart and Zoe Strauss, are photographed “giving the finger” to a portrait of Ronald Reagan. “Hart posted his photo on Facebook with the caption, ‘Fuck Reagan.’ Strauss simply posted hers without commentary.” Hart comments, “Yeah, fuck Reagan. Ronald Reagan has blood on his hands. The man was in the White House as AIDS exploded, and he was happy to see plenty of gay men and queer people die. He was a murderous fool, and I have no problem saying so. Don’t invite me back. I don’t care.”

JT: Don Fredrick of The Obama Timeline says, Hart apparently believes that Reagan’s mere presence in the White House caused the AIDS epidemic, rather than the sexual and drug activities of individuals. Reagan also happened to be in the White House in 1985 when a Mexico City earthquake killed thousands of people. Perhaps Hart also believes Reagan caused those deaths.)

P.S. I was riding a bicycle one day when Reagan was President. I had a small accident and scratched my knee! It was Reagan’s fault! I think that Matthew “Matty” Hart and Zoe Strauss are prime examples of how dumbed-down many Americans are!

See for yourself:

I'm thinking: "Forgive them for they know not what they do!" Sound familiar? Yes, I'm a Christian. The statement goes for many situations and people. Okay, these are only two examples: If you don't think that they are dumb and if you don't know what intelligence is or you think that progressive education has all of the best education, then take this 8th grade final examination:

The following document was transcribed from the original document in the collection of the Smoky Valley Genealogy Society, Salina, Kansas. This test is the original eighth-grade final exam for 1895 from Salina, KS. An interesting note is the fact that the county students taking this test were allowed to take the test in the 7th grade, and if they did not pass the test at that time, they were allowed to re-take it again in the 8th grade.

The White House announces that Michelle Obama will spend seven days in London “representing the United States” during the Olympic Games.

JT: Rumor has it that she will be incognito and be disguised as a blimp.

FoxNews.com reports that the Environmental Protection Agency (EPA) is penalizing oil refineries with fines for not using at least 500 million gallons of cellulosic ethanol per year in its fuel blends—even though cellulosic ethanol *does not yet exist*.

JT: What do you mean it doesn't exist? If Barack Hussein Obama, the One, says it exists, then it exists, the fines prove it, and Michelle's spending sprees, which is where the money goes that is collected from the fines. It's her pocket money! The big tabs are paid for by the American serfs.

This deserves to be quoted in full: Newsmax.com reports, “Prominent Republicans have attacked the Obama administration for its ‘insufficient’ response to the Nigerian [Muslim] terrorist organization Boko Haram that has targeted Christians and killed more than 1,000 people. ‘The Department of State refuses to explain its rationale for not designating Boko Haram an FTO [Foreign Terrorist Organization], which puts American lives at risk,’ said Rep. Peter King (R-NY), chairman of the Homeland Security Committee, and Rep. Patrick Meehan (R-PA), chairman of the committee’s counterterrorism and intelligence subcommittee. The campaign by Boko Haram—whose name means ‘Western education is sacrilege’—to promote Islamic law has increasingly taken the form of an anti-Christian jihad. On Sunday, June 17, Boko Haram terrorists killed more than a dozen people and wounded scores more in suicide bombings at three churches in northern Nigeria.” Boko Haram leaders are attempting to recruit 300 suicide bombers to kill Christians and make the month “the bloodiest June ever.”

JT: Barack Hussein Obama, the number one Muslim in the USA, says that the killings committed by Boko Haram are only a misunderstanding.

JT: Which one is the snake?

Answer: Both of them.

Speaking for Barack Hussein Obama, the White House press secretary says, Jay Carney: "The United States congratulates Dr. Mohamed Morsi on his victory in Egypt's

Presidential election, and we congratulate the Egyptian people for this milestone in their transition to democracy. We look forward to working together with President-elect Morsi and the government he forms, on the basis of mutual respect, to advance the many shared interests between Egypt and the United States. ...We believe in the importance of the new Egyptian government upholding universal values, and respecting the rights of all Egyptian citizens—including women and religious minorities such as Coptic Christians. ...[T]he new Egyptian government has both the legitimacy and responsibility of representing a diverse and courageous citizenry.”

JT: It sounds like Satan is congratulating Satan!

Concerning Obama's foreign policy stance on Egypt, Pamela Geller of AtlasShrugs.com says that the present situation is the result of “the rancid fruits of Obama’s foreign policy and support of the Muslim Brotherhood in Egypt. Nothing happens for decades, and decades happen in a day. The catastrophic consequences of Obama’s dangerous, anti-freedom foreign policy will be unimaginable. The world will be unrecognizable in five years. The era of the savage.”

JT: Saying that the Muslim Brotherhood and their allies are savages is being kind.

A We Ask America poll shows Mitt Romney with a 48–43 percent lead over Obama in Virginia. (Obama won Virginia 52–46 in 2008.) Obama leads Romney 46–43 in Colorado. (Obama won that state by 8 points in 2008.) A Public Policy Polling survey shows Obama’s lead in Ohio falling to 47–44. (In 2008 Obama won Ohio 51–47.)

JT: "I have authorized my fellow-criminals to make sure that the ballot boxes are rigged in my favor for my November Dictatorial Election. They will show that I won 60% of the vote! I am Barack Hussein Obama and I approve this message."

Billionaire George Soros, who was an early promoter and financier of Obama, calls on the fiscally-responsible Germany to bail out Europe’s fiscally-irresponsible nations or risk being blame for their collapse. A failure to do so, says Soros, “...may serve Germany’s narrow self-interest but it will create a very different Europe from the open society that fired people’s imaginations. It will make Germany the centre of an empire and put the ‘periphery’ into a permanently subordinated position.” Don Fredrick of the Obama Timeline notes in his June 2012 report, "In other words, Germany should lend money it

does not have so that Greece, Italy, Spain, and Portugal can continue to spend beyond their means."

JT: We can add Ireland, Cyprus, which is intricately tied to Greek banks, and maybe the new socialist France under its new President Françoise-*donnez-moi-votre-argent*-Holland to the list! The situation will then be similar to what Don Fredrick says: Germany should bail out Greece, Cyprus, Italy, Spain, Portugal, Ireland, and France with money it does not have so that these socialist and socialist-oriented governments can keep on spending money that they don't have. Enter Russia and China with WE'VE GOT A DEAL FOR YOU! We will pay your debts and you will become state-controlled-fascist-communist dictatorships, secede from NATO and join our partnerships for a free world according to our dictates.

I think that George Soros should bail them out since he was at the controls of making money when they were going bankrupt in the first place.

The Obama re-election campaign says that new voter ID laws across the country, "impede the right to vote." "The Republican Party and their allies have mapped out their vote suppression." according to former White House advisor Robert Bauer.

JT: That's how ~~progressives think~~ progressive brain cells vegetate.

The logic is interesting. If requiring that a voter produce an ID when s/he votes is impeding the right to vote and voter suppression then, requiring an ID

- for a driving license is impeding the right to drive and driver suppression.
- for entry into an adult club is impeding the right to enter a club and club entering suppression.
- for getting a job is impeding the right to get a job and job applicant suppression.
- for enrolling at a university is impeding the right to enroll at a university and future student suppression.
- for the purchase of alcohol is impeding the right to purchase alcohol and alcohol buyer suppression.
- is impeding the right to ... and ... suppression etc. ad infinitum!

Senator John Kerry (D-MA) says the United States "should embrace the election outcome even if the Muslim Brotherhood's past positions are a cause for concern."

JT: This is conclusive proof that John Kerry is an idiot!

June 26, Atlanta Georgia. Obama says, "This campaign will have its ups and it will have its downs. Uh, but, I, I'd remind you of what I said in 2008. I'm not a perfect man, and I'll never be a perfect president, but I told ya I'd, I'd always, always tell ya what I thought, I'd always tell ya what I believed, and most importantly I told ya I'd wake up every single day and fight as hard as I knew how for you. For I'd fight as hard as I knew how... for all those folks who were doing the right thing out there... all those people who kept the faith with this country... and you know what? I've kept that promise. I have kept that promise. I believe in you. I hope you still believe in me. I hope you're ready to stand... I hope you're ready to fight... I hope you're ready to go out there and knock on some doors... and make some phone calls... talk to your friends... and talk to your neighbors and get 'em to the polls... and if you do we will finish what we started in 2008. And we will rebuild this economy... and rebuild our middle class and we will remind the world just why it is that we are the greatest nation on earth."

JT: The translation is this: I don't give a dam about you people. I'm gonna lie to you as much and as often as I cen. Yes, I can! Al of you can kiss my a__! Or Michelle's. I'm gonna play golf and go down in history as the golf president. You can all go to hell, where I come from!

In *The New York Times*, David Brooks writes, "To have good leaders you have to have good followers—able to recognize just authority, admire it, be grateful for it and emulate it."

JT: That' correct. Americans are not good followers. That is why they are independent. Why would Americans in their right minds want to be like Obama lemmings and go over the Obama cliff?

I think I goofed: I need to be more sensitive. I met the Muslim lady and I told her she had three beautiful kids. I guess I was really out of line..... two of them ARE a bit chubby.
