JT: A secret source has told JT that Nancy Pelosi sat for this picture over one hundred and fifty years ago. She hasn't changed a bit!

From <http://www.campaignforliberty.com/blog.php?view=35122> we read, "... dentistry is still a remarkably autonomous profession, and is still relatively free of cancerous government interference, but the threat of a government take-over is looming. Dentistry and medicine are intimately related, so one can only assume that the dental profession is susceptible to the same problems that plague the medical profession. The backbone of medicine is the doctor-patient relationship. It is essential for the delivery of high-quality health care in the diagnosis and treatment of disease. The Patient Protection and Affordable Care Act, which gives the federal government significant control over the medical profession, is a profane violation of the doctor-patient relationship. ... government managed health care destroys the doctor-patient relationship by limiting ... dentist autonomy. ... (T)he 'Obamacare' legislation is pushing America further down the slippery slope in which doctors are chattels of the state. ... The dental profession in the

United States is, fortunately, still not directly threatened by an oppressive government take-over, but, considering the current legislation, the possibility is always real. Claims of sincere intentions and "benefits for the greater good of society" are only a ruse, and governments should never be trusted. ... (I)t is the duty of every dentist to fight government encroachment into the dental field for the sake of the patients, the sake of fellow dentists, and for the sake of the future of dental medicine."

JT: Obamacare is about control of the health industry and the public. ObamaCare is a cancer. ObamaCare tricks the people to make them think that ObamaCare is needed. Remember the sob stories that were propogandized saying that if the government controlled the healthcare system, so-and-so would have been treated for the ailment? JT has inside information on how ObamaCare will affect dentistry:

http://4.bp.blogspot.com/-loEXC-pzQIY/T_5LfDqn14I/AAAAAAAAANw8/EB5UY1Tuqyc/s1600/obama+care.jpg

As of July 10 the national debt stands at \$15,885,884,755,351.47, or almost \$16 trillion. It was \$10.6 trillion when Obama entered the White House. In 2009 Americans filed 81,890,189 tax returns. CNSNews.com notes, "If each of these ...taxpayers were given responsibility for paying off an equal share of the new federal debt added since Obama was inaugurated, they would each need to pay about \$64,219.88. If each of these 81,890,189 federal taxpayers were given responsibility for paying off an equal share of the entire federal debt of \$15,885,854,755,351.47, they would each need to pay about \$193,989.72."

JT: I'm with Obama on this one!!! Aren't you? 193,989.72 dollars isn't much, especially if you don't have it. 81,890,189 taxpayers could each write a check for that amount and send it to the US Government, but not to pay off the national debt. Obama could then use the money to help pay for Michelle's daily and weekly and monthly and yearly shopping and vacations. That would prove that Americans love the Obamas and want them to have a good life without financial worries. Some of the money could be used to pay the life-long incomes of illegal aliens. Some of the money could be used to make sure that the Democratic Party will always be in the majority in Washington, D. C. Some of the money could also be used for Obama to get a new set of golf clubs. Some of the money could be used to pay chief Injustice John Roberts for his unconstitutional decision on ObamaCare. Some of the money could be used to give George Soros some spending money. Some of the money could be used to pay Warren Buffett's secretary. Some of the money could be burned in the White House furnace during a voodoo session conducted by Mrs. Robinson. The fire would bake and make Barack Hussein Obama feel at home, since he comes from hell!

Obama tells Miami's America TeV, "[O]verall my sense is that what [Venezuelan dictator Hugo] Chavez has done over the last several years has not had a serious national security impact on us."

JT: He is such a genius!!! He has so much clairvoyance!!! I just don't know why America had to wait this long for him to appear from purgatory. As far as I'm concerned, AMERICAN COULD HAVE WAITED FOREVER!

JT: Is she the result of a failed abortion ?

Is she the result of a failed abortion?

At http://www.americanthinker.com/blog/2012/07/what_i_miss_about_america.html you can read what Stella Paul misses about America. It's very good. Take the time to read it.

JT: Here's what I miss. Adherence to The Declaration of Independence, to The Constitution for the United States of America, and the wisdom and fortitude of the Founding Fathers, all of them. What American now has is nothing more than evil, immoral criminals, illegals, and thugs running the government of We the People!

FreeBeacon.com reports, "Following revelations on Capitol Hill that Palestinian Authority President Mahmoud Abbas has been stashing millions of dollars in U.S. aid money in a

secret bank account,” the Obama administration “reaffirmed its commitment to providing the PA with around \$600 million in taxpayer money.”

JT: That is quite a lot of money for saying simple, understandable sentences!

Source: <http://israelmatzav.blogspot.de/2011/12/abu-bluff-meets-with-released.html>

OpenMarket.org reports, “Quotas limiting the number of male students in science may be imposed by the Education Department in 2013. The White House has promised that ‘new guidelines will also be issued to grant-receiving universities and colleges’ spelling out ‘Title IX rules in the science, technology, engineering and math fields.’ These guidelines will likely echo existing Title IX guidelines that restrict men’s percentage of intercollegiate athletes to their percentage in overall student bodies, thus reducing the overall number of intercollegiate athletes. ...Thus, ...the Obama administration’s guidelines are likely to lead to ‘science quotas’ based on gender.”

JT: Now that is dumbing-down through the back door. Is Obama thinking with his distal orifice of the alimentary canal.? I was going to write anus, but decided not to use it!

On July 16 WND.com reports, "Fifty members of a northern Nigerian church were burned to death in their pastor's house. The attack by armed gunmen was only the first in a 12-village spree of violence that left over 100 dead in northern Nigeria's Plateau State, a region that had previously been outside Islamic terrorist group Boko Haram's operational area and is the largely Muslim Fulani tribesmen's homeland."

JT: As Barack Hussein Obama, the number one Muslim in the USA, says, the killings committed by Boko Haram are only a misunderstanding.

<http://www.thoughtsfromaconservativemom.com/2012/05/obama-admin-slaughter-of-nigerian-christians-by-radical-islamists-is-a-misunderstanding-not-religiously-motivated/>.

Moreover, Islam is peaceful, tolerant, and full of brotherly love. Respect says TURD (The Usurper of Republican Democracy). Both are full of crap! How can anyone respect crap?

On July 13 in Virginia , Obama made the following statement: "If you've got a business—you didn't build that. Somebody else made that happen. Look, if you've been successful, you didn't get there on your own. You didn't get there on your own. I'm always struck by people who think, well, it must be because I was just so smart."

JT: There he goes again, thinking with his distal orifice of the alimentary canal.

The Obama Victory Fund holds a fundraiser in Shanghai, China and in Paris, France.

JT: Yup, the American voters and elections are being shanghaied and raped with Parisers (condoms).

KEYNESIAN ECONOMICS

Source: <http://ralfschwartz.typepad.com/rsc/2010/08/in-case-of-nothing-to-do-break-glass-and-then-sweep-up-broken-glass.html>

JT: What a wonderful pastime for the Obama's when they are no longer in the White House! But the American taxpayers will not pay for the broken glass. The Obamas will have to pay for it themselves.

From: <http://patterico.com/2012/07/15/axelrod-unlike-romney-obama-doesnt-use-tax-shelters/> we read,

"At the very end of [this Washington Times piece](#) we see this:

Mr. Axelrod also hit Mr. Romney hard on taxes, pointing out that the United States loses \$100 billion a year to offshore tax havens such as Switzerland.

“We know Gov. Romney takes advantage of these,” he said. “I’m not suggesting that he’s done anything illegal, but what I am suggesting is that he’s taking advantage of every loophole.”

“The president could do those things, but **he doesn’t do those things**,” Mr. Axelrod added.

[April 13, 2012: Obama Sets Up Tax Shelter for His Kids:](#)

President Obama and his wife, Michele, gave a total of \$48,000 in tax-free gifts to their daughters, according to tax records made public on Friday.

The president and his wife separately gave each daughter a \$12,000 gift under a section of the federal tax code that exempts such donations from federal taxes.

There is nothing illegal about the president’s taking advantage of this tax shelter, but it does raise eyebrows given that he has lamented the myriad tax exemptions used by the wealthy—“millionaires and billionaires” like himself—to pay less in taxes.”

Furthermore, " WashingtonExaminer.com reports, “Obama has accused Mitt Romney of raking in profits from investing in companies that ship American jobs overseas, but according to his most recent financial disclosure, he and ...Michelle Obama have hundreds of thousands of dollars in a mutual fund that has large holdings in corporations that outsource jobs. ...In his most recent financial disclosure from 2011, Obama and his wife reported having between \$200,000 and \$450,000 in the Vanguard 500 Index Fund, which invests in the largest U.S. corporations. According to a filing with the Securities and Exchange Commission, as of Sept. 30, 2011, the fund’s biggest holding was 8,272,039 shares of Apple Inc., then valued at \$3.2 billion. ...The mutual fund that the Obamas have invested in also held 94,582,281 million shares of General Electric, valued at \$1.4 billion, as of the SEC filing. The multinational conglomerate has a long history of outsourcing—according to a new book cited by the New York Times, in 1989, ‘G.E. became the first U.S. company to outsource software work to India.’”

JT: This is a case of the Obamas saying do what we say and don't do as we do.

JT: I don't mean to scare you, but ...

Source: http://i.dailymail.co.uk/i/pix/2012/07/16/article-2174129-13ECBF8100005DC-572_634x871.jpg.

JT: Left leg to the right leg: I'll let you by this time and you'll let me by the next time.

Shoes were thrown at Hillary Clinton in Egypt and the people chanted Monika!

JT: They got her name wrong and hasn't she got enough shoes? In Greek *Monika* means *solitary* and in Latin it means *advisor*. Monika Lewinsky surely was a solitary advisor to William Jefferson – the Cigar – Clinton. *Hillary* has its origin in Greek and means *cheerful*! Is she now cheerful knowing that Bill knows how to handle cigars? Of course, too many cigars could cause another heart attack!

On CBS's *Sunday Morning*, Obama tells host Charlie Rose, " ...if I was in his [Mitt Romney's] shoes,"

JT: Great English! *Was* has never been a subjunctive and it will never be a subjunctive, although some progressive grammarians say it is. However, they don't know what they are talking about; e.g., Obama, who is not a grammarian but according to himself a great orator. Well, perhaps by Obama's decree on how to speak Obamish it will become a subjunctive. I wish Obama were a subjunctive!

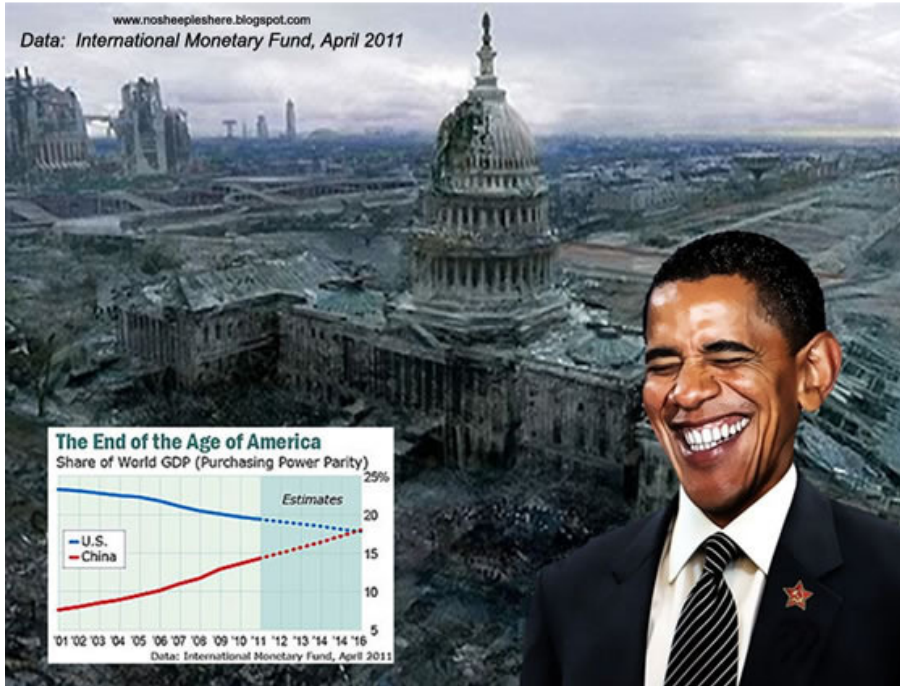

I'd be making the same argument" about the economy not having recovered enough. "In this office, everything takes a little longer than you'd like. I think it's important to know we did an awful lot in the first four years."

JT: Remember this from one of Obama's heroes?

Source: <http://www.psywar.org/pdw.php>.

"Give me ten more years' time and you won't recognize Germany again." Give Barack Hussein Obama four more years and this will be the result for America: Hold on, it's not good but it surely is progressive and DemocRAT Party.

WND.com reports, "Voter fraud is the big issue that may decide the outcome of this election," and relates stories of dogs being registered to vote. "Election officials throughout the country report a surge of voter registrations from animals, dead people and non-citizens."

JT: Are you surprised? The situation is that the animals are registering the animals. The intellectually dead are registering the dead. Those who hate citizenship because they are world communists are registering non-citizens. What has JT often said? "I will win in every state because I have rigged the vote. I am Barack Hussein Obama and I approve this message!"

During the those-who-succeed-in-life-owe-those-who-are-lazy-campaign speech in Roanoke, Virginia, more than 20 supporters reportedly collapse from the "heat" (the temperature is 75 degrees)—or perhaps excess ébullition—at the Roanoke campaign event. Obama tells them to seek help from "paralegals" who are present.

JT: The *paralegals* are certainly those medical personnel who know ObamaCare inside and outside and they were briefed on who they should allow to die and who should live. That's change! Paramedics are now paralegals! With ObamaCare I'm not going to a doctor anymore. I'm going to a paralegal. With ObamaCare I'm not going to a dentist anymore. I'm going to a speech therapist! Obama with ObamaCare should not go to a psychologist. Obama should go to a *Jack Ketch*. (*Jack Ketch* would be the best solution for America's problems with Barack Hussein Obama, because Obama botches and so did Jack Ketch. At least Wikipedia doesn't lie about Jack Ketch as it does about Obama: http://en.wikipedia.org/wiki/Jack_Ketch)

JT: You mean I get to eat only one French fry?

At <http://obamaachievements.org/list#> there is a list of 548 achievements of Barack Hussein Obama since he has been in office.

JT: An examination of the list will show that they have hampered economic growth, the free, market economy system, and restricted the rights of American citizens. Some of them are anti-constitutional and were never voted on by Congress or went through the respective cabinet member offices, but through Obama's czars. Approximately 99.9999 % are not necessary. Perhaps .0001% is okay: Saskia and Malia got a dog! The list claims that Obama got them the dog. The dogged truth is that Bo was a gift from Edward Kennedy.

JT: Methinks a young Brit understands Obama!

<http://www.dailymail.co.uk/news/article-2173796/Rich-Arab-tourists-buying-age-brides-Egypt-just-summer-3-200.html#ixzz20kZlcQ3g> reports that wealthy Arab tourists temporarily buy a marriage from underage Egyptian girls for a few months.

JT: Let's put only Hillary and Michelle up for sale. That's one way of making the sex-hungry Arab degenerates lose their desire!

At a campaign event in Cincinnati, Ohio Obama says, "I don't know about you, but in my life what I've found, you know, sometimes I do boneheaded things, I make mistakes. I find, when I try something that doesn't work, then I don't try it again. I don't—you don't—go back to doing something that didn't work."

JT: The perfect reason for Obama not running for re-election!

Talk show host Michael Savage joins the chorus of condemnation over Obama's statement, "If you've got a business, you didn't build that. Somebody else made that happen." Savage tells his radio audience, "So there's communism. That's Karl Marx Obama. That's Hugo Chavez Obama. That's Joseph Stalin Obama. This is a very dangerous man." Savage observes that some of the worst regimes "begin with innocent remarks like this. This man is the most dangerous, most divisive, most evil—I'll use the word evil—president in the history of America. ...Things don't start the way they end. They start with the most innocent remarks like this. ...The rhetoric Obama is expressing is not his own rhetoric. This is what is deeply embedded in the man's brain stem. He has been inculcated with hatred for the American way from the cradle." Calling Obama "the most hateful man who has ever plagued the White House," Savage says, "Everything is at stake in November."

JT: What Michael Savage is saying is what *The Obama Timeline*, *RightTruth*, Joan Swirsky, Rush Limbaugh, Charles Krauthammer, Mr. Beckwith of *The Obama File*, LTC Colonel Terry Lakin, Dr. Orly Taitz, the attorneys Leo Donofrio, and Mario Apuzzo, Lt. Commander Fitzpatrick, even the New Zealander Trevor Loudon, and others, including yours truthfully, have been saying since the 2008 presidential election campaign. Michael Savage finally listened. It is a shame that the other lamestream media people don't have ears that want to hear the truth.

In an interview with Barack Hussein Obama, CBS's Charlie Rose asked him some difficult questions: "How are you going to spend your summer? What is summer vacation?" and "Are you prepared for" your daughters going away to summer camp?" Laughably, Rose refers to ObamaCare as "enormously successful" and asks Obama if it was his "proudest achievement in the first four years."

JT: Here are Obama's answers:

How are you going to spend your summer? *Ah er, um, I'm gonna spend as much as I cin get away wid as long as tha taxpayers are payin for it.*

What is summer vacation? *A great time to play golf! Ya know, I don't get ta play as much as I'd like ta!!*

Are you prepared for your daughters going away to summer camp? *Ya, Michelle an' I a' prepart for dat! However we've told 'm not ta make friends with any Jewish boys and girls. They're America's enemies.*

Is ObamaCare your proudest achievement in the first four years.? *Well, ya know, er. Urm ah well, let me see, tha beginnin's is a good achievement. But tha real achievement will be afta my fifth term as president.*

At a fundraiser in Texas, Obama says, "You know, you're not considered one of the battleground states, although that's going to be changing soon."

JT: After the speech Obama said the following to one of his aides: How can these Texans be so dumb and not believe that I will win Texas in the election. You know as well as I do that I have the outcome rigged in my favor!

MSNBC's Chris Matthews makes it clear Obama still gives him a "tingle up his leg," expressing surprise that anyone, even Republicans, would oppose Obama. He says, "This guy's done everything right. He's raised his family right. ...Everything he's done is as clean as a whistle. He's not only never broken any law—he's never done anything wrong. He's the perfect father. The perfect husband. The perfect American."

JT: I and all patriotic Americans think this: Chris Matthews is on drugs!

The Obama campaign, incensed that Romney hit him hard on his sans-teleprompter statement, "If you've got a business, you didn't build that. Somebody else made that happen," releases an ad *denying* that Obama even said those words. Remarkably, Obama's ad *includes the clip of him saying what he claims he didn't say*.

JT: It's quite simple to understand. Obama is a fascist-socialist-communist-Islamist. When he says something and it is received well by the public, he's a genius. When he says something and it is not received well, indeed, criticized, then he did not say what he said and he denies saying what he said by saying what he said and denying it!.

Obama and his wife, attending a USA versus Brazil men's basketball game at the Verizon Center in Washington, D.C., are booed by the crowd when the "kiss cam" focuses on them and they fail to kiss. When given a second chance later in the game, they oblige the crowd with a not-so-spontaneous kiss—*after* the press pool, which had already left the building, was brought back inside to observe and report the kiss.

ThePostEmail.com reports that attorney Orly Taitz has filed a class action lawsuit in California challenging the religious exemption in ObamaCare that would allow millions of Muslims in the United States to be exempted from the law. Taitz notes, “According to Sharia law, purchasing insurance is not allowed, because insurance is considered to be a form of gambling. We have today conservatively 7,000,000 Muslims in this country, many of whom have multiple wives and multiple children. There is a high probability that because they are exempt, they will still be getting the [health] care, but Christians and Jews will be paying for it. So I’m saying Obamacare is a tax, a Judeo-Christian tax in the line of Jizya, a term in Muslim law where people who are considered to be infidels—Christians and Jews—have to pay a tax. That’s what is happening in reality. So I’m bringing this legal action as a violation of our legal rights, due process rights, equal protection rights and violation of our First Amendment religious freedom rights. It is unconstitutional.” Taitz also claims ObamaCare is also illegal because Obama signed it into law “under false pretenses and by virtue of fraud, usurping the power of the U.S. President while using forged and fraudulently obtained identification papers: forged Selective Service Certificate, forged Birth certificate and a fraudulently obtained Social Security number.”

JT: History is repeating itself. I suggest reading:

Obama issues a Ramadan message: “On behalf of the American people, Michelle and I extend our warmest wishes to Muslim Americans and Muslims around the world at the start of Ramadan. For Muslims, Ramadan is a time of fasting, prayer, and reflection; a time of joy and celebration. It’s a time to cherish family, friends, and neighbors, and to help those in need. This year, Ramadan holds special meaning for

those citizens in the Middle East and North Africa who are courageously achieving democracy and self-determination and for those who are still struggling to achieve their universal rights. The United States continues to stand with those who seek the chance to decide their own destiny, to live free from fear and violence, and to practice their faith freely. Here in the United States, Ramadan reminds us that Islam is part of the fabric of our Nation, and that—from public service to business, from healthcare and science to the arts—Muslim Americans help strengthen our country and enrich our lives. Even as Ramadan holds profound meaning for the world's 1.5 billion Muslims, it is also a reminder to people of all faiths of our common humanity and the commitment to justice, equality, and compassion shared by all great faiths. In that spirit, I wish Muslims across America and around the world a blessed month, and I look forward to again hosting an iftar dinner here at the White House. Ramadan Kareem.”

JT: Ramadan is a holy month for Muslims. What Barack Hussein Obama and his devout wife Michelle forgot to say is that when the holy month has passed, "then fight and slay the Pagans wherever ye find them, ..."
