JUST THINKING  
Number 33

From *The Obama Timeline* for September 2012, we read that "The *New York Post* runs a full-page ad (September 11, and 16, 2012) for filmmaker Joel Gilbert's DVD, *Dreams From My Real Father*, which claims Obama's real father is not the drunken Kenyan socialist but Frank Marshall Davis, Obama's communist mentor in Honolulu." The video can be seen at: <http://www.ourcommunistcommanderinchief.com>.

An email that JT has received from Don Fredrick of *The Obama Timeline* explains that

"This video is 90+ minutes. It has very little in it that is not in my book, *The Obama Timeline*, but watching the video takes less time than reading a 638-page book. If these facts were known in 2008, Obama would not be in the White House now.

The video suggests that Obama's real father was not the drunken Kenyan bureaucrat, but Frank Marshall Davis: Obama's communist mentor in Honolulu. Even if you choose not to believe that Obama is lying about the identity of his father, the video contains enough interesting and damning information to convince you that he needs to be defeated on November 6.

No, the 'Obots' will not watch the video, so don't waste your time sending this link to them. But pass it on to any 'fence sitters' you may know.

JT: Dear Readers! Send the information far and wide into every fence-sitter household and apartment in the United States of America. The future of the United States of America is at stake on November 6, 2012. Our beloved country is only one election away from going over the cliff of total destruction into the abyss where *has been nations* fall.

Copy this link: <http://www.ourcommunistcommanderinchief.com/>! Make flyers! Send messages! Tell every person in every nick and cranny in the United States of America and even foreign countries to view this video. JT implores the readers to make this simple American Patriot duty.

The lamestream media will do everything in their power to discredit the video. Some examples of what they have already done can be read at the following link:

At <http://www.examiner.com/article/joint-chiefs-chairman-to-retired-military-stop-slamming-obama>, we read that "The nation's top uniformed military official on Monday advised current and former members of the U.S. Armed Forces to refrain from what he termed "partisan politics." His statement comes as a result of groups of [Navy SEALs](#), intelligence officials and others, such as Special Operations OPSEC Education Fund, who are highly critical of President [Barack Obama](#)."

JT: Please read the complete article. It has devastating counter arguments to General Dempsey's position. They are more logical than General Dempsey's position. It is the attitude of generals like General Dempsey that allow dictators to take ultimate control off a country.

\*\*\*

JT: The following, researched and well-written article is by JB Williams at <http://www.newswithviews.com/JBWilliams/williams209.htm>. With his permission, I have decided to include the complete article because it has important links. I impress upon the readers to read the links. They are superb!

## Romney Spoke TRUTH!

By JB Williams

The latest media effort to turn the 2012 election into another beauty contest for Obama is the media blitz and fake flap over Romney's *truthful* statement to would-be donors at a recent fund-raiser in Boca Raton Florida.

Coincidentally, someone allowed to attend the fund-raiser happened to [secretly video tape](#) Romney speaking to his campaign donors, aka "greedy capitalist pigs" representing the productive members of society. The TRUTH that Romney spoke became a tool for attacking Romney moments later when [Mother Jones](#), America's longest standing Marxist publication, put out that video. Mother Jones was the original *community organizer*...

Mother Jones Magazine was named after its Founder, [Mary \(Mother\) Jones \(1830-1930\)](#), a [labor union](#) organizer from Ireland and one of our nation's most famous [Marxists](#). Since when does the American News Media follow the lead of a well-known [Marxist](#) rag? It's been going on for some time now.

Responsible for getting the clip to [Mother Jones](#) was none other than the grandson of former President Jimmy Carter, [James Carter IV](#), who spends his unemployed hours surfing the Internet for video clips that can be used to derail Republican campaigns. "I've been searching for clips on Republicans for a long time, almost every day," said Carter. "I just do it for fun."

But what did Romney say that has Obama's media minions ablaze? Romney spoke an [obvious TRUTH](#) that nobody is supposed to say out loud...

*"There are 47 percent of the people who will vote for the president no matter what. All right, there are 47 percent who are with him, who are dependent upon government, who believe that they are victims, who believe the government has a responsibility to care for them, who believe that they are entitled to health care, to food, to housing, to you-name-it. [That that's an entitlement. And the government should give it to them.](#) And they will vote for this president no matter what...These are people who pay no income tax...[M]y job is not to worry about those people. I'll never convince them they should take personal responsibility and care for their lives."*

Romney was speaking about today's American Marxists, the "wealth redistribution" parasites that will vote for Obama no matter what, and have been voting for Democrats who have been pandering to their *redistribution desires* for decades.

These are not your daddy's JFK Democrats here -- they are [Democratic Socialists](#), American Marxists, like Mother Jones. Their promo materials explain it better than I can... just read and learn for yourself, [direct from the donkeys rear-ends](#).

Romney said it exactly right. NOBODY can convince this 47% of American voters to vote for freedom and liberty. Every pro-Obama vote is cast on the basis of free stuff and Obama's promise to continue confiscating the earned assets of the "haves," redistributing those assets to his "do-nothing...have-nots."

Nothing Romney, Ryan or any other pro-freedom candidate says can change that reality.

The problem Romney was describing for his donors is very real. [87.3% of all federal income taxes](#) are paid by only 25% of working Americans. Nearly double that number, is now fully dependent upon federal tax funds for their very existence -- [approximately 47%](#) of voters who will indeed vote for Obama no matter how disastrous his administrative record. We now have more people eating from the public trough than paying into the public fund. That's unsustainable my friends...

People seeking to vote themselves gifts from the public trough always vote Democrat, or I should say, [Democratic Socialist](#). Both the [Congressional Black Caucus](#) and [Congressional Progressive Caucus](#) are legislative arms of the [Democratic Socialists of America](#).

Of course Marxists will never vote for rich, white Republican Mitt Romney. Not in a million years. They have worked for a hundred years to worm their way into full control of the Democrat Party. The DNC is their party, not JFK's! Good Lord, get a clue people! What a shame that they now represent 47% of American voters! People should have listened to McCarthy!

Romney spoke the TRUTH. There is NO way he can attract the 47% of American voters who always vote for more access to others earnings. It is the other 53% of American voters who must unite to defeat Obama and the Democratic Socialists currently driving our nation off a moral and fiscal cliff.

In 1998, then [Illinois Senator Barack Obama](#) spoke about his commitment to "wealth redistribution" (aka Marxism). Obama will use the Romney clip from Mother Jones and James Carter IV to rally support for his re-election, from his Marxist parasites.

Even "spontaneous" Muslim protesters carry the [International Marxist Revolution symbol](#) on the pre-printed full-color protest signs at the "spontaneous" and "totally organic" Muslim uprising against the California YouTube producer from Egypt, as they burn the American flag and raise the black flag of Jihad.

Obama's *community organizing* is worldwide now, including the Middle East. Both the [Occupy Movement and the Arab Spring](#) are run right out of Obama's White House.

Three days before Mother Jones released the Romney video, news networks across America were floating a baseless story that there was a rift coming in the Romney campaign, a rift that they could not define because it didn't exist yet. They predicted a shift in Romney's campaign... and I wondered, huh, what are they getting ready to launch here?

A couple days later, out comes the [Mother Jones story](#) and every newsroom in America rushed to cover the “rift” in the Romney campaign that they had promised.

BINGO! There it was -- the nation-wide Marxist assault on the Romney campaign, a video secretly taped at a Romney private fund-raiser. That wasn't enough though.... They had to go after the host of the fund-raiser too.

But why is the American press rushing to promote a Marxist assault on Romney with a video that speaks the truth, instead of showing Americans [THIS VIDEO of Obama supporters](#) – or [THIS VIDEO of the 47%](#) Romney was speaking about – or [THIS VIDEO](#)?

How about THIS VIDEO of [Obama the Christian American](#)?

Why is the American news media taking orders from Mother Jones, our nation's disgrace, and oldest Marxist publication? Why are they attacking Romney for speaking the truth when we have an administration shrouded in secrecy and lies?

You and I both know the answers to these questions. We have watched the American newsroom prove Sen. McCarthy right for decades now. Every media outlet in America is piling on, trying to convince voters that Romney is “out of touch” on the basis that he described the election situation correctly.

The question I don't know the answer to is this one.... When will enough be enough.... Tell me, when?

When are the American people going to get fed up with what these people do to every decent human being that dares to seek office in a country now run by Marxist thugs and media sympathizers?

When are the American people going to STAND UP and put a stop to the insane Marxist assault on everything American and all who would attempt to fight back against these Marxist scumbags?

How many times will we allow the leftist press to destroy decent people?

JT: Here is another report in its entirety.

From: **Eric Blehm** <[eric@ericblehm.com](mailto:eric@ericblehm.com)>

Date: Thu, Sep 20, 2012 at 12:12 AM

Hello all. I'm blind CCing all of you, as I am sending this to all those I've been honored to get to know through my telling of Adam Brown's story, and many of you remain anonymous.

This review was just posted on Amazon, it was the book's 327th review. I put it up on my Facebook Page, but I sure would love to see this one go viral because it is so much bigger than Adam Brown or FEARLESS. It honors all those who serve. This is what I posted myself. Feel free to cut and paste, and send it around or whatever you see fit. I'm sending it to all the Browns as well. These are the kind of words that give them strength in their resolve and faith that Adam died for something greater than himself...

Please read in full: This is the most recent customer review of FEARLESS on Amazon, and the first Amazon review I've ever cut, pasted, and posted on my FACEBOOK Page [<http://www.facebook.com/ericblehm?v=wall&ref=ts>]. I hope this one gets around, because it's a message I know Adam Brown would agree it is much bigger than his story. I love this review:

"I want to extend my deepest condolences to Adam's family and those of his teammates who perished during their noble and heroic service to our country. Your stories brought me tears. Your sacrifices will never be forgotten in my family. My family and I are war refugees, and we love America because of all the goodness that there is here. I am a proud AMERICAN, but I'm from somewhere else, and I'll be the first to tell you that there is no greater place than America on this planet. If you're from here, and you don't love this country, you're a fool. Yes, there are things that need to be fixed, but that's the great thing, we have the mechanisms to fix them. We just have to keep working at it. Love this country like Adam and his teammates. Do all that you can. Live a life larger than your own. It is your responsibility to do so for your children. Thank you Adam and all the men like you who give us our freedom."

In Cairo, Muslim cleric Abu Islam rips apart and burns a Bible in front of a crowd of thousands. He states, "Next time I will urinate on it."

JT: Well! Well! Well! This is conduct unbecoming a perfect Muslim, at least according to the rules of how to urinate that were dictated by Mohammed, if he ever lived. We read the following

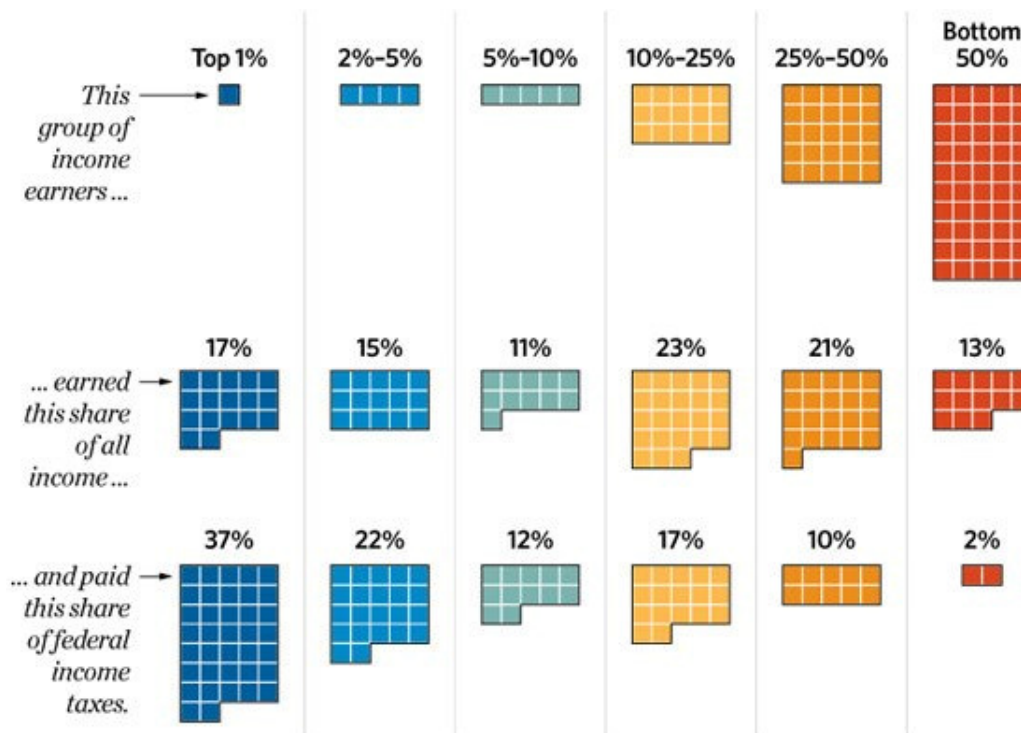

"Jabir (may Allah be pleased with him) states that, 'When the Messenger of Allah (may Allah bless him and grant him peace) would go to relieve himself he would go so far that no-one could see him.' We should make sure that there is complete privacy whilst relieving one's self; this is modesty that every Muslim should have."

"Anas bin Malik (may Allah be pleased with him) states that, 'When the Messenger of Allah (may Allah bless him and grant him peace) would go to relieve himself, he would not remove the clothing from his body until he was close to the ground.' "

Furthermore, Muslim cleric Abu Islam is not allowed to use his right hand.

*The Obama Timeline* tells us that At PJMedia.com Bridget Johnson reports, "Democratic senators are urging ...Obama to quickly issue an executive order to put into effect cybersecurity legislation killed by a GOP filibuster last month. ...The bill would have given the government three tools that advocates say are needed to beat back cyberattackers: a focus on protecting infrastructure such as water and power grids, new information sharing on threats between the government and private industry, and new Homeland Security powers to guide the federal cybersecurity strategy."

JT: Methinks that Obama's executive orders, every one of the 138 as of September 15, 2012 (<http://1461days.blogspot.de/2009/01/current-list-of-president-obamas.html>) are fatwas• against the United States of America!

- A fatwa "in the Islamic faith is a juristic ruling concerning Islamic law issued by an Islamic scholar."

Is Obama not of the Islamic faith? Being a dictator, is Obama not America's top jurist? Being a Muslim does Obama not know Islamic law? Is Obama not a scholar? Does Obama not know everything?

\*\*\*

Here is a statement that shows that Barack Hussein Obama is an idiot when it comes to political economy.

On the Letterman Show, Obama says, "[W]e don't have to worry about [the deficit] short term. A lot of it we owe to ourselves. Because if you invest in a treasury bill or something like that then essentially you're loaning the government money. In fact, the majority of it is held by folks who live here, but we don't have to worry about it short term. Right now interest rates are low because people still consider the United States the safest and greatest country on earth, rightfully so, but it is a problem long term and even medium-term. And so we're going to have to take care of this debt and deficit, but we've got to do it in a balanced way."

JT: The following is Don Fredrick's analysis at *The Obama Timeline*. It is the simple truth!

"Obama's response is asinine and irresponsible. Despite the fact that interest rates are low, the government still pays more than *\$200 billion per year* in interest on the debt. Even if interest rates were to never rise—which is impossible to expect—the taxpayers are still on the hook for \$200 billion per year in interest charges, and because the government continues to run annual deficits, it has to borrow still more money just to pay that interest. Interest rates can rise incredibly quickly, and can be influenced by a war, the debt crisis in Europe, or lenders simply deciding they no longer trust the government to cut spending or realize that Federal Reserve Board chairman Ben Bernanke's only skill is inflating the money supply. Obama may soon discover that "short term" is not so short."

\*\*\*

Senator John McCain (R-AZ) comments of Hilllallahray Clinton's briefing with Senators concerning the Benghazi killings: "I learned nothing in that briefing that I hadn't seen or read in the media. They still are blaming the video and they have a fundamental misunderstanding. It's not the video; it's the Islamists that are pushing this video throughout the world to inflame passions on the part of people of the Muslim faith. ...It's very likely that there is a terrorist organization, affiliated with al-Qaeda, that at least had some role in this attack, which had mortars, heavy equipment, and rocket propelled grenades—not exactly a spontaneous demonstration."

JT: Methinks that the "terrorist organization, affiliated with al-Qaeda, that at least had some role in this attack, which had mortars, heavy equipment, and rocket propelled grenades" is known as the Al-Obama-el-fatwa terrorist organization whose goal is the destruction of the United States of America in the name of Allah-Hubal!

By the way, JT has heard rumors that Moose Michelle's calorie burning rate when urinating and grunting at the same time, borders on 10,000 calories. For this, she deserves to be included in the *Guinness Book of World Records!*

From [http://atlasshrugs2000.typepad.com/atlas\\_shrugs/2012/09/a-letter-from-a-soldier.html](http://atlasshrugs2000.typepad.com/atlas_shrugs/2012/09/a-letter-from-a-soldier.html)

Dear Ms. Geller:

I am in the Army so I'm not allowed by the military to publicly support political movements, and I'm certainly not allowed to say anything about our President in

public (remember the Marine who suffered a court martial and discharge for speaking out against Obama on his FB?). However, I wanted you to know I am amazed, and uplifted, by your fight.

In a college paper on the Muslim Culture, I read the Qoran and writings from dozens of Islamic authors, male and female. From that day forward I tried, in vain, to tell my family and friends of the threat Muslims around the world posed to our Freedom, that they have an agenda to take over the world by any means necessary and that a war was coming. Everyone poo-pooed me and my predictions. I was being Islamophobic and racist. My reply was always, "We'll be at war with Islam soon. When it happens, no matter the outcome, the only reason I'll ever put on a burqa is to hide my guns under it." People looked at me with dismay, discomfort and sometimes amusement. I was Cassandra screaming in the streets and no one believed me.

On Sept 11, 2001 the very thing I predicted came true. When I turned on the television and saw the World Trade Center on fire, and heard reports of a plane crashing into the building, I turned to the person next to me and said, "That's no accident. This is a terrorist attack". And several moments later, another plane plowed into the building as we watched.

I don't like being right. Mostly, I don't like having to keep my views on Muslims to myself. However, with my career, I have no choice. I have since joined the Army and deployed to Afghanistan; I have learned to speak both Dari and Pashto; I have walked the fields of the Arghandab River Valley and the Hindu Kush; I have eaten with many Afghans from every walk of life and career, from ANA/ALP commanders to interpreters to truck drivers. And please believe me when I say, **WE NEED YOU TO KEEP FIGHTING MORE THAN EVER!** We need you to lead the fight against Islamic Extremism. We need You to be the voice of reason and Freedom in America to stop this tide!

Thank you for speaking out and speaking for those of us who cannot. Thank you for being a defender of Freedom and the Bill of Rights. Please keep up your efforts! Those of us who cannot join you now on television, or post our names, are still with you. We will fight on a different front, and soon I think. We will fight in the streets and on the hills and in the valleys, but we will fight. We will not fight with words but with our training, our weapons and our hearts. To the very end. No matter the cost. We will defend the freedom of Americans to our last breath.

Sincerely,

A soldier

JT: Thank You from the heart, American Patriot!
