JUST THINKING
Number 39

At <http://terribletruth.wordpress.com/2012/11/03/does-president-obama-wage-a-private-war-on-women-is-enemy-1-michelle/> we read that Barry might be conducting a private war on women using Michelle as his target. Photos are available to support the contention.

JT: Methinks so what? This is allowed under sharia law. The Koran, Mohammed, the Hadiths, and Muslim men all agree that women must be disciplined as men see fit! At the same time I, must say that if anybody is beating up anybody, it is probably Michelle beating up Barry with occasional help from Valerie.

JT: It's where Obama belongs!

Obama political strategist David Axelrod tells reporters, "I've known [Obama] for 20 years. We've worked closely for 10 years. I've never seen him more exhilarated than he is right now. He believes in what he's doing. He believes in what he's fighting for. You can see in the speech that he's delivering that he, that this is coming from his loins. ...I just wanted to say loins. I wanted to see if I could get loins in the story."

JT: Loins are the part of the body between the ribs and the hipbone. However, his loins are located on the posterior of the pelvic region. They are full of crap.

Don Fredrick of *The Obama Timeline* reports that "At WashingtonTimes.com James S. Robbins writes, 'America is experiencing a hardening of ideological categories. Republicans are becoming more conservative and Democrats more liberal.'"

JT. A political party cannot mover any further left than the Democrats, unless they become dictatorial. Ooops! They already are!

On election night Obama said to the audience, "I want to thank my wife and say, Michelle, I have never loved you so much as I do tonight."

JT. That wasn't nice, not in front of any of his future body servants.

Who is this?

Source: <http://lookatactor.com/images/moms-mabley-14.jpg>.

JT: Answer: Moose in four years!!! See <http://iowntheworld.com/blog/?p=156453>.

Read: <http://www.duffelblog.com/2012/11/military-absentee-ballots-delivered-one-day-late-would-have-swung-election-for-romney/#ixzz2BbjeiPXx>

JT: This is also how the Democrats win presidential elections.

At *The Obama Timeline* Don Fredrick writes a conclusive summary of why Obama won reelection: "Obama's victory comes partly from his decision to spend millions of dollars on ads attacking Romney during the primaries and before he became the official GOP nominee—a period in which Romney was prohibited by election laws from running rebuttal ads. That allowed Obama to portray Romney as a "tax cheat," a "felon," an "elite millionaire who cares nothing about others," and responsible for the cancer death of a steelworker's wife. By the time Romney started running his own ads, Obama had already defined him for millions of voters. Romney's attacks on Obama's economic record certainly helped him recover, but were too little, too late."

Many will criticize the Romney campaign for not getting tough on Obama over Benghazi during the last few weeks of the campaign—where Obama was vulnerable but shielded by the media's lack of coverage over the issue. Romney was also hurt by horrendous remarks about abortion and rape by Senate candidates in Missouri and Indiana. Although their views do not correspond with Romney's, a fair number of voters likely believed that they did. Additionally, Romney's proposal to cut income taxes was likely a hard sell for many voters who worry about the huge deficits but are unable to understand that cutting taxes actually results in higher tax revenue as a result of increased economic activity. They fail to understand that while raising taxes on the wealthy can subsidize those who are not working, getting those people who are not working back to work not only reduces welfare costs it increases tax revenue."

JT. Don Fredrick's analysis is completely correct. But I'll add my two cents also. Here it is: The policies of the Democratic Party over the last three generations have come to fruition. Keep the voters dumb. Send them to universities that will brainwash the students into thinking and convincing them that government owes the people, citizen and illegal alien something. If the Democrats keep this up – and they will because it will keep the Democrats in power – the United States of America will become worse off than the Soviet Union under Lenin and Stalin. Traditional America with its values stopped existing on November 6, 2012. The election in 2016 will nail the lid to America's coffin, if Obama hasn't done that already before 2016. Presidential elections will be rubber stamps for the Democratic Party. We will not be able to see by the dawn's early light Old Glory waving proudly. Thomas Jefferson and I say it's time for revolution!

Don Fredrick also reports that "By a vote of 66–34 Montana voters approve Referendum 22, the Montana Health Care Freedom Act, which prohibits the state and federal government from requiring the purchase of health insurance or imposing any penalty, tax, fee or fine on those who do not. According to the Tenth Amendment Center, Montana is the third state to nullify ObamaCare's insurance requirement. (Such legislation sets the stage for future Supreme Court battles over ObamaCare, with the challenges based on the Tenth Amendment to the U.S. Constitution: 'The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people.'")

JT: By the time these issues come to the US Supreme Court, Obama will have replaced the judges with his posterior-lickers.

Author and CEO of Euro Pacific Precious Metals, Peter Schiff, warns that the Federal Reserve's Open Market Committee "has decided to push infinity a little bit further. The latest move involves the rolling over of long-term Treasuries purchased as part of Operation Twist, thereby more than doubling QE3 to a monthly influx of \$85 billion in phony money starting in December. I call it 'QE3 Plus'—now with more inflation! In case you've lost track of all the different ways the Fed has connived to distort the economy, here's a refresher on Operation Twist: the Fed sells Treasury notes with maturity dates of three years or less, and uses the cash to buy long-term Treasury bonds. This 'twisting' of its portfolio is supposed to bring down long-term interest rates to make the US economy appear stronger and inflation appear lower than is

actually the case. The Fed claims operation twist is inflation-neutral as the size of its balance sheet remains constant. However, the process continues to send false signals to market participants, who can now borrow more cheaply to fund long-term projects for which there is no legitimate support. I said it last year when Operation Twist was announced, and I'll continue to say it: low interests rates are part of the problem, not the solution." Don Fredrick comments: "The Federal Reserve had already committed to buying \$40 billion per month in new government debt—because no one else is willing to finance it. Operation Twist kicks that up another notch, with \$85 billion in money being "created" every month via bookkeeping entries."

JT: *Let's twist again like we did last summer ... except at a higher rate!*

JT: I voted ten million times and my candidate still lost. I can't believe it! How did that happen? Oh! I know now. The POLDS under the leadership of **The Usurper of Republican Democracy**, Barack Hussein Obama, rigged the voting machines so that my ten million votes against Obama turned out to be ten million votes for Obama. Under these circumstances the election in 2012 of Vladimir Putin as President of Russia was much more correct than the fraudulent election of Obama.

Source: <http://seeker401.files.wordpress.com/2012/10/dodge-logo-subliminal-message.jpeg?w=497&h=408>

Perhaps this is the reason Republicans lost. Think about it.

On November 9 CIA Director David Petraeus resigns. He states, "Yesterday afternoon, I went to the White House and asked [Obama] to be allowed, for personal reasons, to resign from my position as [Director of the] CIA. After being married for over 37 years, I showed extremely poor judgment by engaging in an extramarital affair. Such behavior is unacceptable, both as a husband and as the leader of an organization such as ours." (Deputy CIA director Mike Morrell will temporarily fill the position.) At FrontPageMag.com Daniel Greenfield writes, "If Petraeus had stood by Obama over Benghazi all the way, and taken the fall, then the affair would not have mattered. This is Valerie Jarrett delivering a first dose of payback and neutering the threat of a Petraeus presidential run ...in 2016. ...This is Godfather politics, but then again this isn't America or Washington DC anymore. It's Chicago boss politics. And with foreign wars off the table and national security a dead issue, the borrowed credibility that Petraeus gave to the Troika of Obama, Jarrett and [Hillary] Clinton is no longer needed anymore. The left took a while to get Petraeus since their 'General Betrayus' days, but they got him in the end." Source: <http://edition.cnn.com/2012/11/09/politics/petraeus-cia-resignation/index.html>.

JT: The solution would have been to convert to Islam. He can have four wives and as many extramarital relations as he wants. He can also beat up his wives as often as he wants. Moreover, why didn't Clinton resign? Why hasn't Obama resigned? He has had innumerable extramarital relations with a number of body servants! Moreover, why is everyone getting upset? General Petraeus served under Obama and thus violated his oath under the *Constitution for the United States of America* to protect the Constitution from traitors. In my opinion he has only one more chance to show that he is truly an American Patriot: voluntarily appear before the Congressional Committee on Benghazi and place all of the blame for the killing of Ambassador Stevens, United States Foreign Service Information Management Officer Sean Smith, and two former Navy Seals Tyrone Woods and Glenn Doherty, where it belongs: on Obama!

Read: <http://dailycaller.com/2012/11/08/egypt-moves-to-ban-online-porn-blocking-some-of-the-countrys-most-popular-websites/>.

JT: The Egyptian government can't do that. It would be sabotaging the Muslim Brotherhood intellectuals. I don't think Mohammed would like this porn-blocking! His immoral, mentally deranged followers have to be placated somehow when they are not demonstrating and killing.

Obama says, "I refuse to accept any approach that isn't balanced. I'm not gonna ask students and seniors and middle-class families to pay down the entire deficit while people like me making over \$250,000 aren't asked to pay a dime more in taxes. I'm not gonna do that."

JT: He'll find some way not to pay taxes and receive his yearly income without taxes ad infinitum!

JT: Who is this? Michelleallah? No! Hillallahry? No! Valallaherie? No! It's the Muslim Brotherhood's present to Obama in recognition of Barry's planning and carrying out of the murder of Ambassador Christopher Stevens, United States Foreign Service Information Management Officer Sean Smith, and two former Navy Seals Tyrone Woods and Glenn Doherty, who tried to protect them, as well as the cover-up for the Islamic Brotherhood and Al-Qaeda: This is Obama's next body servant! Allah hop! Allah hop! Allah hop!

Former White House advisor Dennis Ross tells DailyCaller.com that Obama thought about the issue of a nuclear Iran “very carefully; the debate was between prevention and containment; he made a very conscious decision for prevention. And I think once he made that decision, he also understood that has implications. If diplomacy fails, it leads you down the path towards the use of force. Do I think he would act on it? I think that absolutely he would act on it.”

JT: Obama wouldn't even think about it. It would take time and energy away from his golf game.

JT: Okay POLDS, you wanted it. This is what you got! I have seceded from the Union! Not one of Obama's 57 fraud states appeals to me!

Don Fredrick of The Obama Timeline provides the transcript. On Chicago's State Street, one black supporter celebrating Obama's victory says, "It really mean [sic] to me, no more Israel. ...Iran, I tell you the truth, ...they thought Mitt Romney's gonna go to war with motherfuckin' Iran, and they felt, the motherfucker, uh, what's his name? No... Nanu? [Israeli Prime Minister Binyamin Netanyahu]... he felt the motherfucker was goin' to war with Iran, he felt Obama wanna go... wanna... wanna go , go with that shit though. Obama fell back, like, man, fuck that shit. Kill the motherfuckers [Jews]."

JT: This is the Obama base. Highly intelligent! Unequaled in oratory and rhetoric! Now we all know what dumbed down really means. Yup! These kinds are all-in-one: POLDS.

Obama says that he will not rest until everyone in the USA has a job. He then goes golfing for 105th time.

JT: We have to understand this symbolically. Everyone who has a pair of scissors and a ruler will have a job cutting the leaves of grass on golf courses in America and measuring the correct heights of the grasses.

Don Fredrick of The Obama Timeline reports the following from <http://www.barnhardt.biz/>. (Don Fredrick's comments are in parentheses.)

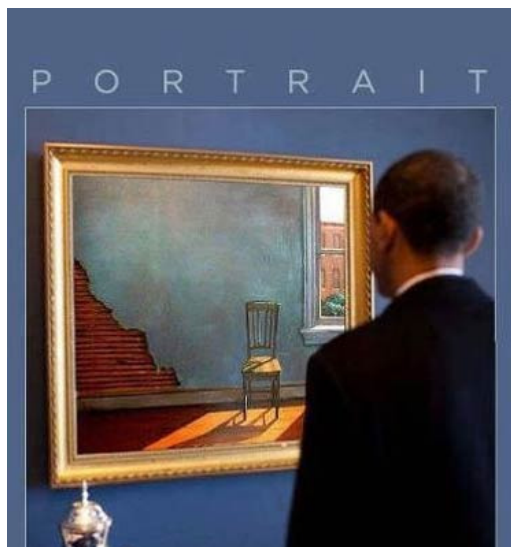

Take-no-prisoners conservative Ann Barnhardt tells her readers, “Now do you understand why I had precious little to say about the ‘election?’ The results of this election were determined in 2008, including the faux-opposition candidate. You people who have spent the last several months breathlessly agonizing over this, analyzing fake polls and deluding yourselves into believing that this was somehow a legitimate operation are just sad. You’re like the people in Iraq who supported the opposition candidate to Saddam Hussein for all of those years. Yes, Saddam Hussein held ‘elections.’ Regularly. That is what happened here yesterday. We had a Saddam Hussein ‘election.’ This can all be summed up in one simple sentence that I have been screaming from the rooftops ever since November of 2008: These people are NEVER going to walk away. The Republic was overthrown in a neo-Stalinist putsch four years ago. Stalinists don’t walk away. Ever. Stalinists don’t hold elections—they put on shows to delude the masses, which they consider to be vermin, into believing that they still have some say and some degree of freedom. And when even that gets tiresome for them, they start slaughtering people. By the tens of millions. Note that all of the so-called pundits on the so-called ‘right’ are avoiding the issue of massive voter fraud. They’re all just spewing the same nonsense as ever: ‘The fight has just begun! This is when the real hard work begins! Yay! We’ll show ‘em in 2016! Yay!’ Meanwhile, here in the land of reality, my inbox is filling with emails from people who are just now realizing that they are probably going to die an unnatural death, and probably within the next several years. ...So, what to do now? I have several action items for you. These are all re-hash, but I’ll put them together and re-post them because maybe, just maybe, you people are actually ready to listen and do something.” [39948]

Barnhardt suggests a “tax strike,” with as many Americans as possible changing the number of exemption on their W-4 forms at their place of employment to 9 or more, in order to deny the government tax revenue—and then do not file any more 1040 tax returns. “If you are self-employed, stop paying quarterlies and DO NOT FILE next April. [House Speaker John] Boehner rolled over this morning and announced that the ‘Republicans’ are gung-ho to raise taxes. They can only raise taxes on you if you pay taxes. Don’t pay. DO NOT FILE. ...There is exactly ONE non-violent remedy left to you, and that is a tax strike. If you do not do this, you are guaranteeing, and I mean 1000% guaranteeing, that there will be a massive hot war and genocide in the United States within the next decade. Go find a good teenaged boy. Look into his

eyes, and then understand that if we do not starve the Putsch Regime in Washington, that boy will almost certainly die in the war.” Next, Barnhardt advises to engage in a media strike—with Americans canceling cable and satellite television and not watching television. Next, she suggests a financial market strike: “Get out, get out, get out. Close every brokerage account without exception. ...Pull your bank accounts down to the bare minimum. Buy gold and silver. Keep some Federal Reserve Notes on hand. Pay off debt and hold clear title to as much as you possibly can. Start liquidating your stuff now if, like me, you are going to eventually lose your home, which should actually be in play for almost everyone except the very wealthy who don’t need to generate any income (and thus pay no taxes) to survive and simply live off of their existing wealth. Anyone who generates income and declares a tax strike should start preparing now to have their home and the contents of their home seized. Thus, get rid of everything now so that there is nothing for them to seize.” Barnhardt further advises that everyone cancel health insurance policies and “Find cash-only doctors (general practitioners)... and establish a relationship with them now. Once you find a cash-only G.P., get a list of cash-only surgeons and surgery centers. (Barnhardt understands that the system is doomed to collapse, with increasing numbers of parasites living off decreasing numbers of producers. She is therefore suggesting that Americans speed the collapse by refusing to cooperate with the fraud. Starve the government of tax income and learn to live “off the grid” as much as possible. Do not become a parasite, but do your best to insure that your production serves only you and your family and no one else.)

JT: Now that's a revolution America's Founding Fathers would really support. The problem is that the majority of Americans are too dumb or scared of Obama to do even this!

JT: Exclusive only for JT. This is a picture of Barack Hussein Obama's entrance into the White House and his exit from the White House. At the other end is Hades. Sometimes he can be heard singing on his way up and on his way down.

I'm coming up the drain
just coming up the drain
What a satanical feeling
I'm happy again
I'm wee-weeing at the clouds
so dark up above
Satan's in my heart
and I'm ready for Reggie Love

Let the stormy clouds come
Get away from the place
Come on down the drain
Have a smile on your face
I'm exiting down the drain
Leaving my POLDS at the reins
and I'm going,
just going down the drain.

The paper is for him to clean his slimy hands before exiting.

JT: Yes, She compares Barack Hussein Obama to Jesus Christ and Martin Luther King. What do I think?

Blasphemy! Blasphemy!! Blasphemy!!!

Barack Hussein Obama can be compared to Satan and his thug Mohammed, but not to Jesus Christ and not to Martin Luther King. Jesus Christ never lied. I don't know if Martin Luther King ever lied. I do know that Obama is the personification of lying. His types of lying are the typical Islamic types of lying: taqiyya, lying in certain circumstances; kitman, lying by not telling the complete truth, tawriya, lying in all circumstances. All three types of Islamic doctrine lying are to advance Islam and Sharia law. Do not be surprised if after four more years there is no *Constitution for the United States of America*, only Sharia law. Go to colony14.net and read the respective exposés concerning these matters written by Frederick William Dame

I veritably believe that Obama can be compared to Mohammed. Mohammed was an insult to humanity and Barack Hussein Obama is an insult to humanity. There is no better truthful comparison!
