A CHILD REACHES FROM THE WOMB TO TAKE HER DOCTOR'S HAND

A remarkable photograph of a baby reaching out from the womb to grip the finger of the doctor working to deliver her by C-section has drawn a huge amount of attention on the Internet:

Source: <http://www.humanevents.com/2013/01/04/a-child-reaches-from-the-womb-to-take-her-doctors-hand/>

The baby is named Nevaeh (it's "Heaven" spelled backward) and her mother, Alicia Atkins, is a professional photographer. She didn't take this particular photo, since she was rather preoccupied at the time, so the shutterbug duties fell to her husband Randy.

A report at **Life News** notes that such events are not unknown to hospital staff, but it's very rare for such a perfect photograph of a baby reaching out from the womb to be captured. The Atkins' are reportedly surprised at the popularity of the photo, which Mary Elizabeth Williams at **Salon** clocks at "over 5,000 likes and close to 3,000 shares" on Facebook as of Thursday.

While Mrs. Atkins professes herself gratified by the overwhelmingly positive reaction to the picture, Williams was somewhat *underwhelmed*.

"Fiscal Cliff" put in a much better perspective.

**Lesson # 1:**

- \* U.S. Tax revenue: \$2,170,000,000,000
- \* Fed budget: \$3,820,000,000,000
- \* New debt: \$ 1,650,000,000,000
- \* National debt: \$14,271,000,000,000
- \* Recent budget cuts: \$ 38,500,000,000

Let's now remove 8 zeros and pretend it's a household budget:

- \* Annual family income: \$21,700
- \* Money the family spent: \$38,200
- \* New debt on the credit card: \$16,500
- \* Outstanding balance on the credit card: \$142,710
- \* Total budget cuts so far: \$38.50

Got It ??.....OK now,

**Lesson # 2:**

Here's another way to look at the Debt Ceiling:

Let's say, You come home from work and find there has been a sewer backup in your neighborhood.... and your home has sewage all the way up to your ceilings.

What do you think you should do .....

Raise the ceilings, or remove the shit?

JT: Obama signed an executive order giving federal employees a pay increase—even though none has been approved by Congress. Pay increases will also go to Vice President Joe Biden, members of Congress, and Supreme Court Justices. It is the Chicago thug way. Get rid of them or buy them. Obama bought them, although only the House of Representatives controls monetary appropriations, or rather used to!

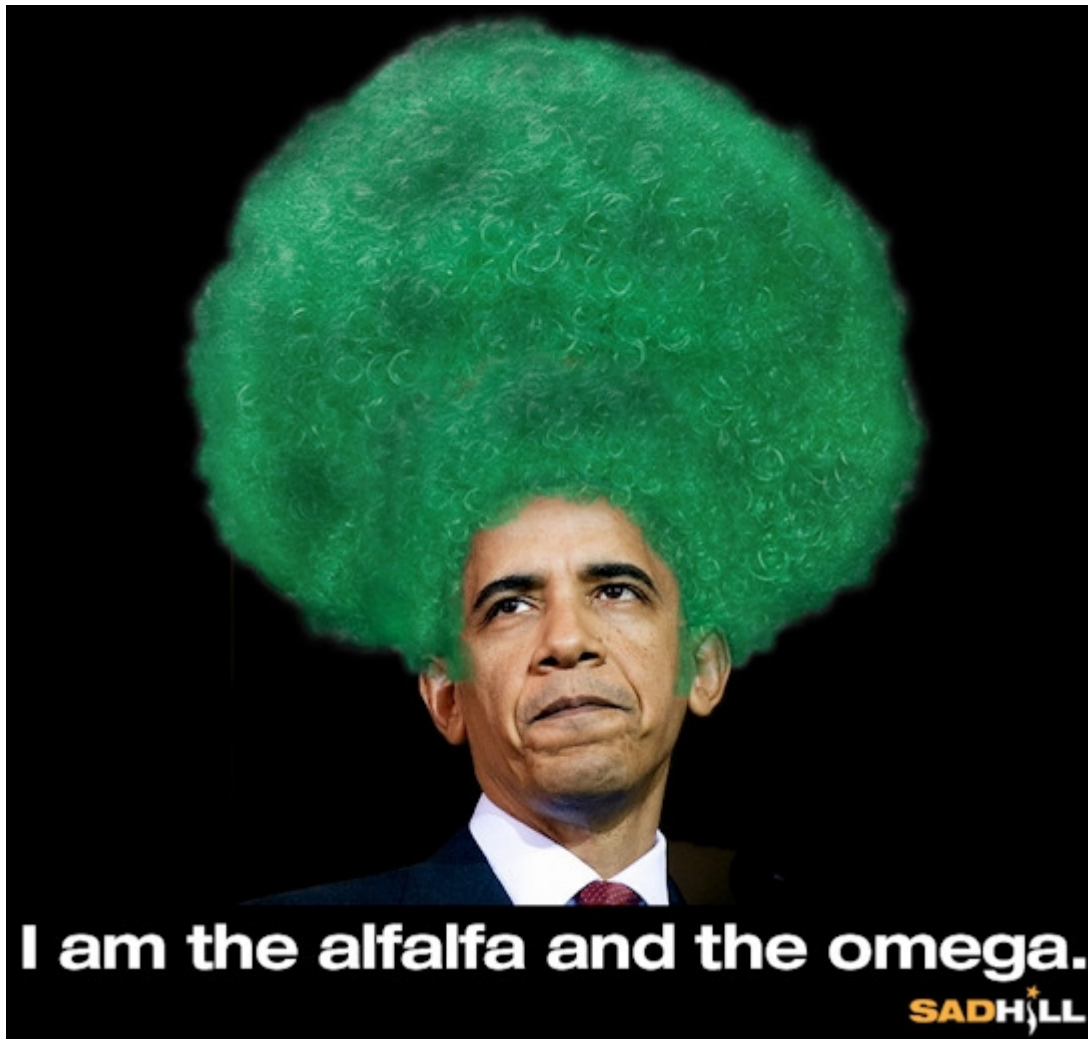

I think that they should get a raise ... a raise of hell against them! Finally, the House of Representatives knocked the executive order down! – as a result of moral conscience? I doubt it! But they didn't raise hell, which is what they should have done!)

In California, U.S. District Judge Morrison C. England Jr. denies an appeal from attorney Orly Taitz to block the counting of electoral votes from the presidential election because Obama is not a natural born citizen. England argues that Taitz's claims are unsupported—but conveniently refuses to allow her to present evidence to support those claims. England argues that Obama must be legitimate because he already resides in the White House. (Taitz later writes, “[The] Chief judge of the Eastern District of California is de facto saying: it is ok to be a thief and a forger, as long as you can forge and steal and not be caught because there isn't one honest AG [attorney general] or DA [district attorney] or US attorney or a judge to compel production of the original documents and prosecute you for fraud, forgery and theft, then you can continue keeping the stolen property forever...”)

An Egyptian magazine, *Rose El-Youssef*, confirms that members of the radical Muslim Brotherhood have infiltrated the Obama administration: Arif Alikhan, assistant secretary of Homeland Security for policy development; Mohammed Elibary, a member of the Homeland Security Advisory Council; Rashad Hussain, the U.S. special envoy to the Organization of the Islamic Conference; Salam al-Marayati, co-founder of the Muslim Public Affairs Council (MPAC); Imam Mohamed Magid, president of the Islamic Society of North America (ISNA); and Eboo Patel, a member of ...Obama's Advisory Council on Faith-Based Neighborhood Partnerships.

JT: The Muslim Brotherhood HAS NOT infiltrated the Obama administration. They are members of the Obama Regime because the (unspeakable, I cannot think of any hellish word that can describe the T.U.R.D. [The Usurper of Republican Democracy]) traitor invited them to assist him in destroying the United States of America.

From *The Obama Timeline*: DailyCaller.com posts video of a September 23, 2010 interview with Mohammed Morsi, the new president of Egypt, in which he states, “No reasonable person can expect any progress on this track. Either [you accept] the Zionists and everything they want, or else it is war. This is what these occupiers of the land of Palestine know—these [Jewish] blood-suckers, who attack the Palestinians, these warmongers, the descendants of apes and pigs... there is no place for them on the land of Palestine. We should employ all forms of resistance against them. There should be military resistance within the land of Palestine [Israel] against those criminal Zionists, who attack Palestine and the Palestinians. There should also be political resistance and economic resistance through a boycott, as well as by supporting the resistance fighters. This should be the practice of the Muslims and the Arabs outside Palestine. They should support the resistance fighters and besiege the Zionist wherever they are. None of the Arab or Muslim peoples and

regimes should have dealings with them. Pressure should be exerted upon them. They must not be given any opportunity, and must not stand on any Arab or Islamic land. They must be driven out of our countries... We want a country for the Palestinians on the entire land of Palestine, on the basis of [Palestinian] citizenship. All the talk about a two-state solution and about peace is nothing but an illusion, which the Arabs have been chasing for a long time now. They will not get from the Zionists anything but this illusion.”

JT: Mohammed Morsi is a rectal hole. The video is at: <http://dailycaller.com/2013/01/04/morsis-apes-and-pigs-comments-highlight-obamas-egyptian-problem-experts-say/>.

Despite a deafening silence on the part of the government controlled news media, it is no secret that very serious questions concerning Barack Obama’s history persist and that wide-spread election fraud was used by the Democratic Party and the Obama Campaign to secure a second Obama-Biden term.

At least one group seems interested in getting answers to those questions and stopping congress from certifying the 2012 election results until the American people have those answers.

The newly formed [North American Law Center](#) is serving members of the US Congress with a [notice](#), demanding that congress stop the fraudulent 2012 election and advising members of congress not to become complicit in the fraud by certifying the tainted outcome of the 2012 election.

“BE ADVISED, your Oath of office requires you to act in a manner which upholds the United States Constitution, our State Constitutions, and the Rule of Law. This shall serve as Notice to you of the massive fraud which has occurred in the 2012 election. As a public servant, your highest duty is to the people of the United States. Failing to do your duty, after having been so noticed, will be a direct violation of your Oath, with malice aforethought.”

The notice lists a number of legally actionable items concerning Federal Election and Campaign Finance laws as well as Constitutional Eligibility violations that if proven, could entirely void the 2012 election and end with the criminal prosecution of those involved in carrying out and covering up that fraud.

“Prima facie evidence exists as to violations of Federal Election Commission law regulating campaign finance concerning overseas donations from foreign entities, into international money laundering and online credit and debit card fraud, using foreign contributions from stolen card numbers to finance a presidential campaign. Hundreds of millions of dollars pouring into the Obama campaign from overseas donors and all of it in untraceable small denominations.”

The notice lists evidence of blatant voter fraud in Florida, Pennsylvania and Ohio, and a statement concerning general acts of fraud evidenced in numerous states and precincts.

“Many numerous methods of massive Democrat voter fraud exist, i.e. over 2 million new “temporary citizen” illegal alien voters via Executive Order; millions of DEAD and felon voters; temporarily moving Democrat voters across state lines to vote in swing states; foreign observers used to protect the fraudulent Democrat vote; duplicate voting by dual resident college students, and thousands of Somali refugee voters with DNC “interpreters” driving them to polls in Ohio; corrupted voting machines and vote counting with rigged voting machines via SEIU machine maintenance contracts; boxes of fraudulent paper ballots in the trunk of union official’s cars; and foreign contracts for vote counting in parts of Europe.”

Process servers are delivering [the notice](#) to all members of congress this week. Lead Counsel for the [North American Law Center](#) is Constitutional Attorney [Stephen Pidgeon](#). Constitutional Law researcher and analyst [Barbara Ketay](#) chairs the organizations Government Corruption Committee and is the signer of [the notice](#) being delivered to members of congress.

The [North American Law Center](#) was formed by a group of citizens deeply concerned with government corruption and the ongoing [erosion of state and individual constitutional rights](#). The organization is funded entirely by private citizens also deeply concerned with the [matters of focus](#) for the organization.

“For far too long, the American Justice System has subverted the [Charters of Freedom](#) and the Rule of Law in pursuit of a utopian global [social justice](#) at the expense of American freedom, liberty and prosperity.”

Many patriotic Americans are equally concerned about the items of interest to the North American Law Center, but this group is taking real and tangible actions that could alter the course of history and the future of freedom and liberty.

Citizens interested in more information or supporting this mission can visit [www.NorthAmericanLawCenter.org](http://www.NorthAmericanLawCenter.org)

\*\*\*

From January 6 FoxNews.com via *The Obama timeline*: "...Obama's 2008 campaign has been fined \$375,000 by the Federal Election Commission for reporting violations related to a set of donations received during the final days of the campaign. The fines are among the largest ever levied on a presidential campaign by the FEC and stem from a series of missing filings for nearly 1,200 contributions totaling nearly \$1.9 million. Campaigns are required to file the reports during the final weeks of the campaign."

JT: Why place a fine on the Democrats that is way less than the money they illegally received: The fine should be 1 to 1 and the fine on illegal foreign donations should be 2 to 1.

Source: <http://www.conservativedailynews.com/2012/12/gun-control-statistics-that-reasonable-people-should-know/>.

JT: I've got some suggestions to make to stop the violent crime killings.

1. TOBACCO USE

Suggestion: Prohibit the growing and importation of tobacco worldwide. Ooops, that would mean a large amount of tax funds the federal government would not receive.

2. MEDICAL ERRORS

Suggestion: Make all medical errors non-accountable by law. Then the deaths would not count as violent crimes. Some lawyer specialists would have to search for another source of income. Another suggestion is to prohibit

medical doctors from practicing their profession. Delete all course study of medicine at universities.

3. ALCOHOL ABUSE:

Suggestion: Pass a constitutional amendment prohibiting the use and sale of alcohol. O my goodness, we had that once didn't we? Joe Kennedy Senior made millions by bootlegging alcohol.

4. UNINTENTIONAL POISONING

Suggestion: Prohibit the manufacture, importation, and use of all chemical substances.

5. DRUG ABUSE:

Suggestion: Prohibit the manufacture, sale, importation, and use of all drugs.

6. UNINTENTIONAL FALLS:

Suggestion: Rename the falls after famous falls like Niagara Falls Number 4, Victoria Falls Number 10, Colorado River Falls Number 12, etc. Or better, name the falls after the persons who fell and died a violent death: Bill Falls, Sheila Falls, Michelle Falls, etc.

7. NON-FIREARM HOMICIDES (Baseball bats, hammers, screw drivers, etc)

Suggestion: Prohibit the manufacture, sale and use of all baseball bats. Prohibit Baseball! Yeah! Since I didn't make it into Major League Baseball, prohibit baseball!!! Make Twiddling Thumbs and gawking at the Obamas America's number one sport.

Prohibit the use of screw-drivers or have a government representative always at a person's side when screw-drivers are in use. Only government bureaucrats and politicians know how to screw the populace and drive it crazy.

8. FIREARM HOMICIDES

Suggestion: Call all firearm homicides cleansing actions by the government!!!

9. UNNECESSARY DEATHS OF SOLDIERS:

This is not listed but these are major killings. More American soldiers have been killed under the non-leadership of Barack Hussein Obama than under President Bush since Obama issued the pro-Taliban and pro-Islamic terrorist Rules of Engagement. <http://www.breitbart.com/Big-Peace/2012/10/27/Soldiers-On-The-Ground-Obama-s-Rules-Of-Engagement-Are-Costing-U-S-Lives-In-Afgahnistan>.

Suggestion: Get rid of Obama and his POLDS and reverse the Rules of Engagement decision so that America can win the War on Terror.

10. PLANNED PARENTHOOD: This is also not listed. Please note that 91 percent of the pregnant women Planned Parenthood advises get abortions: <http://www.lifenews.com/2012/01/05/91-of-pregnant-women-planned-parenthood-sees-get-abortions/>. The abortion statistics for Planned Parenthood show that approximately 300,000 fetuses per year are aborted. In 2011 333,964 were aborted.

Suggestion: Overturn ROE v. WADE and outlaw Planned Parenthood, the cause of these violent abortion deaths!!!

An excellent suggestion for every violent crime killing: Make the Democrats pay 10,000 dollars for every violent crime killing committed in the USA, including the violent crime killing by abortion!

From *The Obama Timeline* we read the following and additional explanatory information by Don Fredrick:

Obama names John O. Brennan, White House homeland-security and counterterrorism adviser, director of the Central Intelligence Agency. The choice of Brennan—which clearly represents political payback—is astounding and should be met with considerable criticism. During the Clinton presidency, Brennan was instrumental in preventing an operation that would have killed or captured Osama bin Laden. Brennan, Obama's terrorism and intelligence advisor, once headed a firm that was involved in the March 2008 breach of Obama's passport file at the State Department. A Brennan employee reportedly accessed Obama's file to cleanse it of incriminating or damaging information. As Obama's 'terrorism czar,' Brennan outlined a 'new way of seeing' the fight against terrorism. The 'new way' included discontinuance of the terms 'war on terrorism,' 'global war,' and fighting 'jihadists.' Instead, the United States should only be 'at war with al-Qaeda,' and 'We are at war with its violent extremist allies who seek to carry on al Qaeda's murderous agenda.' Brennan ludicrously argued that although al-Qaeda and other terrorist groups represent 'a dynamic and evolving threat,' using the term 'global war' somehow enhances their image." For more information read:

[http://righttruth.typepad.com/right\\_truth/2013/01/obama-nominates.html](http://righttruth.typepad.com/right_truth/2013/01/obama-nominates.html).

JT: John Brennan is more than an idiot. He is among the idiots of idiots. That's why he's dangerous. I think that a certain reason why John Brennan has been named to head the CIA is to make sure, 1000 percent sure, that there are no incriminating records on Obama and to ensure that faked records that are positive concerning Obama will become official.

\*\*\*

Obama also officially nominates former Nebraska Senator Chuck Hagel for Secretary of Defense. For more information read:

[http://righttruth.typepad.com/right\\_truth/2013/01/obama-nominates.html](http://righttruth.typepad.com/right_truth/2013/01/obama-nominates.html)

Furthermore, Pamela Geller at AtlasShrugs.com writes, "Could you imagine an even more dangerous pick than Hagel for Secretary of Defense? Under Obama, yes. Worse is always what's next." With his pick of Brennan to head the CIA, "Obama is doing the full monty. ...Atlas readers are long familiar with the pro-jihadi thug

Brennan. If you recall, during the 2008 presidential election, I ran a number of stories on the breach of Obama's passport at the Department of State. It bears noting that John O. Brennan, whom Obama first appointed to be Assistant to the President and Deputy National Security Adviser for Homeland Security and Counterterrorism, in which capacity he made his notorious and incredible pro-terror remarks, some in Arabic no less, about the beauty of jihad, was connected with the tampering with Obama's passport. He led the investigation into the breach of Obama's passport records—the mysterious passport Obama traveled to Pakistan on in 1981. Quid pro quo? ... You will also recall that the key witness in the presidential passport tampering case [Lt. Quarles Harris] was murdered. Shot in the head, in his car, in front of his church."

\*\*\*

JT: Chuck Hagel is neither Republican nor Democrat. He's a Jew-hating opportunist. He will bring the Department of Defense budget down to as close to zero as he possible can, thereby giving Obama more money to spend on "free stuff" for POLDS.

JT: The American Patriots, if there are any, in both Houses of Congress, and particularly regarding the nominations of Brennan and Hagel, must take every opportunity available and state that they cannot approve legislation or any nominations by Obama because he is an illegal occupier of the White House. Therefore, everything he does and everyone he nominates is illegal. This claim must be appended to all legislative bills and backed up by the thousands of pages of evidence that is available. This claim must be restated every time Obama speaks. This claim must be restated every time the enemedia says something positively for Obama, which is all of the time This must be re-stated any time a pro-Obama person in speaks.

The same stance must be taken with ObamaCare. State legislatures and employers and employees must use the same argument. OBAMA HAS NOT PROVEN THAT HE IS LEAGL!

From Pravda we read: "For years, the Elites of the West have cranked up the myth of Man Made Global Warming as a means first and foremost to control the lives and behaviors of their populations. Knowing full well that their produce in China and sell in the West model and its consequent spiral downward in wages and thus standards of living, was unsustainable, the elites moved to use this new "science" to guilt trip and scare monger their populations into smaller and more conservatives forms of living. In other words, they coasted them into the poverty that the greed and treason of those said same elites was (sic) already creating in their native lands."

*The Obama Timeline* notes that EgyptIndependent.com reports, "The North Sinai Security Director seized a shipment of advanced anti-tank and anti-aircraft missiles at

dawn on Friday. The directorate received a tip that the missiles were being secretly stored in a repository in Be'r al-Hefn—just south of Arish, the capital of North Sinai—and would be smuggled through tunnels to the Gaza Strip, said a security source. After informing the Interior Ministry in Cairo, two assistants to the interior minister led a large formation of police in a raid on the area. Be'r al-Hefn has often been used as an illegal storage area for explosives and weapons. 'With the help of secret informants, the police found the storage site, where they found six US-made advanced missiles inside large holes in the ground [that were waiting to be] smuggled to the Gaza Strip through tunnels,' the source said. He said the shipment likely originated in Libya..." Don Fredrick adds, "The missiles were probably originally provided by the Obama administration to the Libyan rebels."

JT: Methinks Obama is conducting war without the approval of Congress. Why not? All despotic, illegal, immoral regimes conduct war at the will of the despot. Obama is so peaceful.

\*\*\*

BeforeItsNews.com tells us, "A retired four-star admiral is now claiming that ...Obama intentionally conspired with America's enemies to stage a bogus attack and the kidnapping of an American ambassador so he could 'negotiate' the release of a 'hostage' and bolster his mediocre approval ratings just prior to the election. *The Washington Examiner*, quoting retired Four-Star Admiral James Lyons, writes: '[T]he attack on the American Consulate in Benghazi... was the result of a bungled abduction attempt... the first stage of an international prisoner exchange... [that] would have ensured the release of Omar Abdel Rahman, the 'Blind Sheik'...' But something went horribly wrong with Obama's 'October Surprise.' Although the Obama Regime intentionally gutted security at the consulate prior to the staged kidnapping, former Navy SEALs Tyrone Woods and Glen Doherty disobeyed direct orders to stand down, saved American lives, single-handedly killed scores of attackers... and the attackers, believing that the Obama Regime had betrayed them, tortured Ambassador Chris Stevens and dragged his body through the streets."

JT: Yup! Obama is so peaceful and he never lies!!!  
Arrest him and prosecute him and his cronies for treason and hang him/them high!!!
