JT: A picture with the correct caption is worth a thousand words.

<http://www.washingtonpost.com/blogs/wonkblog/wp/2013/01/08/former-head-of-u-s-mint-the-platinum-coin-option-would-work/>. Don Fredrick of *The Obama Timeline* provides the following quotation from the National Inflation Association:

"Throughout world history, only about 16 tons of platinum have been mined, which based on the current platinum price of \$1,595 per oz would value all of the platinum produced in history at \$816.6 million. In order to produce a real (non-fiat) \$1 trillion dollar platinum coin based on the current platinum price, it would require 627 million ounces or approximately 20,000 tons of platinum. This equals 1,250 times more platinum than what has been mined in world history. Even if the U.S. was able to obtain all of the world's platinum ever mined, the U.S. dollar would need to be devalued so that a \$100 bill only has the purchasing power of what 8 cents does today."

JT: I have some thoughts concerning the matter.

1. I'm surprised that under Obama the dollar has any purchasing power.

2. Should the economic idiots follow through on such a platinum coin, I suggest naming it the Obama **Federal Administration Reserve Token**.
3. Perhaps what will most likely happen is that the super economists will do what the Romans did. They minted lead "coins". These were called *tesserae*, similar in meaning to *tile* or *chip*. They were used for different purposes: admission to the theater, the games in the arena, gaming and betting counters, and as whorehouse tokens. Here different services had a different *tessera* price. If you have/find (a) *tessera(s)* you may become rich. It is not unusual for a *tessera* to have an auction price of 1000 to 1500 dollars. Remember the song?

Tessera, tessera whatever will be will be, the future's not ours to see, tessera, tessera, what will be will be. ... Ouch!

From the Obama Timeline: Joe Biden, the illegal vice-president, says that Obama will not wait for Congress to pass gun control legislation and is willing to issue Executive Orders. "Were here today to deal with a problem that requires immediate action, urgent action. [Obama] is going to act. There are executive orders, executive action that can be taken. We haven't decided what that is yet, but we're compiling it all... as well as legislative action, we believe, is required. ...There is a pretty wide consensus on three or four or five things in the gun safety area that could and should be done."

JT: Welcome to the continuing dictatorship!

Again from *The Obama Timeline*: "On January 9, at ThePostEmail.com, editor Sharon Rondeau asks why, if the Sandy Hook school shootings occurred on December 14, there were web pages about the event prior to that date. A United Way page soliciting support is dated December 11; a video tribute to the slain teachers and students was uploaded to Vimeo.com on November 8; a fundraiser for the Newtown, Connecticut families was announced on December 10. (The video on Vimeo.com is deleted at 11:05 a.m. on January 9.) RumorMillNews.com notes that Attorney General Eric Holder and Connecticut Governor Dan Malloy "met on November 27th to unveil 'Project Longevity,' which will provide the state with federal money for "agents, academics, and social workers" to work with the FBI and the ATF on gun issues. Ron Pinciario, executive director of Connecticut Against Gun Violence, stated, "The community needs to show a little more outrage on these things and demand that it be a top priority."

JT: Well, is anyone surprised? Remember Saul Alinsky? This is a typical Saul Alinsky, POLD, and Barack Hussein Obama screenplay. Never let a crisis go to waste. And if there is no crisis, create one! Perhaps Sandy Hook was created. Children are expendable in Obama's warped mind, even the unborn children!

It's all over the net and news and Politico reports that Obama will nominate his chief of staff, Jacob Lew, to replace Timothy Geithner as Secretary of the Treasury.

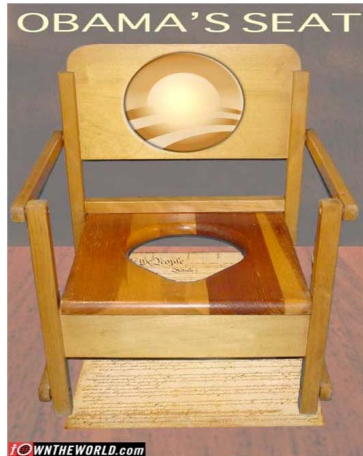

JT: The meaning of *Jacob* is *heel-grabber*. Jacob was Esau's twin and borne second to Esau, whose heel Jacob grabbed at birth. The name *Jacob* was prophetic in the sense that he *supplanted* Esau via trickery. Read the Bible folks! As for the meaning of *Lew*, other than it is the short form of Lewis, it could be related to *lewd*! — that is, the short form of *lewd*, which is more appropriate because with the original meaning as the word came into the English language sometime before 1120 it meant *uneducated*. In John Wycliffe's treatise *De Officio Pastoralis* (1378), *lewd* was used to mean *wicked, unchaste (not virtuous), lustful (wanton)*. Therefore we have an uneducated, wicked, non-virtuous, wanton person hanging on to Obama's heels. (Is he servicing Obama?) Methinks Jacob Lew is living up to the true meaning of his name. Yup, Jacob Lew the hack will do anything and everything Obama wants.

John Noveske, of NoveskeRifleworks.com, is killed in a mysterious car crash—just days after a lengthy Facebook in which he notes the drugs taken by the killers involved in various school shootings and other incidents. Noveske asked, “What drugs was Adam Peter Lanza on?” Noveske’s death follows that of Keith Ratliff, owner of weapons manufacturer FPS Industries and creator of a YouTube channel featuring videos of unusual weapons. According to the *Daily Mail*, Ratliff’s body was “discovered on a rural road in Carnesville, Georgia. Ratliff had a single gunshot wound the head and police are treating his death as a homicide.”

JT: Don Fredrick of *The Obama Timeline* comments: "Whether the Noveske and Ratliff deaths are coincidental or an effort to eliminate prominent supporters of the Second Amendment right to bear arms is not known. At NaturalNews.com Mike Adams writes, “Steve Quayle, creator of SteveQuayle.com, says ‘the red list is on!’ This refers to the so-called ‘red list’—a secret kill list of Americans authorized by Obama and designed to be invoked immediately before an attempted radical leftist takeover of the nation. In support of this theory, Obama himself actually signed into law the NDAA which authorizes secret assassinations of U.S. citizens on U.S. soil. Instead of the red list being ‘conspiracy theory,’ it appears to be a key component of Obama’s domestic policy.” Although *The Obama Timeline* has no way of confirming Quayle’s suspicions, nothing should be considered outside the realm of possibility when it comes to a government seeking to extend its powers—especially when its fiscal policies are leading to a collapse. If a government can routinely ignore the U.S. Constitution, cover up the John F. Kennedy assassination conspiracy, and allow an ineligible person to inhabit the White House, nothing should be considered too far-fetched."

JT has nothing to add except, "Keep your powder dry and don't shoot until you see the whites of their eyes."

JT: I'm blaming hospitals and doctors for causing deaths. Hospitals and doctors should be outlawed because many deaths occur in these places under the care (?) of the medical profession!

JT: Obama is doing to the *Declaration of Independence* and the *Constitution for the United States of America* what he deserves from American Patriots. After they are finished, flush him into a sewer ad infinitum.

Source: <http://iowntheworld.com/blog/?p=165155>.

Don Fredrick of *The Obama Timeline* collates and explains the following information concerning whether or not Obama can spend money.

"On *Face the Nation*, House Minority Leader Nancy Pelosi suggests Obama simply ignore the debt ceiling and claim that the Fourteenth Amendment to the U.S. Constitution gives him the power to do so."

Don Fredrick explains: "Pelosi's argument is absurd. The Amendment says, in part, ***The validity of the public debt of the United States, authorized by law, including debts incurred for payment of pensions and bounties for services in suppressing insurrection or rebellion, shall not be questioned.*** But that does not give Obama free rein to spend money any way he chooses. Additionally, any public debt must be 'authorized by law'—which certainly would not be the case if Obama ignored the law. Article I, Section 8, Clause 2 of the U.S. Constitution specifically gives only *Congress* the power "To borrow Money on the credit of the United States[.]" Pelosi also forgets Article I, Section 9, Clause 7, which states, "No Money shall be drawn from the Treasury, but in Consequence of Appropriations made by

Law; and a regular Statement and Account of the Receipts and Expenditures of all public Money shall be published from time to time.” If the House of Representatives does not pass an appropriation, Obama cannot spend a dime. Period.”)

Continued by Don Fredrick of *The Obama Timeline*:

At ToThePointNews.com Jack Wheeler writes that the House of Representatives has more power over Obama’s spendthrift habits than most people realize. Wheeler notes Article I, Section 9, Clause 7 of the United States Constitution: “No Money shall be drawn from the Treasury, but in Consequence of Appropriations made by Law; and a regular Statement and Account of the Receipts and Expenditures of all public Money shall be published from time to time.” “This is the ‘Power of the Purse’ clause, which Article I, Section 7, Clause 1 makes clear is exclusively held by the House of Representatives: ‘All Bills for raising Revenue shall originate in the House of Representatives; but the Senate may propose or concur with Amendments as on other Bills.’ Actually, there are *two* ‘powers of the purse’—to spend money or to deny its being spent. For the US Federal Government to spend any money, one single dime on anything, three things need to happen in this order:

- 1) an Appropriation must be authorized and passed by the House,
- 2) such Appropriation must then be passed by the Senate (any differences in the House and Senate versions must be reconciled via joint agreement and passage), and finally
- 3) be signed into Law by the President.

To *deny* the federal government the authority to spend any money, one single dime on any program or activity, *only* one thing needs to happen: the House does not pass an Appropriation for it. Period. Neither the Senate, nor the President, nor the Supreme Court, nor any federal agency secretary or bureaucrat, has the constitutional authority to spend one single dime by themselves, without a majority of the House giving it to them. *That* is the power of the purse.”

Wheeler points out, “There is a federal law that specifically codifies the power of the purse clauses, and provides specific punishment for their violation by any ‘officer or employee of the United States government.’ This punishment is ‘suspension from duty without pay or removal from office,’ and up to two years in federal prison. This Federal law is: *The Antideficiency Act*. The original version was enacted into law in 1884. Although revised occasionally since to make its meaning clear in terms of ‘modern’ language, its purpose remains: to be the enforcement mechanism implementing Article I, Sections 7 & 9. It was last revised during the Reagan presidency, and is codified as Title 31 of the United States Code (31 U.S.C. §§ 1341, 1342, 1349, and 1350). ...The law states:

“1) An officer or employee of the United States Government or of the District of Columbia government may not—(A) make or authorize an expenditure or obligation exceeding an amount available in an appropriation or fund for the expenditure or obligation; (B) involve either government in a contract or obligation for the payment of money before an appropriation is made unless authorized by law...” With his threats to defy Congress if it fails to increase the debt ceiling, Obama has made it clear that

he “plainly intends to spend whatever money he wants, debt ceiling or no, Congressional appropriation or no. If and when he does so, he needs to be prosecuted in violation of the Antideficiency Act. Eric Holder, as the most corrupt and dishonest Attorney General in US history, will of course not prosecute Zero [Obama]—he will act as his defense attorney. But the House as a whole, individual senators and congressfolk, conservative legal foundations et al, may initiate law suits against [Obama].”

“There are 30 Republican Governors now,” notes Wheeler. “If a number of them banded together, with their States suing Zero for violation of the Antideficiency Act, then, under the Original Jurisdiction clause of the Constitution—Article III, Section 2, Clause 2: ‘In all Cases... in which a State shall be Party, the supreme Court shall have original Jurisdiction’—the case must go directly to the Supremes, bypassing all lower courts. So we don't even need lily-livered Congress Pubs [Republicans], just Pub Governors, a number of whom do have the moxy.” [41373]

JT: Such an undertaking should be coupled with the basic constitutionality question: Is the signature on a United States government legislative act a legal, binding signature when the person who signed the legislative act does not meet the qualifications for the office of the President of the United States of America as stated in of Article II, Section 1, Clause 5, of the *Constitution for the United States of America*? The question applies to all papers that Obama has signed beginning January 20, 2009. If the Supreme Court's answer is **yes**, that signature is binding, although it is the signature of a usurper, then there is absolutely no logic to such a positive decision, and it would mean that anyone from any country in the world could usurp the presidency and execute law in the United States of America.

JT: Read Leo Donofrio's article *The Dirty “little” Secret of The Natural Born Citizen Clause Revealed* and the further explanatory links contained therein at <http://naturalborncitizen.wordpress.com/2012/01/27/the-dirty-little-secret-of-the-natural-born-citizen-clause-revealed/>.

At <http://giveusliberty1776.blogspot.de/> we read that FIFTH CIRCUIT COURT OF APPEALS TO HEAR THE PETITION BY ATTORNEY TAITZ TO EXPEDITE DEFAULT JUDGMENT AGAINST THE COMMISSIONER OF SOCIAL SECURITY MICHAEL ASTRUE AND RELEASE OF SS-5 APPLICATION FOR CT SSN 042-68-4425 FRAUDULENTLY USED BY OBAMA via a *Writ of Mandamus* to expedite Default Judgment and post judgment discovery. in *Taitz et al v. Democratic Party et al*. Taitz writes, “This is a Racketeering case, whereby the complaint states that Obama, ‘Obama for America’ (financing organization for Obama campaign), [Former House Speaker Nancy] Pelosi, Registrar of the Health Department in the State of Hawaii Alvin Onaka and Commissioner of Social Security Michael Astrue engaged in a racketeering scheme to defraud the nation and put in office citizen of Indonesia Barack Obama, aka Barack (Barry) Soetoro, aka Barack (Barry) Soebarkah in the position of the U.S. President and Commander in Chief by virtue of fraud and use of forged IDs and a stolen Connecticut Social Security number 042-68-44-25. According to databases and E-Verify and SSNVS Obama is using a Social Security number

which was never assigned to him. ...While other defendants in this case filed an answer, Commissioner of Social Security Michael Astrue never filed an answer. Plaintiff Orly Taitz is asking the Fifth Circuit to expedite Default judgment against Astrue, as this is a matter of National Security. We have a criminal, a foreign national with a stolen Social Security number, about to be sworn in for 4 more years.

JT: Methinks that nothing will come of it for a variety of reasons. Here are some:

1. Case will be dismissed because the court does not want to embarrass Obama.
2. To allow the case to proceed would constitute cruel and unusual punishment of Obama.
3. Previous court cases beginning in 2008 and continuing through the present have been dismissed by other courts.
4. The court will dismiss the case because it will claim it does not have the authority to decide cases concerning Social Security numbers.
5. The court will claim that Barack Hussein Obama produced his birth certificate on the internet.
6. The court will dismiss the case because it has a problem with justice under law.
7. The court will dismiss the case because it does not understand the *Constitution for the United States of America*.
8. The court will dismiss the case because it should have been filed earlier.
9. The court will dismiss the case because Obama's people will have "gotten to the judge".
10. The court will dismiss the case for no reason!

Welcome to the Obama dictatorship!

In New Jersey, Democrat Senator Frank Lautenberg—age 89—has not yet declared his intentions for 2014. Don Fredrick of *The Obama Timeline* notes: "Most Democrats prefer than Lautenberg retire, giving the much younger Newark Mayor Cory Booker a good shot at winning the seat. If Lautenberg wins reelection and dies in office, which is not particularly unlikely, Republican Governor Chris Christie could name his temporary replacement."

JT: Knowing how kowtowing Chris Christie can be, he would probably appoint Obama's choice, perhaps an American of Muslim Brotherhood descent?

We read the following at <http://www.boortz.com/weblogs/realz-nuze/2013/jan/11/rectal-cranial-inversion-moment-day/>

"Most importantly because deficit reduction is not a worthy goal onto itself," said Carney, talking about government spending. "This is all about making our economy stronger, making it more productive and allowing it to create even more jobs. That is

the most important thing when it comes to economic policy as far as the President is concerned."

JT: Evidently Jay Carney doesn't know that HE HAS NO BRAIN, AT LEAST NOT ONE THAT CAN THINK IN TERMS OF SOUND ECONOMICS! He doesn't know his grammar either. The preposition *onto* should be *unto*. Indeed the sentence is doubled crap. The best is to say *Most importantly because deficit reduction is not a worthy goal*. Yet this is also crap! Deficit reduction is always a worthy goal. *Carney* should be *canary* because he chirps the idiocy of Obama.

Don Fredrick of *The Obama Timeline* reports "February 15 is the date of the Supreme Court conference at which the justices will decide whether to hear Taitz's case against Social Security administrator Michael Astrue, who has refused to release documents pertaining to the issuance of the stolen Social Security numbers Obama has used."

JT. The Supreme Court will refuse to hear the case!!! Why??? It's beyond my powers of reasoning. My sole conclusion is that they are chicken. No insult to chickens are meant, but that's the colloquialism and it means the Supreme Court have no guts and backbone and respect for the *Constitution!*

At <http://www.wnd.com/2013/01/talk-radio-host-calls-for-death-to-birthers/>, we read that Mike Malloy a POLDS' POLD tells his radio audience, "These Goddamn birthers! Will you people please, please, get together with your AR-15s in a big circle, pointing inward, and on my count, open fire!"

JT: Mr. Mike Malloy, methinks you are so dumb that you cannot understand the logical English in the *Constitution for the United States of America*. As a matter of fact, you are probably so dumb, and your radio listeners, as well, that no education could ever raise you to the level of logical thinking. Indeed, your radio program is for some "good and original; but the part that is good is not original and the part that is

original is not good." – Dr. Samuel Johnson (1709-1784). What remains after that is crap!

The war against Muslim terrorists in Afghanistan started more than 11 years ago under President George W. Bush. Since Obama has been in office, more than 70 percent of all United States casualties in Afghanistan have occurred during his regime.

JT: Believe it or not, the information comes from the Obama supporter site <http://factcheck.org/2012/10/obamas-numbers/>. Now for the more important information: The Koran (8:12, among other verses,) says to America's Muslim leader, Barack Hussein Obama, "I am with you: give firmness to the Believers: **I will instill terror into the hearts of the Unbelievers**: smite ye above their necks and smite all their finger-tips off them." Barack Hussein Obama is doing nothing more than following orders from a Moon-god, Allah-Hubal! This tells me that Barack Hussein Obama, like all of his kind, are lunatics!

<http://nodisinfo.com/Home/2013/01/13/sandy-hook-treachery-confirmed/>.

JT: Just read it. If it is true, welcome to Hitler's, Lenin's, Stalin's, Mao's, Il's, and Islam's America!

Al-Qaeda terrorists linked with al-Qaeda attack a BP natural gas field in Algeria and take 41 hostages, including seven Americans. State Department spokesperson Victoria Nuland says, "We are obviously closely monitoring the situation." As of this writing the BBXC reports that "Algerian forces have moved against Islamic militants holding hostages at a gas facility in eastern Algeria, officials say. Four foreigners were freed but a number of people were killed in the military operation, Algerian state news agency APS reported. Algerian soldiers had been surrounding the facility near In Amenas that kidnappers occupied on Wednesday. Reports quoting militants said at least 34 hostages and 14 kidnappers died." Obama and Secretary of State Hillary Clinton have yet to comment. The Associated Press later reports, "Algerian copter attack kills 35 hostages and 15 kidnappers in Sahara standoff."

JT: The traitor Barack Hussein Obama is an o-so-good dictator when it comes to recognizing America's enemies. Wouldn't it have been better for him to take the initiative in the hostage holding and promise the Islamic terrorists that he would purchase the hostages, even with guns, ammunition, aircraft, drones, indeed, consent to having American drones fly for the spread of Islamic terrorism in Africa? Give in to them and say we are sorry for all of the harm Americans have caused in the world! Another thought I have is that regardless of how many hostages were killed, Obama, being a Muslim, did not intervene because he wanted to support Islam by giving the terrorists the opportunity to kill unbelievers. Moreover, the terrorists who were killed are now in Jannah with their 72 grapes.

Politico reports that Obama will make Deputy National Security Adviser Denis McDonough his next chief of staff, replacing Jacob Lew—who will become Secretary of the Treasury (if he is confirmed by the Senate). (In March 2011 McDonough addressed the All Dulles Area Muslim Society Interfaith/Government Summit at a mosque in Sterling, Virginia. McDonough noted a 2010 Muslim Iftar dinner at the White House, and called it "a tradition stretching back more than two centuries to when Thomas Jefferson hosted the first Iftar at the White House." The claim, previously made by Obama, that Jefferson hosted an Iftar is without any factual basis. McDonough also made the absurd statement, "The bottom line is this: When it comes to preventing violent extremism and terrorism in the United States, Muslim Americans are not part of the problem; you're part of the solution." McDonough called the mosque a "typically American place" and told the audience it reminds him of his childhood Catholic church in Minnesota. McDonough laid it on thick, telling the

Muslims, “You create jobs and opportunity as small business owners and executives of major corporations. You enrich our culture as athletes and entertainers. You lead us as elected officials and Members of Congress. And no one should ever forget that Muslim Americans help keep America safe every day as proud soldiers, sailors, airmen, Marines and Coast Guardsmen. Indeed, some of these heroes have made the ultimate sacrifice for our nation and now rest in our hallowed national cemeteries. ...We’re exposing the lie that America and Islam are somehow in conflict. That is why ...Obama has stated time and again that the United States is not and never will be at war with Islam.”

JT: Rumor has it that Denis McDonough will not become Secretary of the Treasury because he asphyxiated himself by crawling into Muslims so far that he could no longer breathe fresh, freedom air.

On *Hannity*, Senator Rand Paul (R-KY) announces he will introduce legislation to nullify Obama’s gun control orders by cutting funding for his actions. Paul states, “In this bill, we will nullify anything [Obama] does that smacks of [illegal] legislation. And there are several of the executive orders that appear as if he’s writing new law. That cannot happen. I’m afraid that ...Obama may have this king complex sort of developing, and we’re going to make sure that doesn’t happen.”
[http://dailycaller.com/2013/01/16/sources-rand-paul-to-push-legislation-nullifying-obamas-executive-orders-on-guns.](http://dailycaller.com/2013/01/16/sources-rand-paul-to-push-legislation-nullifying-obamas-executive-orders-on-guns/) /

JT: Why restrict the legislation to just the Second Amendment? Senator Paul should introduce such legislation concerning everything Obama does, and has done throughout the last four years because everything the traitor Barack Hussein Obama has signed/done is illegal because he is not a legal president. Senator Paul's words should be converted into action. Immediately!

We read at <http://news.yahoo.com/obama-names-8-citizens-highlight-successes-040100625--politics.html> that Obama “is featuring eight Americans as ‘citizen co-chairs’ of his inauguration, a new role created to highlight his first-term accomplishments... The honorees announced Thursday include a woman with a brain tumor who no longer is denied health care for a pre-existing condition; an autoworker who got her job back after the General Motors bailout; and a gay pilot-in-training kicked out of the Air Force before the president repealed the military’s ‘don’t ask, don’t tell’ policy. ...After Obama’s swearing-in ceremony Monday, the eight co-chairs will ride on an inaugural parade float highlighting the inaugural theme of ‘Our People: Our Future,’ then attend the official balls that night.”

JT: Notice the word play in the last sentence!

WashingtonExaminer.com reports , “There are going to be far fewer porta-potties at ...Obama’s second Inauguration than his first. And while crowd estimates for Monday’s event are less than half the 1.8 million who flooded the Mall in 2009, the bathroom count has been cut by about two-thirds, meaning potentially long lines at the portable restrooms.” <http://washingtonexaminer.com/potty-crisis-could-gum-up-inauguration/article/2518887#.UPkhmf0-VE>.

JT: Methinks that there will be innumerable cases of diarrhea because of the large amount of crap that will come from the chief government source of diarrhea and the fact that those who will listen to him and attempt to understand his wicked double-tongued messages will have digestive problems.
