JUST THINKING

Number 47

JT: On 20 January 2013, Barack Hussein Obama was sworn into office as the occupier of Number One Pennsylvania Avenue. The wording of the oath of office of the President of the United States is exactly specified in the *Constitution for the United States of America* in Article Two, Section One, Clause Eight. It must be taken before the president assumes office.

Before he enters on the Execution of his Office, he shall take the following Oath or Affirmation:—

"I (stated name) do solemnly swear (or affirm) that I will faithfully execute the Office of President of the United States, and will to the best of my Ability, preserve, protect and defend the Constitution of the United States."

Barack Hussein Obama repeated these words. Of course, they mean nothing to him because he is a born Muslim and he gives meaning only to what he writes and says, even if he means the opposite of what he writes and says.

Evidently, for Barack Hussein Obama the most important phrase in the oath of office is "to the best of my Ability". This is his scapegoat. He can always claim that he was unable to uphold his oath as ably completely as he wanted to.

What went unnoticed on January 21, 2013 is the fact that immediately and concurrently with the swearing-in ceremony there occurred the most important killing that has ever taken place in the world.

JT has a picture of the killed being.

At *The Obama Timeline* by Don Fredrick we read the following entry:

Aaron Klein reports at WND.com, “Secretary of defense nominee Chuck Hagel sits on the small board of a peace fund that finances an international ‘crisis management’ group that long has petitioned the Algerian government to cease ‘excessive’ military activities against al-Qaida-linked jihadists... The organization, the International Crisis Group, or ICG, called on Algeria to grant legitimacy to the very al-Qaida-linked group reportedly behind the kidnapping of about 40 foreign hostages, including several Americans, at a natural-gas field in Algeria. ...ICG petitioned for the Islamist group to participate in the Algerian government. (In addition to Hagel, other board members at the ICG—which is funded in part by Obama’s billionaire leftist buddy George Soros—include Mohamed el-Baradei, an Iranian shill, the anti-Semitic Robert Malley, who resigned from an Obama advisory position after it was revealed that he had met secretly with the terrorist group Hamas, and Zbigniew Brzezinski, who was Jimmy Carter’s inept National Security Advisor. The ICG is supposedly “an independent, non-profit, non-governmental organization committed to preventing and resolving deadly conflict,” but Soros has a reputation for fomenting crises. Obama advisor Samantha Power is also tied to the ICG, which promotes a doctrine called “Responsibility to Protect” that recommends allowing military interventions whenever the “international community” decides it is necessary. Power, who is married to Obama regulatory czar Cass Sunstein, urged Obama to take military action in Libya. the ICG has also recommended intervention in Uganda. The ICG has ties to various Islamic organizations, including the National Iranian American Council (NIAC), a pro-Iran “front group.”)

JT: These are true American Patriots if I ever saw any!

Pamela Geller of AtlasShrugs.com writes, “[D]espite the American loss of life [in Algeria], [Obama] has not spoken of it or taken any leadership action on this act of war. The American media are following his lead. Every major world leader whose people were kidnapped and/or killed was addressing his parliament, media and the people of their countries: This act of war was a major news story everywhere except in America. U.K.

JT: That's okay Pamela Geller. Obama is doing what a Muslim does. Condoning the deaths of the unbelievers, the Americans! Allah hop! Allah hop!! Allah hop!!!

JT: Don't worry POLDS, Satanic Obama will thaw it out with taxpayer money so that he and his kind can return home!

At <http://freebeacon.com/mullahs-in-space/> we read that Iran will send monkeys into space.

JT: Evidently Iran sees no difference between monkeys and mullahs. Should real, live mullahs (I'm told they exist but are dying out.) be sent into space, I suggest they be given a one-way ticket.

We read and see at <http://suckersonparade.blogspot.de/2013/01/famous-black-golfer-renews-contract.html> that America's chief Muslim golfer took the real oath of office on January 20, 2013.

She would make such a perfect mother!

On January 21, 2013, Obama The Greatest proclaims “National Day of Hope and Resolve, 2013.” Part of the proclamation reads: “Four years ago, the American people came together to chart a new course through an uncertain hour. We chose hope over fear and hard work during hardship, confident that the age-old values that had guided our Nation through even its darkest days would be sufficient to meet the trials of our time. Together, we have brought a decade of war toward a responsible end. We have saved our economy from collapse and fought for a future where everyone has an equal chance at opportunity. Millions of men, women, and children have made service their mission, reaffirming that America’s greatest strength lies not in might or wealth, but in the bonds we share with one another. Today, I have sworn an oath to preserve the fundamental freedoms and protections that are the lasting birthright of all who call this land home. I stand humbled by the responsibilities entrusted to me by our people, and I pray God’s grace will see us through the tests we will surely face in the days ahead. But even as I assume once more the solemn duty of this Presidency, let us also remember that the oath I spoke shares much in common with those taken by every service member and every immigrant, and with the pledge we make before our flag. These are the words of America’s citizens, and they represent our greatest hope.”

JT: Obama says God, but means Allah (Allah-Hubal) or Satan. There is no difference. A Muslim oath of allegiance to any non-Islamic government means nothing. There is only the oath to Allah (Allah-Hubal)! Sieg Heil! Seig Heil! Seig Heil! Allah hop! Allah hop!! Allah hop!!!

At <http://dailycaller.com/2013/01/23/in-graduate-thesis-john-brennan-argued-for-government-censorship-too-much-freedom-is-possible/> DailyCaller.com reports, “In his 1980 graduate thesis [“Human Rights: A Case Study of Egypt”] at the University of Texas at Austin, John Brennan denied the existence of ‘absolute human rights’ and argued in favor of censorship on the part of the Egyptian dictatorship. ‘Since the press can play such an influential role in determining the perceptions of the masses, I am in favor of some degree of government censorship,’ Brennan wrote. ‘Inflammatory [sic] articles can provoke mass opposition and possible violence, especially in developing political systems.’”

JT: I'm not surprised. Evidently John Brennan thinks that murder is a form of censorship and would be willing to kill Americans who are against Barack Hussein Obama. Here is what Pamela Geller has to say about John Brennan:

“Could you imagine an even more dangerous pick than Hagel for Secretary of Defense? Under Obama, yes. Worse is always what’s next.” With his pick of Brennan to head the CIA, “Obama is doing the full monty. ...Atlas readers are long familiar with the pro-jihadi thug Brennan. If you recall, during the 2008 presidential election, I ran a number of stories on the breach of Obama’s passport at the Department of State. It bears noting that John O. Brennan, whom Obama first appointed to be Assistant to the President and Deputy National Security Adviser for Homeland Security and Counterterrorism, in which capacity he made his notorious and incredible pro-terror remarks, some in Arabic no less, about the beauty of jihad, was connected with the tampering with Obama’s passport. He led the investigation into the breach of Obama’s passport records—the mysterious passport Obama traveled to Pakistan on in 1981. Quid pro quo? ...You will also recall that the key witness in the presidential passport tampering case [Lieutenant Quarles Harris, who was not a police or military officer but had an odd name that was strangely spelled] was murdered. Shot in the head, in his car, in front of his church.”

During a search of the cargo of the trailer, he discovered packages of road signs that read the following: ‘Martial Law in effect.’ The driver had a bill of lading in his possession stating that this cargo’s destination was to the Department of Homeland Security.” <http://beforeitsnews.com/conspiracy-theories/2013/01/road-signs-marked-martial-law-in-effect-found-during-routine-drug-stop-in-houston-tx-video-2448004.html>

At <http://yidwithlid.blogspot.de/2013/01/yes-hilary-it-makes-huge-difference.html> we read that Hillallahry is connected to lying.

JT: Nay. Hillallahry wouldn't do that!!! Hillallahry-what-difference-does-it-make?-Clinton wouldn't lie!!! Oh, YES SHE WOULD LIE. Hillallahry-what-difference-does-it-

make?-Clinton's true name is really Saula Alinsky. Don Fredrick of *The Obama Timeline* has collected the following information:

"Hillary Clinton also testifies before the House Foreign Affairs Committee, where she also "takes responsibility" without really accepting any responsibility—and without revealing any relevant new information. As with the Senate hearing, Democrat legislators shower Clinton with praise and ask softball questions, while the Republicans ask tougher questions that she generally avoids answering directly. (Several media pundits declare that the few tough questioners on the Republican side were the result of Clinton's gender.) That Clinton is able to lie to protect a Democrat in the White House should surprise no one. She had eight years of practice between 1993–2000. At CainTV.com, Dan Calabrese reminds readers that during the Watergate investigation Clinton was fired by the general counsel and chief of staff of the House Judiciary Committee for lying and unethical behavior. Jerry Zeifman, a lifelong Democrat, fired her 'Because she was a liar. She was an unethical, dishonest lawyer. She conspired to violate the Constitution, the rules of the House, the rules of the committee and the rules of confidentiality.'

Calabrese writes, '...Zeifman said [Clinton] was one of several individuals—including [Senator Edward Kennedy's counsel Burke] Marshall, special counsel John Doar and senior associate special counsel (and future Clinton White House Counsel) Bernard Nussbaum—who engaged in a seemingly implausible scheme to deny Richard Nixon the right to counsel during the investigation. Why would they want to do that? Because, according to Zeifman, they feared putting Watergate break-in mastermind E. Howard Hunt on the stand to be cross-examined by counsel to the president. Hunt, Zeifman said, had the goods on nefarious activities in the Kennedy Administration that would have made Watergate look like a day at the beach—including Kennedy's purported complicity in the attempted assassination of Fidel Castro. The actions of Hillary and her cohorts went directly against the judgment of top Democrats, up to and including then-House Majority Leader Tip O'Neill, that Nixon clearly had the right to counsel. Zeifman says that Hillary, along with Marshall, Nussbaum and Doar, was determined to gain enough votes on the Judiciary Committee to change House rules and deny counsel to Nixon. And in order to pull this off, Zeifman says Hillary wrote a fraudulent legal brief, and confiscated public documents to hide her deception. ...The brief was so fraudulent and ridiculous, Zeifman believes Hillary would have been disbarred if she had submitted it to a judge.'" <http://www.caintv.com/watergate-era-judiciary-chief>.

We read at <http://www.foxnews.com/politics/2013/01/23/panetta-opens-combat-roles-to-women/> that female soldiers can engage in combat against the Taliban in Afghanistan.

JT: That is good for one reason. If a Taliban or any Islamic terrorist is killed by a woman, that terrorist/Taliban will automatically go to hell, at least that is what the Koran says. The decision also means that Obama is in favor of women being able to protect themselves against enemy fighters, but other women who are not in military service should not be allowed to protect themselves against rapists and burglars in their civilian life. How hypocritical can one be? The answer is easy. 100 percent hypocritical like Barack Hussein Obama.

Always ready to provide security for Americans and illegal immigrants, the Department of Homeland Security advises POLDS on how to react to cold, winter weather. “Stay indoors during the storm.” “Walk carefully on snow, icy, walkways.” “Avoid overexertion when shoveling snow.” “Watch for signs of frostbite.” “Watch for signs of hypothermia.” “Drive only if its (sic) absolutely necessary.” “Conserve fuel, if necessary, by keeping your residence cooler than normal.” http://www.weeklystandard.com/blogs/dhs-offers-winter-storm-tips-if-you-must-shovel-snow-stretch-going-outside_697554.html.

JT: The dumb are advising the dumb! DHS doesn't bother to define *hypothermia*. Therefore, someone will suffer and sue the government! I wonder how much money this research cost the taxpayers? Well, we can always ask: *What difference does it make?*

<http://www.telegraph.co.uk/news/worldnews/asia/northkorea/9822865/North-Korea-to-carry-out-third-nuclear-test-aimed-at-US.html> tells us that “North Korea has announced plans to carry out a third nuclear test as part of ‘upcoming all-out action’ against America.

CNSNews.com reports on the growing numbers of sheriffs across the country who are “standing up to gun control measures proposed by both the administration and Sen. Dianne Feinstein.”

<http://cnsnews.com/blog/gregory-gwyn-williams-jr/number-nations-sheriffs-refusing-enforce-unconstitutional-gun-laws>

Don Fredrick of *The Obama Timeline* informs us that in April, Examiner.com reported, “A news report has been quietly making its way around the alternative media, under the radar screen, concerning a Delaware legal decision to strip county sheriffs of their arrest powers in the state. The mainstream media has not reported the story, but [Beau Biden] the son of Vice President Joe Biden, who serves as Attorney General for the state of Delaware, has issued a mandate to county commissioners informing them that sheriffs in the state’s three counties no longer have arrest powers. ...The move to weaken and dismantle sheriffs offices around the country is viewed by Constitutional watchdogs as an ominous signal in a broader attempt to usurp the rights of citizens on the local level in lieu of an expanded nationalized police force under the control of a federal bureaucracy.”

A POLD'S Bathtub Test

During a visit to the doctor, A POLD asked him, "How do you determine whether or not an older person should be put in a Care Home?"

"Well," he said, "we fill up a bathtub, then we offer a teaspoon, a teacup, and a bucket to the person to empty the bathtub."

"Oh, I understand," the POLD said. "A normal person would use the bucket because it is bigger than the spoon or the teacup."

"No" the doctor replied. "A normal person would pull the plug. Do you want a bed near a window?"
