JUST THINKING

JT: Remember what Shakespeare wrote? In *Hamlet*, act I, scene 4, the minor character Marcellus says: "Something is rotten in the state of Denmark." Marcellus means that the government is rotten from the head down. Well, there is no difference in the Obama regime. Above are some examples of the rotten eggs. Who are they? Well, dear reader, make your own choice of who is who. Perhaps it would be the best to see them as symbols of all members of the Obama regime. They are all rotten.

JT: This proves that beauty is **not** skin deep! It's not even present.

JT: An official Obama wedding photo has surfaced. You can view it here: <http://suckersonparade.blogspot.de/2013/03/orginal-obama-wedding-photo-uncovered.html>.

While *On the Record*, Arizona Governor Jan Brewer discusses the National Governors Association meeting with Greta Van Susteren. Brewer states that Obama said "he wasn't running for election. His elections were behind him and that he was going to do what he thought was right for the country. And he wasn't going to look at polls, like some politicians do because (they're) always looking forward to that next election. And that gave me a chill, because that tells me that he's going to do whatever he wants to do. And he's big on executive orders and exercising his power. So I think it's going to be a real scary time for America, not hopeful." (<http://cnsnews.com/news/article/gov-jan-brewer-says-obamas-2nd-term-will-be-real-scary-time-america>)

JT: I think that the answer to everything that dictator Obama does is to disregard all of his signed laws and executive orders on the grounds that he is not a legal president and therefore everything he does is illegal. All of the governors should do this. Every patriotic American interviewed by the enemedia should say this. All of the non-corrupt politicians should do this. All American patriots should do this. No court of injustice in the USA has ever confirmed that he is a legal president. Therefore, anyone who is obeying anything that Obama says or does is committing a crime. That person is doing something illegal. If enough persons did this and swamped the courts with litigation based on the argument that they cannot be forced to do something illegal (like being a peon under ObamaCare), some judge would eventually see daylight and rule accordingly. Furthermore, any time any official requires a birth certificate identification, refuse to show it because Obama has refused to show his. A government official requiring a person to show a birth certificate is discriminating against that person.

In Berlin, Secretary of State John Kerry tells an audience, "In America, you have a right to be stupid if you want to be, and you have a right to be disconnected to somebody else [sic] if you want to be, and we tolerate it. We somehow make it through that." (<http://pjmedia.com/tatler/2013/02/26/kerry-to-muslim-teen-in-america-you-have-a-right-to-be-stupid/>)

JT: Well, well, well. Look where stupidity got John Kerry.

At the Obama Timeline we read: On February 26 Michelle Obama is interviewed by ABC's Robin Roberts for *Good Morning America* to discuss gun control. Noting the shooting of 15-year-old Hadiya Pendleton, she says "...she was caught in the line of fire because some kids had some automatic weapons they didn't need. I just don't want to keep disappointing our kids in this country. I want them to know that we put them first." In fact, Pendleton's killer used a handgun—not an automatic weapon, rifle, or AR-15. Conveniently for the White House, ABC edits the interview to remove Obama's error before it is aired. The broadcast version: "She was standing out in a park with her friends in a neighborhood blocks away from where my kids grow—grew—up, where our house is. ...And she was caught in the line of fire... I just don't want to keep disappointing our kids in this country. I want them to know that we put them first." (Don Fredrick comments: ABC later provides an excuse: "The edits made to Robin's interview with the First Lady were made *solely* for time." For those readers who believe ABC, *The Obama Timeline* has a bridge in Kyrzakhstan to sell you.)

JT: I want to buy that bridge!

Senate Republicans cave in and end debate on the issue of Obama's nomination of the unqualified, anti-Israel Chuck Hagel to replace Leon Panetta as Secretary of

Defense. Hagel is confirmed by a Senate vote of 58–41. (<http://hotair.com/archives/2013/02/26/random-man-confirmed-by-senate-to-lead-worlds-greatest-military/>)

JT: All Democratic Party Senators voted for Hagel. Republicans Thad Cochran of Mississippi, Rand Paul of Kentucky, Mike Johanns of Nebraska, Richard Shelby of Alabama also voted to confirm Hagel. These Senate Republicans didn't cave in. These Senate Republicans were/are not true Republicans. Evidently there are no true Republicans. How much did their vote cost America?

Federal Reserve Board chairman Ben Bernanke tells the Senate Banking Committee “We do not have a specific target” date for the cessation of “quantitative easing.” “The reason is—a couple of reasons—one is... that there are a lot of other things happening in our economy like the fiscal issues... but in addition, we are paying very close attention... to the efficacy and costs of these policies, and that makes it very difficult to say ‘this is the number we’re going to achieve. ...We have not been able to come to a specific number which encapsulates both the changes in the labor market and the assessment of costs and efficacy which is another part of the decision process.”

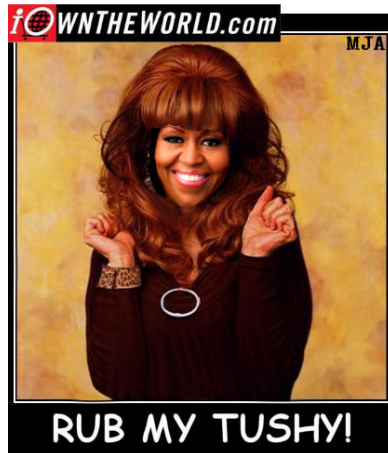

JT: Bernanke is such a financial genius. His solution is: "I'm going to print as much money as I want. When that doesn't solve the financial crisis, I will print as much money as I want! Then if that does not work, I'll print as much money as I want." Meanwhile JT has received visual proof of how Bernanke views Obamanomics:

JT: I think BigFurHat's comment is the best: "Unemployed, spoiled, and spends other people's money on crap."

Just read it: <http://creepingsharia.wordpress.com/2013/02/25/ny-muslim-group-asks-court-to-halt-publication-of-book-exposing-terror-training-camps-in-america/>

JT: It wouldn't surprise me if the camps receive taxpayer money.

Congresswoman Maxine Waters (D-CA) says, "...we don't need, uh, to be, um, having [sic] something like secrestration [sic] that's going to, uh, cause these job losses—over 170 million jobs that could be lost."

JT: Methinks Maxine Waters should receive the Nobel Prize for oratory!

JT: The dress costs nearly 9,000 dollars. For what? She could have wrapped herself in aluminum foil – from the toes to the top of her head. The effect would have been the same, except for the fact that the oxygen wouldn't have been polluted.

JT: So this is the reason the POLDS are in love with him/her/it! I wonder how much his/her/its dress cost.

At The Breakfast Table on Presidents Day

I was having breakfast with my 10-year-old Granddaughter and I asked her, "*What day is today?*"

Without skipping a beat she said, "*It's Presidents Day!*"

She's smart, so I asked her "*What does Presidents Day mean?*"

I was waiting for something about Washington or Lincoln, etc.

She replied, "Presidents Day is when President Obama steps outside of the White House, and if he sees his shadow, we have four more years of Bull shit."

You know, it hurts when hot coffee spurts out your nose.

JT: My caption is "The fish was this big children! Well, I thought it was a fish! It turned out to be a small cheeseburger!" I knew you readers thought that I was going to have a different caption! She was really talking about schools of fish!

<http://townhall.com/columnists/monacharen/2013/03/01/gullible-nation-n1522990/page/full/> reports that radio talk show host Chris Plante, noting Obama's claims that the slight budget cut will bring the government to its knees, says, "Since this two percent obviously covers all essential government spending, let's cut the other 98 percent!"

JT: Very logical. It is a superb goal. Let's cut Obama's salary down to zero and place him on a one-way flight to Kenya.

At NationalReview.com (<http://www.nationalreview.com/articles/341834/president-obama-s-legacy-government-greed-gov-bobby-jindal>) Louisiana Governor Bobby Jindal writes, "[T]he Obama years will be remembered as the Era of Government Greed. There isn't a problem ...Obama thinks can't be solved by more taxes and more spending. His solution is always to take more money out of the American economy and put it into the government. You can't grow the economy by taking money out of the economy. Yet that's [Obama's] plan, and it's leading us down a dangerous path. First, the greed of Wall Street crippled our economy, and now ...Obama's Government Greed is threatening to drown our economy. It's time for [Obama] to show leadership. It's time for him to send to Congress a list of reductions that preserves critical services. Every governor has had to balance budgets during tough economic times. Every family has to balance budgets, too. Every business has had to become more efficient and tighten its belt. It's time for [Obama] to stop campaigning, stop deploying scare tactics, and do his job."

JT: Mr. Jindal! Get off you political correctness trip. Talk reality! This is the reality:

[T]he Obama years will be remembered as the Decline and Fall of America and the giving up of liberties to a dictator. There isn't a problem that Obama and his goons don't create so that they can call for more taxes and more spending. His solution is always make the economy government controlled. His solution is to guillotine

capitalism and free enterprise. [Obama's] plan is to destroy the American economy and place it lower than a banana republic. We can survive the Greed of Wall Street but we can't survive Obama's personal greed. It's time for [Obama] to be impeached and removed from office and be thrown into prison to await his public lynching. It's time for Congress to take action, at least Congresspersons with a backbone for American patriotism. Every governor has had to balance budgets during tough economic times. Every family has to balance budgets, too. Every business has had to become more efficient and tighten its belt. It's time for Obama to disappear forever and it's time to allow the free market economy work.

From <http://de.sodahead.com/fun/are-you-a-democrat-a-republican-or-a-southerner/question-2194041/> via Don Fredrick of *The Obama Timeline*.

Here is a little test that will help you decide.

The answer can be found by posing the following question:

You're walking down a deserted street with your wife and two small children.

Suddenly, a terrorist with a huge knife comes around the corner, locks eyes with you, screams obscenities, raises the knife, and charges at you.

You are carrying a Kimber 1911 cal . 45 ACP, and you are an expert shot. You have mere seconds before he reaches you and your family. What do you do?

- Well, that's not enough information to answer the question!
- What is a Kimber 1911 cal . 45 ACP?
- Does the man look poor or oppressed?
- Is he really a terrorist? Am I guilty of profiling?
- Have I ever done anything to him that would inspire him to attack?
- Could we run away?
- What does my wife think?
- What about the kids?
- Could I possibly swing the gun like a club and knock the knife out of his hand?
- What does the law say about this situation?
- Does the pistol have appropriate safety built into it?
- Why am I carrying a loaded gun anyway, and what kind of message does this send to society and to my children?

- Is it possible he'd be happy with just killing me?
- Does he definitely want to kill me, or would he be content just to wound me?
- If I were to grab his knees and hold on, could my family get away while he was stabbing me?
- Should I call 9-1-1?
- Why is this street so deserted?
- Can we make this a happier, healthier street that would discourage such behavior.
- I need to debate this with some friends for a few days and try to come to a consensus.
- This is all so confusing!

Now go to <http://de.sodahead.com/fun/are-you-a-democrat-a-republican-or-a-southerner/question-2194041/> and scroll down to find the answer!

Looks like the Prime Minister of Turkey will be starring in another one of our bus ads. Criticism of the most brutal and violent ideology on the planet is a "crime against humanity."

"Just like Zionism, anti-Semitism and fascism, it becomes unavoidable that Islamophobia must be regarded as a crime against humanity," Erdogan said.

JT: Methinks Mr. Erdogan is a prime time crime criminal. Let's throw some shoes at him!

JT: Video tip:

http://www.youtube.com/watch?feature=player_embedded&v=uNNeVu8wUak.

From the YouTube description:

"Determined to find the law that requires American citizens to pay income tax, producer Aaron Russo (Bette Midler's *The Rose*, *Trading Places*) set out on a journey to find the evidence. Neither left nor right-wing, this startling examination of government exposes the systematic erosion of civil liberties in America since 1913 when the Federal Reserve system was fraudulently created. Through interviews with two U.S. Congressmen, former IRS Commissioner and former IRS and FBI agents, tax attorneys and authors, Russo connects the dots between money creation, federal income tax, and the national identity card, which becomes law in May 2008 and will use Radio Frequency Identification (RFID) technology."
