"Malia Obama Now Dining in Manhattan On Weekends for Some Reason

Posted by [Jammie](#) on Mar 05, 2013 at 2:35 pm

Pretty soon we'll have Dad off on his golf weekends, Mochelle on the slopes in Aspen and the Obama kids partying it up wherever.

Good thing the Obama Sequester hasn't affected the White House [social budget](#) yet.

The sight of First Daughter Malia Obama at a dinner this weekend with her friends prompted one spy to describe the meal as a "young girl's social power club gathering." On Saturday night, President Obama's elder daughter, 14, was spotted at giant Chelsea restaurant Buddakan with eight of her friends, including a daughter of New York Giants chairman Steve Tisch. According to witnesses, the girls were chaperoned by four parents and five security guards who dined at the table directly next to them. "She was in the middle of a gaggle of young girls," one source told us, while Secret Service remained a comfortable distance behind them — and deterred other customers from bothering them.

Well, we at least hope she's proud that her country does so much for her. Clearly she's enjoying the high life like her parents.

Malia and her friends were overheard saying, "This place is so hip" while they dined on rock shrimp, edamame dumplings, short ribs, lobster fried rice and noodles. An Obama rep didn't get back to us.

How many poor children won't have medicine so Malia Obama could eat her rock shrimp and edamame dumplings?"

JT: While Malia is dining in New York, mother Moosechelle dines in Washington, as the photo proves.

"WASHINGTON (BHN) - First lady Michelle Obama was seen gorging on pizza after kicking off her second term "Let's Move" exercise/healthy eating campaign.

Sources said it "sounded like a hyena eating a gazelle" as Mrs. Obama inhaled a deep dish Supreme amid a spray of pepperoni and cheese. "Oh my God, I've never seen a woman take a pizza like that," said one onlooker. "There was sauce coming out of her nose."

The FLOTUS is regularly spotted around town enjoying chili fries, double cheeseburgers, malts, Pepsi, and of course, pizza."

JT: Asked about her diet, Moosechelle replied, "Munch, vurp, burp, ah! Munch, munch. Munch, burp erp!" JT thanks Moosechelle for these tasty words of intelligence.

JT: Hugo Chaves, the President of Venezuela is dead. He was so young! I feel so bad about his death! After all, he could have been the next President of the United States of America. Barack Hussein Obama paved the way for him by setting a precedent for foreigners to illegally occupy the Oval Office. (Any similarities to the picture above is purely coincidence.)

JT: Methinks Muslims are overjoyed. Knives and lying are their favorite weapons.

At http://righttruth.typepad.com/right_truth/2013/03/the-latest-from-massa-choose-sex.html we read that at least in Massachusetts elementary schools there are no males and no females. There are only transgender that have become trash-humans, oops, transhumans. Writes Martine Rothblatt in her book, "The blending of gender and marking of skin are revolutionary onramps to the transcendence of fleshism....We all have way too much gender to be forced into male or female pigeonholes. It is a multi-gender, multi-sexual society awaiting us in the future. One that is fun and full of creative choices." The name of her book? *Transgender to Transhuman*. In the future all of us will be **its**. What do I think about this? Hummmm!

Sh.....it!

How to destroy America. Taken from [The Naked Communist](#)," by Cleon Skousen.

1. U.S. acceptance of coexistence as the only alternative to atomic war.
2. U.S. willingness to capitulate in preference to engaging in atomic war.
3. Develop the illusion that total disarmament [by] the United States would be a demonstration of moral strength.
4. Permit free trade between all nations regardless of Communist affiliation and regardless of whether or not items could be used for war.
5. Extension of long-term loans to Russia and Soviet satellites.
6. Provide American aid to all nations regardless of Communist domination.
7. Grant recognition of Red China. Admission of Red China to the U.N.
8. Prolong the conferences to ban atomic tests because the United States has agreed to suspend tests as long as negotiations are in progress.
9. Promote the U.N. as the only hope for mankind. If its charter is rewritten, demand that it be set up as a one-world government with its own independent armed forces.
10. Resist any attempt to outlaw the Communist Party.
11. Do away with all loyalty oaths.
12. Continue giving Russia access to the U.S. Patent Office.
13. Capture one or both of the political parties in the United States.
14. Use technical decisions of the courts to weaken basic American institutions by claiming their activities violate civil rights.
15. **Get control of the schools. Use them as transmission belts for socialism and current Communist propaganda. Soften the curriculum. Get control of teachers' associations. Put the party line in textbooks.**
16. Gain control of all student newspapers.
17. Use student riots to foment public protests against programs or organizations which are under Communist attack.
18. Infiltrate the press. Get control of book-review assignments, editorial writing, policy-making positions.
19. Gain control of key positions in radio, TV, and motion pictures.
20. Continue discrediting American culture by degrading all forms of artistic

expression. An American Communist cell was told to “eliminate all good sculpture from parks and buildings, substitute shapeless, awkward and meaningless forms.”

21. Control art critics and directors of art museums. “Our plan is to promote ugliness, repulsive, meaningless art.”

22. Eliminate all laws governing obscenity by calling them “censorship” and a violation of free speech and free press.

23. **Break down cultural standards of morality by promoting pornography and obscenity in books, magazines, motion pictures, radio, and TV.**

24. **Present homosexuality, degeneracy and promiscuity as “normal, natural, healthy.”**

25. Infiltrate the churches and replace revealed religion with “social” religion.

Discredit the Bible and emphasize the need for intellectual maturity, which does not need a “religious crutch.”

26. Eliminate prayer or any phase of religious expression in the schools on the ground that it violates the principle of “separation of church and state.”

27. Discredit the American Constitution by calling it inadequate, old-fashioned, out of step with modern needs, a hindrance to cooperation between nations on a worldwide basis.

28. Discredit the American Founding Fathers. Present them as selfish aristocrats who had no concern for the “common man.”

29. Belittle all forms of American culture and discourage the teaching of American history on the ground that it was only a minor part of the “big picture.” Give more emphasis to Russian history since the Communists took over.

30. Support any socialist movement to give centralized control over any part of the culture—education, social agencies, welfare programs, mental health clinics, etc.

31. Eliminate all laws or procedures that interfere with the operation of the Communist apparatus.

32. Eliminate the House Committee on Un-American Activities.

33. Discredit and eventually dismantle the FBI.

34. Infiltrate and gain control of more unions.

35. Infiltrate and gain control of big business.

36. Transfer some of the powers of arrest from the police to social agencies. Treat all behavioral problems as psychiatric disorders which no one but psychiatrists can understand [or treat].

37. Dominate the psychiatric profession and use mental health laws as a means of gaining coercive control over those who oppose Communist goals.

38. **Discredit the family as an institution. Encourage promiscuity and easy divorce.**

39. Emphasize the need to raise children away from the negative influence of parents. Attribute prejudices, mental blocks and retarding of children to suppressive influence of parents.

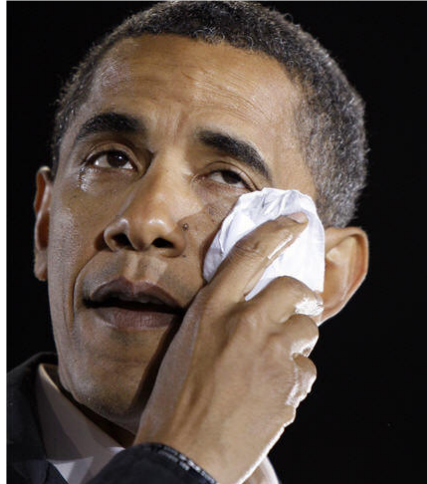

40. Create the impression that violence and insurrection are legitimate aspects of the American tradition; that students and special-interest groups should rise up and use [“]united force[”] to solve economic, political or social problems.

41. Overthrow all colonial governments before native populations are ready for self-government.

42. Internationalize the Panama Canal.

43. Repeal the Connally reservation so the United States cannot prevent the World Court from seizing jurisdiction [over domestic problems. Give the World Court jurisdiction] over nations and individuals alike.

JT: All of the above are the methods by which an atmosphere id to develop that will overthrow the American Republic. Place emphasis on the bold underlined items: 15, 23, 24, and 38! This is what is now happening in Massachusetts and in many other states.

Source: <http://www.redstatereport.com/wp-content/uploads/2010/06/obama-crying.jpg>

JT: Here's what he's thinking: "Because of the sequester I can't play as much golf as I want. And, sob, sob, sob. I miss Reggie so much!" No! Not S. O. B., S. O. B., S. O. B, although that fits perfectly.

Wonderful Vacations!

Enjoy!

You paid for them!

We know that you will love this, because you wouldn't want to deprive an underprivileged, poverty stricken, minority couple from Chicago from receiving all the attention and travel opportunities they desire and rightly deserve.

Photos you will enjoy.

Oh for the life of the rich and famous. There is no end to what our tax dollars can buy. Hope you like the \$4.00 per gallon gasoline you need to drive to work – you are lucky to have a job, millions don't have one. And enjoy the steady rise in the price of every item at the grocery store. Just smile and suck it up. All of us are sacrificing, even Barack and Michelle, as you can see.

Honestly, you just haven't lived 'til you've stayed in a private 3-story villa at a 5-Star luxury hotel – the Villa Padierna. It only cost **\$95,000**, and I was able to hold the total bill under \$500,000 for the week.

What a bargain!

Thank you also for the use of Air Force Two and the 70 Secret Service personnel who tagged along to be sure we were safe and cared for at all times. Air Force Two, which only costs \$11,351 per hour to operate according to the Government Accounting Office reports, used only **47,500 gallons of jet fuel** for this trip, and carbon emissions were a mere 1,031 tons of CO₂. That's quite a carbon footprint as my good friend Al Gore would say, so we must ask the American people to drive smaller, more fuel efficient cars and drive less too, so we can lessen our combined carbon footprint.

But hey, Barack's Air Force One costs about **\$200,000. per hour** to operate, and with his many trips, he spent almost half a billion dollars on flights alone last year. Yeah, that's with a B! \$500,000,000.

He does so much flying for the United States of America. He doesn't do it for himself.

By the way, if you happen to be visiting the Costa Dael Sol, I highly recommend the Beneventura Plaza Restaurant in Mirabella; great lobster with rice and oysters!

I'm ashamed to admit the lobsters we ate during our vacation in Martha's Vineyard were not quite as tasty, but what can you do if you're not staying in a luxury hotel in Europe, you just have to grin and bear it. Anyway, some very expensive wine will always make the dinner better.

I know times are hard and millions of you are struggling to put food on the table and trying to make ends meet. So I do appreciate your sacrifices and do hope you find work soon.

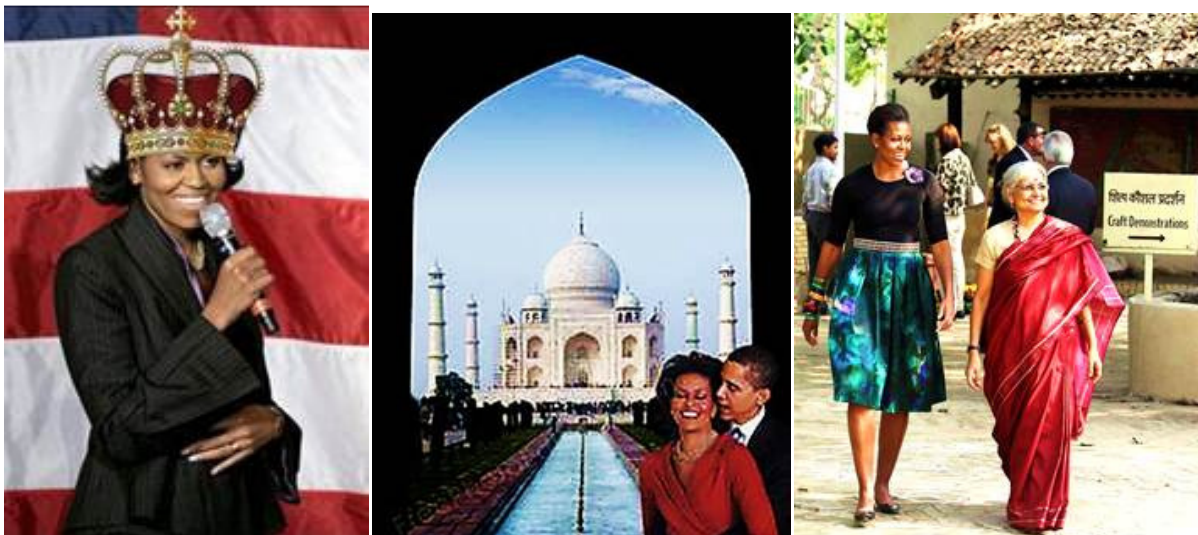

But think of the work and stress on me. I was really exhausted after Barack took our family on a luxury vacation in Maine some weeks ago. I just had to get away for a few days.

Cordially,
Michelle Obama

P.S. Thank you as well for the **\$2 BILLION dollar trip to India** from which we returned in a very happy mood. The thought has just occurred to me: After several terms as your president, perhaps four or five, if Barack would be made head of the United Nations, I could feel, travel, and be treated like the Empress of all the world because I deserve it. You all know we are closet Muslims and that the whole world belongs to Muslims and Islam!

P.P.S. Thank you, too, for that vacation trip to Martha's Vineyard – it was fabulous! And thanks for that second smaller jet that took our dog Bo to Martha's Vineyard so we and the children could have him with us while we were away from the White House for eleven days.

P.P.P.S. Oh, I almost forgot to say thanks also for our two-week trip to Hawaii at Christmas. That 7,000 square foot house was great!

I'd show you some pictures of our bedrooms, one for me and Barack and one for Barack and his body servant. Barack needs to have some variety in life after working so hard for America and putting his life on the line for the *Constitution*. You know he has taken two oaths to uphold the *Constitution*. He's such a perfect patriot!

Our weekend, possible future retreat in Hawaii has a natural pool. Barack and I would have personal servants with the responsibility of making sure the sun didn't burn us and that the heating was 80 degrees F on those cold 70 degree Hawaiian nights.

We would really like to buy this place for a weekend get-away in the summer. But we don't think that you American taxpayers can afford it, although we truly know that you would love to purchase it for us. Ya'll are so kind and open-hearted.

Barack loves to play golf. He says it's a great opportunity to relax and think about the best policies for Americans.

Sometimes he makes believe that the balls he is clubbing are his political opponents.

He would love to shoot a hole-in-one, but there are always too many people watching him. He's so sweet! Even his body servant thinks he's sweet.

P.P.P.P.S. We all had a fabulous time in Africa visiting **Barack's homeland**. What a wonderful place!

P.P.P.P.S. It is important that the girls were in Africa with my mom. It's important for them to know where their father was born and where I and my mother came from. At heart, although we consider ourselves partly American, we are truly at home in Kenya. My mom particularly loves the African voodoo culture. She says it should be introduced into America as a major part of ObamaCare. It surely would sink the costs. I think she has a good idea!

And don't forget my ski trip to Vail this winter!

It would be great if we could have the taxpayers purchase a private ski resort for our winter holidays. But we cannot require them to do that now. Perhaps it will be possible sometime during our third term.

All the while Barack played golf and campaigned to keep my trips coming for the next 4 years!

Thanks America! But being in the White House you owe it to me! You owe it to us! And with Barack in charge and fundamentally changing America, and with me being the most fabulous First Lady you ever had, maybe you will allow us to stay here permanently. Well, knowing how much you love us, I can let you know that we are working on the plan. Just think, the United States has never had a caliph. Uncle Allah wills it!

Love ya! Remember, we all have to share the pain of these hard economic times equally! We love to redistribute and share the wealth.

See ya'll on the next vacation!

Michelle and Barack

JT: I enjoyed every one of these important vacation trips. Thug and Mooschelle work so hard for America. I'm so happy to see my tax dollars put to good use! On second thought.....THROW SHOES AT THEM!
