JUST THINKING

Number 57

JT: A friend of mine has been having an unusual dream. Every morning at about 4 AM she dreams that she's hiking with a backpack of provisions and fresh water. She sees a man lying on the ground, face down. She knows that the man is alive, but she can't turn him over. She speaks to him and asks him who he is. Then my friend wakes up. She's had the dream five nights in a row. Last night, the sixth night, she had the same dream and came to the situation where she shakes the man and asks who he is. The man turns over and says, "I'm Barack Hussein Obama, your president. I need some water, some water, please, I need a drink of water, otherwise I won't live to see another day." The dream was over and my friend woke up with this morning with this question in her mind: *Why should I contaminate my water?*

Commenting on the bombing at the Boston Marathon on Monday, 15 April 2013, Barack Hussein Obama said the following: "We still do not know who did this or why, and people shouldn't jump to conclusions before we have all the facts. But, make no mistake, we will get to the bottom of this, and we will find out who did this, we'll find out why they did this. Any responsible individuals, any responsible groups, will feel the full weight of justice." (<http://www.politico.com/story/2013/04/white-house-dc-nyc-boost-security-boston-90085.html?hp=t1>)

JT: Where and when and how often have I heard this or similar statements from Barack Hussein Obama before? I'm still waiting for true answers.

JT: I'm reposting this in its entirety with this added question. Barack Hussein Obama! How long will we have to wait for the true answers?

[Boston Marathon Bombing: How did this image make it to a jihad portal?](#)

Source: <http://tammyswofford.blogspot.de/2013/04/boston-marathon-bombing-how-did-this.html>.

Yes, I have violated my own policy to avoid graphic images. Two things caused me to consider posting this image. A print media organization chose to photo-shop injuries to make them look benign and palatable to readers. Acts of terror are committed by individuals with malignant ideologies. Malignant images should not be softened. *Is this one of the images taken by Carlos Arredondo? If so, how did it end up on a jihad portal? Has it passed from person to person? Or did "our side" post it to elicit information? Regardless, the concern for me is the "Ha ha" comment on the site. This is not a "Ha ha" moment. Sane people never laugh in the face of immense tragedy. I apologize for the horrific image. But it seems very, very important that Americans understand the true medical outcomes of explosions activated within corridors with a dense population demographic. Reading about "amputations" and "dismemberment" is one thing. Seeing it, is completely different. I contend that it is not the Time Magazine cover with a child with a blood streak on the face which is the image which shows the horrific nature of this attack. It is the image of a man with dismemberment which defines this act. This is the image. View it quickly and then let it sink into your psyche. Stop for a moment, and imagine the PTSD for the surgeons and nurses who had to receive these injuries into the operating room. Can they sleep now? I cannot sleep. Pray. Pray for our nation. Pray that the forensic evidence will lead to an arrest. Pray that when an arrest is made, we will react as Americans: with fortitude, patience, and the wisdom to examine the situation with clarity. Fall on your knees. Pray for the families involved. Now that you have viewed the image, put a guard on your own heart. Evil exists. We have seen it in full. We reject it. Tammy Swofford

Hope n' Change

HopeNChangeCartoons.com / ©2013 by Stilton Jarlsberg

When asked about the nightmarish horrors of Dr. Kermit Gosnell's abortion clinic, the president (who has previously advocated killing infants who are born alive after a failed abortion) said that he couldn't talk about a legal matter which was unresolved but, like Bill Clinton, he believe that abortions should be "safe, legal, and rare."

Hope n' Change was baffled by what meaning of "rare" he could be referring to, until Mrs. Jarlsberg explained that the dog-eating Mr. Soetoro was *probably* using a culinary term.

JT: Think about this:

- 1863: John Wilkes Booth, a Democrat, shot and killed President Abraham Lincoln in Washington, D. C.
- 1868: George A. Clark, Secretary of the Democratic Committee of Monroe County, Arkansas, assassinated James M. Hinds, Congressional Representative from Little Rock, Arkansas.
- 1901: Leon Frank Czolgosz, a Polish-born socialist/anarchist and anti-Republican, assassinated President William McKinley.
- 1983: John Hinckley, Jr., a registered Democrat, shot and wounded President Ronald Reagan in Washington, D. C.
- 2007 Seung-Hui Cho, a registered Democrat, shot and killed 32 people in Virginia Tech, Blacksburg, Virginia.
- 2010 Jared Lee Loughner, a mentally ill, registered Democrat, shot Representative Gabrielle Giffords and killed 6 others, among them Federal Judge John Roll, near Tucson, Arizona.
- 2011 James Holmes, a registered Democrat who has converted to Islam, went into a movie theater and shot and killed 12 people in Aurora, Colorado.
- 2013 Adam Lanza, a registered Democrat, shot and killed 26 people including school children in a school in Newtown, Connecticut.
- 2009 to the present: Barack Hussein Obama, Democratic Party putative President, has ordered at least these drone strikes that have killed at least the following youth: (Source: <http://www.globalresearch.ca/the-children-killed-by-americas-drones-crimes-against-humanity-committed-by-barack-h-obama/5320570>.) JT: He's thinking about how he can urinate and defecate on America in more ways than he has already. The picture on the wall is Lady Moosecheallah Presidentialia.

Consider these statements from <http://www.israpundit.com/archives/54275>.

"The Obama administration is demonstrably the least trustworthy and most corrupt and corrupted administration this country has ever experienced. There may be people who will disagree with this assessment. Cognitive skills escape some people."

...

"The Saudis and other Arabs who have illegally funded Obama's two elections have IOU's coming from Obama, and they called these in. The Sunnis want the Shiia/Alawite Assad regime to fall, and are doing all that they can to make this happen. They are using us surrogate servants towards this end. The Clintons are no less involved in that they receive millions of dirty Arab oil money as well via 'slick' Willie's regular "speaking" trips to the oil states and then collecting multi-million dollar honorariums on a very regular basis."

"In short, the President of the United States is owned by the Saudis and their partners as is the aspiring future President of the United States, Hillary Clinton. They are agents of another government, are traitors and ought to face appropriate justice for these high crimes and treasonous acts."

...

"Now, we have the savage Boston Marathon terrorist blasts which were wildly cheered by Moslems the world over. The Boston police quickly apprehended a Saudi citizen in the early stages of their investigation. His name is Abdul al-Harbi. He was wounded and spent a short period of time in a Boston hospital where a prominent Saudi newspaper reported that the Saudi national was visited by the first lady of the United States, Michelle Obama, during his hospital stay. Haribi is an operational jihadist who has several relatives involved with the terrorist al Qaeda network, and has two of his terrorist kinfolk ensconced at Gitmo. Is Haribi motivated to take some sort of revenge on America? You betcha! Were eighteen of the 9/11 hijackers fellow Saudis? You betcha! Is Haribi well schooled in terrorism? You betcha! Does Haribi have access to sufficient funds to hire jihadis to do his bidding in this? You betcha!"

"How the hell did this swine, Haribi ever get a visa to come to the USA in the first place? Did he get his visa because of corruption in the State Department? You betcha! Was "Congressional" influence imposed in getting his visa? You betcha! Within hours of this jihadi, Haribi, being apprehended by the excellent Boston police, the FBI took over the investigation, and just hours later, this Saudi prince of slime was 'deported' back to Saudi Arabia. Why? We know that the FBI is also infiltrated by Islamic terrorists. It's no great leap of faith to connect the dots indicating that Obama told Holder, who told Mueller, who told others to get the SOB out of America before his apparently very close ties to the Saudi royal family were revealed. Are the Saudis tied to this act of jihadi terrorism, this blatant act of war, on American soil? You betcha!"

JT: Let's arrest Barack Hussein Obama convict him of fraud and treason and get rid of him! YOU BETCHA!!

We read at <http://cnsnews.com/news/article/first-lady-federal-workers-are-invisible-face-no-one-knows-what-they-do> that in her speech to employees of the Department of the Interior Michelle Obama states, "I want you to know how much Barack and I truly appreciate everything that you do, and I know you don't hear that. People don't even know you exist. It's so true. I mean, federal workers are this invisible face. No one knows what they do, what it means, how much they benefit us. So on behalf of myself and [my husband] and the first family, I want to say thank you, thank you, thank you. I want you to know how proud we are of all that you do. We want you to know how grateful we are to your families, for the sacrifices that you make oftentimes to do what you do. So hang in there and know that what you do is extremely important. Hang in there. We need you. This country needs you. Our children need you."

JT: I'm trying to hold it back! I regurgitate, throw up, bring up, puke, heave, spit up, spew up, disgorge, regorge, retch, gag, cough up, keck, dry-heave, am sick to my stomach, am nauseated, nauseate, heave the throw-ups, have mal de mer, turn green, barf, upchuck, toss my cookies, return my

We read at <http://www.washingtontimes.com/news/2013/apr/25/us-female-sailor-beats-dubai-rapist-bus-driver-sub/>. That "An off-duty U.S. navy sailor wrestled a Dubai bus driver to the ground and beat him into submission after he tried to rape her at knifepoint on Jan. 19, a courtroom heard Wednesday.

The woman, 28, was on 24-hour shore leave in Dubai when she was attacked by a bus driver after he picked her up from the Mall of the Emirates shopping center.

"I noticed he did not take the main road and when I asked him he told me not to worry," she said, according to the Daily Mail.

He then stopped where several other buses were parked and tried to kiss her. After she refused, he pulled out a knife and tried to rape her.

Prosecutors said that she knocked the knife from his hand, broke it in two, bit him in the hand, forced him to the ground and locked him between her thighs, the Daily Mail reports.

The man, known as K S, has been charged with attempted rape, threatening to kill, assault and consuming alcohol illegally, the Daily Mail reports.

JT: What is really bad for K. S. is that Allah and Muhammed will never allow him into Jannah, because he was subdued by a woman! Three cheers for the female sailor! Hip Hip hurray! Hip Hip hurray! Hip Hip hurray!

JT: Michelleallah! The Arab curse is that the fleas of a camel are supposed to infest your armpits! Evidently they were not facing Mecca and infested something else.

JT: A final note on the Boston Marathon Bombing: JT has learned that Barack Hussein Obama has decided to refer to the Boston Marathon Bombing as Leisure Sport Violence in order to distract from the possibility of his having allowed it to happen.
