## JUST THINKING

Number 59

JT: Why is the enemedia the enemedia? If you know the writings of Karl Marx as I know them, you'll know why. Here is the reason that the enemedia is an enemy to the United States of America. It's straight from Karl Marx.

(No, dumbed downers! He was not one of the Marx Brothers!)

In order to achieve communism, "It is the first duty of the press to undermine the foundations of the existing political system."

Source: Marx, Karl and Engels, Friedrich. *Werke*, Berlin: Dietz Verlag: 1974, Vol. I, p. 344; Vol. I, p. 380; Vol. VI, p. 234; Vol. XXVII, p. 190.

\*\*\*

JT: Think about this: In Greek mythology the cruel, heathen deity Zeus is the father of all gods and men. He was the king of all gods and reigned over the universe. He is known for his ferocity and deceptiveness. There is a statue of Zeus in the lobby entrance of the United Nations building in New York City. It was presented to the United Nations by the Greek government on 2 October 1957. (<http://www.fgcp.org/system/files/images/Zeus%20statue%20in%20the%20UN.jpg>)

Now what could that symbolize?

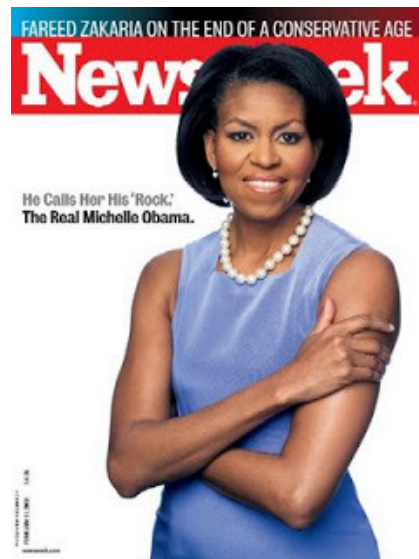

\*\*\*

Senator Rand Paul (R-KY), said on *This Week*, "I don't know whether people were targeted [by the IRS] for conservative religious values or just conservative political values and sometimes there's an overlap. I think we have to get to the bottom of this. I think the constellation of these three scandals ongoing [IRS targeting, Benghazi cover-up, and spying on telephone records of Associated Press reporters] really takes away from [Obama's] moral authority to lead the nation. Nobody questions his legal authority, but I think he's really losing the moral authority to lead this nation. And he really needs to put a stop to this. I don't care whether you're a Republican or Democrat, nobody likes to see the opposite party punishing you for your political beliefs. ...The main woman from the IRS [Lois Lerner] that's involved has taken the Fifth Amendment. She's no longer cooperating, so I have called for her suspension. [Obama] did respond to that and he has suspended her. However, he's still paying her, so I don't want that to go on forever. I think there needs to be a speedy resolution on this, and I think [Obama] is in danger of losing his moral authority to lead the nation if we don't get to a resolution. Now he says he's going to listen to his commissioner—new IRS commissioner—in 30 days. Well, the investigation's been going on over a year now, so I would think it wouldn't take very long. If he goes

beyond 30 days and if no one is fired over this, I really think it's going to be trouble for him trying to lead in the next four years."

JT: The underlining is mine! Does Rand Paul live in a different United States of America? Obama has no morals, therefore, he has no moral authority. Obama doesn't know what morality is! Obama has no legal authority, therefore, he is an illegal president. Obama doesn't know what legality is! I didn't know that Kentucky has that much sand for Rand Paul's head.

We read at <http://www.nydailynews.com/gitmo-guard-converts-islam-demands-release-detainees-article-1.1357918> that a "Guantanamo guard converts to Islam, demands release of detainees. Terry Holdbrooks was deployed to the Guantanamo Bay detention center to guard detainees. The Phoenix, Ariz., resident has become a devout Muslim and an unlikely advocate for the prisoners' rights.

JT: One more lunatic for Islam!

### Turkey's Islamist Govt. Building Mega Mosque in U.S.

"Most Americans probably don't realize that Turkey's Islamist government is building a colossal mosque in the United States with the input of several branches of a group known as the parent organization of Hamas and al Qaeda.

It's an alarming story unlikely to receive coverage in the mainstream media, however, a nonprofit dedicated to exposing the dangers of Islamic extremism has posted information about the project on its website. The [\\$100 million mega mosque](#) will be erected in Lanham, Maryland and is expected to "become the largest and most striking example of Islamic architecture in the western hemisphere" when it is finished in 2014.

The massive facility, which will be called Turkish American Culture and Civilization Center, will span 15 acres and will feature five buildings, including a mosque "constructed using sixteenth century Ottoman architecture that can hold 750 worshippers." It will be a place that will help counter an epidemic of "Islamophobia" in the United States, according to Turkish government officials who recently visited the construction site. The delegation was led by Turkish Prime Minister Recep Tayyip Erdogan, whose goals include increasing Islamist influence in America.

Greeting Erdogan, who is transforming Turkey from a secular democracy to an Islamist state, on his recent visit to Maryland were leaders of two entities of the U.S. Muslim Brotherhood, the parent organization of Hamas and al Qaeda. They include Naeem Baig, president of the Islamic Circle of North America (ICNA) and Mohamed Magid, president of the Islamic Society of North America (ISNA).

A U.S. Muslim Brotherhood memo cited in the story lists ICNA as one of "our organizations and the organizations of our friends." The memo says its "work in America is a kind of grand jihad in eliminating and destroying the Western civilization from within." The memo even refers to meetings with ICNA where there was talk about a merger. ISNA, an unindicted co-conspirator in the nation's largest Islamic terror funding case, is a renowned U.S. Muslim Brotherhood front group.

This is hardly the first time Turkey's increasingly radical government tries to infiltrate the United States. The same terrorism watchdog group that exposed this outrageous mosque project also wrote about a network of Turkish charter schools, called Fethullah Gulen, being investigated by the FBI. It's the largest charter school network in America and is a critical component in Turkey's transformation from a secular democracy to an Islamic state.

Incredibly, the Obama administration gives radical Turkish government officials free reign in the United States. During the recent visit to the mosque construction site in Maryland, Erdogan's deputy prime minister, Bülent Arınç, [slipped away from the delegation](#) for a day, according to a newspaper that covers Turkish affairs abroad. Arınç reportedly visited an "Islamic scholar" who lives in self-imposed exile in Pennsylvania."

JT: Now what will the mosque-goer-lunatics learn from this so-called Turkish cultural center? Let's come up with some possible pedagogical activities in the future.

- How to institute Sharia law in America
- How to behead your Christian neighbor.
- How to live off the US government.
- How to kill Americans with Armenian heritage.
- How to pray to a moon god.
- It will be a mausoleum for Barack Hussein Obama.

I could go on ad infinitum. However, the reader is kindly invited to come up with some possible anti-American activities that will be undertaken by the mega mosque in Lanham, Maryland.

\*\*\*

JT: Obama's politics are all encompassing because the long-term policies have short-term evils and the short-term policies have long-term evils.

Have I said this before? Well perhaps a repeat will underscore the message.

\*\*\*

Nabil Naim Abdel Fattah, a former bodyguard for Osama bin Laden, claims U.S. Navy SEALs did not kill the al-Qaeda leader in the 2011 raid on his compound in Pakistan. Instead, according to Fattah, bin Laden wore an explosive belt and blew himself up: "He insisted on never handing himself over to the Americans. The American intelligence had planned to capture him alive, but they miscalculated. He blew himself up to avoid being captured because he wanted to protect his secrets until death." [45291]

JT: According to inside information, the blow-up was really a fizz because of the hot air contained within the vapors.

\*\*\*

JT: In *Just Thinking Number 58* I wrote the following concerning Obama on the night of the Benghazi terror attack against Americans:

*Inapt!!! Means the same as unsuited, unsuitable, unfitting, unfit, inappropriate, un apt, out of place, inapposite, inapplicable, impertinent, unrelated, nonrelated, inconsistent, incongruent, incongruous, out of keeping alien, foreign, inept, incapable, incompetent, unadept, unadroit, maladroit, undexterous, undeft, unskillful, left-handed !!!) all thumbs, butterfingered, clumsy, awkward, ungraceful, graceless, ungainly, like a bull in a china shop, oafish, cloddish, lumbering, heavy-footed, heavy-handed, klutzy, wooden, stodgy, stolid, unweildly, and stiff (!!!)*

*Take your pick.  
I think he was high with his body servant!  
I have underlined the sentence for emphasis.*

Now we read that Obama was as "high as a kite" by Kevin DuJan at HillBuzz.org: "...[O]nce you take drugs you are pretty much on another astral plane for however long it takes for the drugs to leave your system. I've sadly watched a lot of incredible people in the nightlife scene ruin their lives with cocaine over the years, and once these people got high they stayed high until the drugs metabolized enough for them to function. ...The [Benghazi evening] timeline... fleshed out perfectly fits a scenario where Barack Obama retired to his private quarters (perhaps with Reggie Love... or maybe one of the other low-ranking young men who are forever suspiciously palling around with [Obama]...) sometime around 6pm EST or so on 9/11/12. He then seems to have taken drugs (which I believe most likely involved cocaine). Hillary Clinton either showed up to kill his buzz or she kept calling on the phone over and over again until he answered at 10pm. I'm sure he hung up on her as fast as he could, because the woman scares him (and no doubt scolds his sorry ass every chance she gets). From then until the staff was finally able to rouse, dress, and make him presentable enough for the public at 1030am the next day Barack Obama appears to have been out of his mind high on drugs." (<http://hillbuzz.org/barack-obama-was-high-on-cocaine-during-the-missing-hours-of-the-benghazi-attack-last-september-90072>)

I guess JT's assessment of the situation is right on target!

\*\*\*

In a Quinnipiac poll released May 1, (Obama) received a 48 percent job-approval rating, with 45 percent disapproving. Asked if they consider Obama honest and trustworthy, 49 percent respond positively and 47 percent negatively; the percentages were 58 and 37, respectively, in September 2011. [45292, 45307, 45328, 45333, 45338]

JT: Yup! 48%-49% of Americans are dumbed down. Are the remainder just dumb?

Fort Hood shooter (still Maj. Nidal Hasan) revealed this week that he would use a "defense of others" strategy at his trial.

Question: Who was he supposedly defending by killing 13 innocent people, 14 if you count the unborn baby, and injuring 30 others?

Answer: He wants to argue that he killed to defend Taliban leaders.  
([http://righttruth.typepad.com/right\\_truth/2013/06/fort-hood-shooter-.html](http://righttruth.typepad.com/right_truth/2013/06/fort-hood-shooter-.html))

JT: We know that the Taliban are America's enemies and that defending them is aiding and abetting the enemy and this is treason. It has always been treason. Obama saying that the Fort Hood shooting was nothing more than workplace violence is really aiding and abetting the aider and the abetter of America's enemies and that is also treason. It has always been treason.

At <http://cnsnews.com/news/article/431363-stimulus-project-concludes-gay-fathers-have-less-time-sex> we read that Obama's 2009 stimulus legislation "financed a \$431,363 grant in Rep. Nancy Pelosi's San Francisco-based congressional district to study the 'psychological distress' of homosexual fathers. The study took three years to publish its results and created no jobs. The study concluded that homosexual men likely reduce their chances of contracting HIV after becoming fathers because they have less time for sex. The grant—entitled 'Health and HIV Among Gay Fathers'—was awarded to San Francisco State University. ...The \$431,363 was to be used to 'to identify psychological and behavioral factors that help prevent gay fathers from HIV risk, substance abuse, and psychological distress as they navigate the myriad life-changing situations faced as parents.'"

JT: Like all items in Just Thinking, this one is important! Methinks that had I received a \$431,363 grant to study psychological stress of homosexual fathers, I could have come to the same conclusions for \$431,362 less (A researcher like myself doesn't work for nothing!) Concerning avoiding HIV risks: don't participate in unhealthy sex. Of course the best defense against HIV for homosexuals (or any sex) is not to participate in any sex. (Was that statement sexist?)

JT: Best Joke of the Year? from <http://www.can-amforum.com/forums/humor/21036-maybe-nws-obama-dies-goes.html>

One day in the future, Barack Obama has a heart-attack and dies. He immediately goes to hell, where the devil is waiting for him.

"I don't know what to do here," says the devil. "You are on my list, but I have no room for you. You definitely have to stay here, so I'll tell you what I'm going to do. I've got a couple of folks here who weren't quite as bad as you. I'll let one of them go, but you have to take their place. I'll even let YOU decide who leaves."

Obama thought that sounded pretty good, so the devil opened the door to the first room.

In it was Ted Kennedy and a large pool of water. Ted kept diving in, and surfacing, empty handed. Over, and over, and over he dived in and surfaced with nothing. Such was his fate in hell.

"No," Obama said. "I don't think so. I'm not a good swimmer, and I don't think I could do that all day long."

The devil led him to the door of the next room.

In it was Al Gore with a sledgehammer and a room full of rocks. All he did was swing that hammer, time after time after time.

"No, this is no good; I've got this problem with my shoulder. I would be in constant agony if all I could do was break rocks all day," commented Obama.

The devil opened a third door. Through it, Obama saw Bill Clinton, lying on the bed, his arms tied over his head and his legs restrained in a spread-eagle pose.

Bent over him was Monica Lewinsky, doing what she does best.

Obama looked at this in shocked disbelief, and finally said, "Yeah man, I can handle this."

The devil smiled and said ...

...

...

...

"OK, Monica, you're free to go."

JT: The absolute truth!

The Obama Timeline reports that "Former U.S. Ambassador to the United Nations John Bolton tells *Newsmax* Edward Snowden is a 'traitor' who has committed an act of war against the United States. ...Treason is the only crime defined in the Constitution and it talks about waging war against the United States—which this is—and giving aid and comfort to our enemies, and God knows they've gotten a lot of aid and comfort from this release. Let me ask, who died and made him king? Who gave him the authority to endanger 300 million Americans? That's not the way it works, and if he thinks he can get away with that, he's got another thing coming. ...If he gets

a jail sentence it ought to be about five life terms running consecutively. ...The American people understand that we are threatened not just by terrorists but, for example, by China's incredible cyberwarfare capabilities. ...Technology is a wonderful thing, but it has its upsides and downsides, and America needs to be defended. Here, the power of government is being used to protect innocent American civilians. ...This is a real failing of Barack Obama, who before becoming elected... had never managed anything bigger than a Senate office and it almost seems like he doesn't even know where part of his federal government is. I'm wondering really if he understood or paid attention when he was being told about these various NSA programs."

JT: Is John Bolton so politically correct to apply grounds for treason against Edward Snowden and not apply the same grounds for treason against Barack Hussein Obama? Methinks that if Mr. Snowden is a traitor, then why don't the same grounds apply to Barack Hussein Obama? To the extent that John Bolton wonders "really if (Obama) understood or paid attention when he was being told about these various NSA programs", he should realize that Obama was probably the source and the final approval of these programs.

Mr. John Bolton, my formerly high estimation of you has fallen a few notches. Perhaps Edward Snowden was conducting workplace dissemination of public statistics.
