JUST THINKING

Number 77 (Special Issue)

The United States of America has innumerable enemies, from the Afghan Taliban to the Zombie anti-American protesters and POLDS (Progressives, Obots, Liberals, Dumbed Downers, Socialists). These enemies of America can be defeated with diligence, resolve, courage, and an upright spinal presentation and conduct of American Patriotism.

The Tea Party, the most active political organization feared by the lamestream media, the Democratic Party, as well as the lollipops in the Republican Party, and snollygosters wherever they are, is a source of this American Patriotism.

What is a snollygoster?

A snollygoster is a person, particularly a politician, who has no consistent, respectable principles and is always on the lookout for personal advantage. A snollygoster's principle: What is good for me is good for me! To hell with everybody else!

What follows is a two-image presentation of what American Patriots hope the Tea Party is and what that patriotism can accomplish.

The rabbit symbolizes the Tea Party and American Patriots.

The wolf symbolizes the collectivity of the Democrats, the Obama regime, RINOs, POLDS, Islamists, snollygosters, and everything and everyone that/who is anti-American.
