JT: Both of them are dwarfs!

\*\*\*

On page 27 of the report for March at *The Obama Timeline* by Don Fredrick we read "La Raza founder Jose Angel Gutierrez, a University of Texas professor, has stated, 'We have an aging white America. They are not making babies. They are dying. The explosion is in our population... I love it. They are shitting in their pants with fear. I love it. We have got to eliminate the gringo, and what I mean by that is if the worst comes to the worst [sic], we have got to kill him.' PatDollard.com notes that Gutierrez was awarded the Presidential Medal of Freedom by Bill Clinton, and Gutierrez is listed as 'the sixth most dangerous Academic in America' in David Horowitz's book, *The 101 Most Dangerous Academics in America.*"

JT: Jose Angel Gutierrez is an insult to academia. If he thinks whites "are shitting in their pants" then I consider that a healthy movement to clean the body. Jose Angel Gutierrez is keeping his excrement between his ears. Moreover, Billy-the-Cigar Clinton giving Jose Angel Gutierrez the Presidential Medal of Freedom tells us how much excrement Billy Boy has in his skull.

JT: Methinks this is a perfect comparison!

JT: A lot has been written about how much Moosechelle exercises to keep in shape for Barry. She jogs, eats healthy meals, massive healthy meals that most of us cannot afford. She appears on enemedia programs and calls the young generation knuckleheads because they do not adore her figure and do healthy things that she does. JT has been underway for the past few days to capture a picture of Moosechell jogging in the woods at Camp David. Shortly before JT was stopped by a Secret Service person JT was able to take a picture of Mooschelle standing in line with some trees and taking a rest. The camera was confiscated and then returned when it was found there was no picture on the card. JT had already mailed it to a secret computer and had deleted the image. Now dear readers you have the privilege of viewing an exceedingly rare post of Moosechelle standing at the edge of the Camp David forest. Notice that she stands straight, leaning to the right! and that the color of her woody skin is brown. It is the sexiest post of Moosechelle that you will ever see!

Bluhm, a longtime friend and campaign bundler for ...Obama. Bluhm made headlines in 2010 when he hosted Obama's 49th birthday party at his Chicago home. JT: The Department of the Army has designed a new United States Army uniform that better conforms to the policies of its commander in chief. The Department reports that it is historically oriented to some past dictators that the commander in chief respects (Obama's spelling!) for their leadership because he has none. Just Thinking has been able to obtain an image of the commander in chief posing in this new uniform of destruction. The Uniform is to be called the Obama Destroyer StraightJacket. A new United States of Socialism-Communism flag has also been designed.

Here's **a listing of** the top 20 states in the US of A for shameless barnacles to belly-up to the trough, based on data from a study conducted last year by the CATO institute.... When welfare payments *exceed* what can be made working full time at the minimum wage – as is now the case [in 35 states](#) – one can see how we might have a problem or two, i.e. exponentially-soaring [entitlement](#) spending coupled to an increasingly lazy, demoralized, handout-addicted workforce:

1. *Hawaii: \$60,590*

JT: No wonder Barry and Michelle want to retire to Hawaii after their dictatorship time is up. They can live very well on welfare there, just like the others of their kind. Methinks they might become welfare parasites living off the work of producers. In a sense that is what they were before their dictatorship! Was that racist?

### **Comprehensive Report on the Grooming Gangs**

By [Lawman](#) • on March 4, 2014

Please click the image below for a link to the comprehensive report on the grooming gangs:  
*“Easy Meat” – Multiculturalism, Islam and Child Sex Slavery*

The report examines in detail:

- What these gangs do
- The chronology of the problem
- Institutional failure and the abuse of the narrative of racism
- The Islamic cultural background
- The scale of the problem

It establishes that 20 years ago child-care professionals dealing with the victims made recommendations which could have protected the schoolgirl victims, but these steps have never been implemented.

The report is definitive – there is no analysis of this problem of this quality anywhere.

It goes into substantial detail, but anyone interested in the subject will find their time is well invested.

We are very grateful to Peter McLoughlin for the hundreds of hours he has devoted to this work. His selfless dedication is reflected in the quality of the research and writing.

Kind regards,

Gavin

JT: Rumor has it that Obama has invested in the company because the results of this invention are easier than pushing people under the bus.

\*\*\*

JT: Remember this? It was reported by Don Fredrick of *The Obama Timeline*.

"On January 12 investigator Doug Hagmann comments on video filmed by a passenger on the small aircraft that survived a smooth water landing off the coast of Hawaii—a landing in which the only death was that of the head of Hawaii's Department of Health. Hagmann asks, "What are the chances that the individual responsible for authenticating Barack Hussein Obama's long form birth certificate, Loretta Fuddy, just happened to be the sole fatality out of nine on board a small plane that was forced to make an emergency water landing off the coast of Hawaii? What are the chances that the other passengers either walked away virtually unscathed (according to eyewitness reports) or had only minor injuries while LorettaFuddy died? ...What are the chances that the National Transportation Safety Board (NTSB), the federal agency in charge of investigating even the slightest incidents involving civil transportation, would not conduct a thorough, on-site investigation that involved a fatality, especially a fatality of a high-profile state employee? ...What are the chances that a passenger seated in the rear of the plane, publicly identified as Ferdinand Puentes (seen wearing a United States Federal Marshal cap) would not only have a GoPro video [camera] at the ready, but have the mental composure and clarity to record the 'crash' and aftermath considering the unexpected, life-threatening circumstances? ...Given her role in the authentication of the controversial document, Ms. Fuddy was named in two affidavits (one public, one sealed) filed in the U.S. District Court, Western District of Washington on October 18, 2013, by Douglas Vogt, citing twenty points of forgery that comprise misprision of treason and misprision of felony. Vogt, with researcher and document expert Paul Irey, investigated the intricacies of the [Obama birth certificate] forgery. Mr. Vogt's affidavit and Ms. Fuddy's involvement gained national attention when he was interviewed on The Hagmann & Hagmann Report on December 4, 2013, exactly one week to the day before her tragic death on December 11, 2013." (*The Obama Timeline*, January Report, page 57.)

"...Since her death, portions related to Loretta Fuddy in the sealed affidavit filed in U.S. Federal Court have been made public. Of particular interest are her financial reports detailing her income and expenses in 2011 and 2012. ...According to Mr. Vogt, a large and as yet unanswered income disparity was found between the two reports. In short, during her first year as Hawaii's Director of Health, which is also the time she authenticated Obama's COLB, Ms. Fuddy's gross income was reportedly less than \$100,000. Nonetheless, her financials show that she apparently paid down her mortgage and decreased her liabilities by at least \$50,000 and perhaps as much as \$75,000 more than what she grossed that year. Where did that money come from? While there may well be a legitimate explanation for this disparity, it was not disclosed on the financial forms she filed with the Hawaii State Ethics Commission." (*The Obama Timeline*, January Report, page 58.)

"Based on a review of the NTSB report (ID #WPR14FA068), no on-scene investigation was performed. The NTSB report pertaining to this incident was one of the most incomplete and un-sourced reports published when compared to other reports. Why?" According to the Honolulu Star-Advertiser, Hawaii Department of Health director Loretta Fuddy "died of a cardiac arrhythmia because of stress following a December plane crash off Molokai..." (*The Obama Timeline*, January Report, page 67.)

"At AmericanThinker.com Dr. Jason Kissner, associate professor of criminology at California State University, Fresno, delves into the mystery of the inclusion of the name "Barack Hussein Obama (Soebarkah)" in the "include (exclude) children" section of the August 13, 1968 passport renewal application of Obama's mother, Stanley Ann Dunham. Although many (including The Obama Timeline) suspect that Obama was legally adopted by Dunham's second husband, Lolo Soetoro, there has been no satisfactory explanation for the inclusion of the name (or word) "Soebarkah" in parentheses directly after Obama's name. Kissner comes up with what may be a possible explanation: "Believe it or not, the reason may be linked to one Loretta Fuddy. Yes, that Loretta Fuddy—the Hawaii state health director who approved the release of Obama's long-form birth certificate and who has apparently succumbed to a nasty case of post random plane crash induced arrhythmia. Ann Soetoro and Loretta Fuddy appear to have one very odd thing in common: both have been linked to the Subud [pronounced "soo bood"] cult, which originated in, of all places, Indonesia and was founded by the Javanese Muslim Muhammed Subuh. The smallish cult appears to have had, at least circa 2001 and according to [a] profile of sorts in the Honolulu Advertiser, 20,000 members worldwide. Notice the picture of Deliana Fuddy, then 'regionalhelper' and member of the faith? (...Note that Stanley Ann Dunham lived in and attended school in Seattle, and Subud has had a presence in Seattle, Chicago, Hawaii, and Indonesia. Additionally, Subud members were regularly found at the East-West Center at the University of Hawaii—where Dunham allegedly met second husband Lolo Soetoro, Sr., and which was established by the State Department and had CIA ties. A "Subud-style" memorial service was reportedly held after Dunham's death. There has also been speculation that Indonesia's CIA-installed dictator, General Suharto, was an adherent of Subud—and Lolo Soetoro had ties to Suharto.)" (*The Obama Timeline*, January Report, pages 137, 138)

"According to Scott's book, Dunham "found a group of young Americans and Britons enrolled in an intensive course in Bahasa Indonesia, the national language, at the University of Indonesia recalled Irwan Holmes, (a member of the original group). She was looking for teachers. A half dozen of them accepted her invitation, many of them members of an international spiritual organization, Subud, with a residential compound in a suburb of Jakarta..." "But," asks Kissner, "what might the Ann Soetoro, Deliana Fuddy, Subud links really have to do with the sobriquet Barry Soebarkah?" The answer is that many people in Subud change their names for spiritual reasons. "If changing one's name for 'spiritual reasons' was something frequently done by [Subud] followers... and Stanley Ann Soetoro was in fact closely associated with Subud, it is reasonable to suppose that 'Soebarkah' arose in the same way new names for others (like 'Deliana' Loretta Fuddy?) associated with Subud did: as a matter of course depending on the case. Readers might agree that the above is a quite reasonable account of the origin of Barry renewal application raises the spectre of possible Obama birth certificate fraud yet again. Have a look at page 2 of the document: 'Soebarkah' appears in the section labeled 'Amend to Include (Exclude) Children.' The name Barack Hussein Obama (Soebarkah) is crossed out. Nick Chase has concluded that this signifies that Ann Soetoro had improvidently decided to exclude Barack from her passport renewal. Chase thinks that Soetoro changed her mind about exclusion after having been informed by the Consulate that doing so would leave Barack passportless. But there is another possibility—one just as valid on its face. What if Soetoro was trying to include Obama in the renewal, but she wasn't able to produce a birth certificate, and the Subud name 'Soebarkah' just didn't do the trick? ...That could explain why the Subud name

'Soebarkah' appears nowhere else (that we are aware of anyway)." Interestingly, Obama bears a striking resemblance to Bapak ("Father") Muhammad Subuh Sumohadiwidjojo (1901–1987), the founder of Subud. (Not surprisingly, it does not take long for Obama critics to add references to him, Dunham, and Fuddy at the Wikipedia page for Subud—nor does it take long for them to be deleted by Wikipedia.)" (*The Obama Timeline*, January Report, page 139.)

JT: Now have a look at this picture. It was taken shortly after the plane crash in the waters off the Hawaiian Island of Molokai shortly after the plane crashed in which Loretta Fuddy was traveling and in which she was the only death.

Source: [http://2.bp.blogspot.com/-Wb\\_zrZFDr8Q/Uww4MLAOD0I/AAAAAAAMmc/INy-3a8896w/s1600/525-fuddy-video.jpeg](http://2.bp.blogspot.com/-Wb_zrZFDr8Q/Uww4MLAOD0I/AAAAAAAMmc/INy-3a8896w/s1600/525-fuddy-video.jpeg)

Question: Do the waters off Molokai, or any other Hawaiian Island, have diver-infested waters awaiting a plane crash with persons on board connected in any way to Barack Hussein Obama and his cover-up of his so-called Hawaiian birth certificate?

I don't think the following is a false flag, but I'm not sure. Judge for yourself. At <http://www.datehookup.com/Thread-1306805.htm> another source of the photo above with more photos and some very interesting questions, we are informed of the following:

#10 - second diver?

So, there you have it. Loretta Fuddy is floating in her life jacket holding hands with her Assistant, Keith Yamamoto. A diver completely dressed in black surfaces momentarily for about 3 seconds and seems to be doing something to her foot or leg. My theory is that he administered some type of injection that ultimately caused Dr. Fuddy's death. The he lets go and vanishes. The plan was not to be seen, but she may have felt something and pulled her foot away, and he had no choice but to surface to get to the foot. I have no idea why that would be so important, unless they felt that a medical examiner is less likely to see an injection site on a foot or ankle.

Others seem to think that what I see as a foot is a second diver, because Loretta Fuddy was wearing "Black shoes". As we see from the top reference pictures, the shoes had a tan or beige sole, which with the lighting could easily brighten to light yellow. Look at the head of the man in the foreground – he's yellow, too. The two hands holding the foot in picture #5 are what makes me sure of what I'm seeing. Also, the objects closer to the camera appear larger than those further back – again reference the size of the top of the head in the foreground. As we know the plane sank within 25 minutes, and it is still visible in the video, **these are NOT rescue divers.**

Picture # 5 shows two hands holding the yellow shoe, # 6 shows both hands releasing the shoe.

#5 TWO HANDS on the shoe

#6 Left hand letting go

**There ARE two hands and they are attached to somebody who should NOT BE THERE, and is making an effort to stay hidden.**

Even if I'm wrong about the shoe – **this IS A DIVER who shouldn't be there and is clearly up to no good.** Whatever this is – it is frightening. I hope that the right people are made aware of this and that it can be followed up on appropriately.

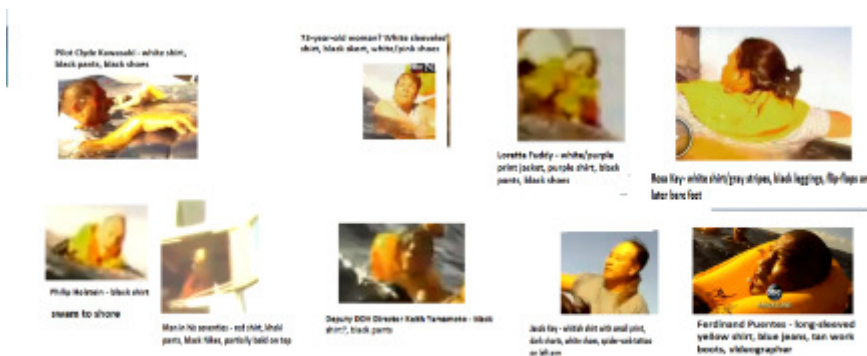

FYI -these pictures terrify me. What kind of world do we live in? The further implication to this photo is that **this was a STAGED accident**. It is no coincidence that a plane lost it's engine within swimming distance of two divers/assassins. We also then have to wonder if the pilot was in on it, unless the divers were ON THE PLANE and the engine was sabotaged. **Either way, someone planned this, and Dr. Fuddy is dead.**

Obama vacationed in Hawaii 10 days later. Had Dr. Fuddy indicated to the wrong people that she would like to "talk" to him about "things" i.e the fraudulent birth certificate she personally signed off on? Step up law enforcement and main stream media, before it's too late for all of us, too.

<http://accidentalpatriot4.wordpress.com/tag/loretta-fuddy-accident/>

The two questions I ask:

**Remember - these are the only 9 people who were supposed to be there.**
