JT: Spontaneous thought: Barack Hussein is the type of character who would have turned Anne Frank over to the GESTAPO if he thought it would have placed him in the limelight.

JT: Interesting situation:

It has been proven that Barack Hussein Obama is a traitor who usurped the presidency, is a criminal, has committed at least 30 felons, is a chronic liar, holds illegal social security numbers, and has committed various acts of treason. What is your answer to that?

Susan Rice: *He has served his country with honor and distinction!*

9 Ways Fathers... Can Avoid Raising a Barack Obama by Doug Giles at <http://townhall.com/columnists/douggiles/2014/06/15/nine-ways-fathers-on-this-fathers-day-can-avoid-raising-a-barack-obama-n1851613>

1. Make sure your children appreciate this nation, its founding docs and its original intent and not some wet dream Bill Ayers and Bernadine Dohrn had back in the late '60s when they were high on acid, Che Guevara and Saul Alinsky. Especially be certain that they love our Armed Forces who protect us and not slice and dice their benefits.

2. Make certain your kids know it's wrong to lie your butt off to people who have given you their trust. For instance, if you tell people 'they can keep their health care plan and their doctors, period!' then mean that, dammit.

3. If in the event your offspring does make mistakes and situations get worse under their care, train your child to own their mistakes instead of blaming George W. Bush for their ham-fisted, ill-thought out blunders.

4. Teach your child that glib speeches read from a teleprompter that are laced with platitudes and horse manure do not replace character, honesty and integrity.

5. Lovingly school your young child that when he gets older, writing two books about yourself, or worse yet, having them ghost-written about oneself, is really, really weird and doesn't make one a great leader but rather a Little Lord Fauntleroy.

6. Take the time also to train your dear child to throw a baseball properly so he doesn't look ...uh ...um ...effeminate should he ever be called upon to throw out a first pitch during a baseball game.

7. Father, if you have a son, let him know it's okay for him to drink out of a straw when he's like ...uh ...three but not when he's the leader of the free world. At least not in public; and if he ever does drink from a straw in public tell him to never look someone of the same sex in the eye while doing so. The same goes for eating a banana.

8. In addition, dads, please instruct your spawn not to frickin' spy on people. Okay? It's rude and no one likes it and people will think you're a paranoid control freak.

9. And finally, teach your young whippersnapper if he is a boy to forego marrying a mean woman who's ashamed of this nation and wants to police what people eat and don't eat.

JT: I add number 10. Teach your son not to chew gum at memorial ceremonies for dead civilians and veterans. Indeed, teach your son not to chew gum in public!

Question and Answer

Question: Why does JT insult Barack and Michelle Obama?

Answer: The question is wrong. JT doesn't insult them. JT tells the truth and thus makes them free!

"The Russians are actually making a move against the petrodollar. It appears that they are quite serious about their de-dollarization strategy. The largest natural gas producer on the planet, Gazprom, has signed agreements with some of their biggest customers to switch payments for natural gas from U.S. dollars to Euros. And Gazprom would have never done this without the full approval of the Russian government, because the Russian government holds a majority stake in Gazprom. There hasn't been a word about this from the big mainstream news networks in the United States, but this is huge. When you are talking about Gazprom, you are talking about a company that is absolutely massive. It is one of the largest companies in the entire world and it makes up 8 percent of Russian GDP all by itself. It holds 18 percent of the natural gas reserves of the entire planet, and it is also a very large oil producer. So for Gazprom to make a move like this is extremely significant. When Barack Obama decided to slap some meaningless economic sanctions on Russia a while back, he probably figured that the world would forget about them after a few news cycles. But the Russians do not forget, and they certainly do not forgive. At this point the Russians are turning their back on the United States, and that includes the U.S. dollar. ...Because nearly everyone else around the rest of the planet uses our currency to trade with one another, that keeps the value of the U.S. dollar artificially high and it keeps our borrowing costs artificially low. As Russia abandons the U.S. dollar that will hurt, but if other nations start following suit that could eventually cause a financial avalanche. What we are witnessing right now is just a turning point. The effects won't be felt right away. So don't expect this to cause financial disaster next week or next month. But this is definitely another element in the 'perfect storm' that is starting to brew for the U.S. economy. Yes, we have been living in a temporary bubble of false stability for a few years. However, the long-term outlook has not gotten any better. In fact, the long-term trends that are destroying our economic and financial foundations just continue to get even worse." (http://www.shtfplan.com/headline-news/russia-is-doing-it-russia-is-actually-abandoningthe-dollar-this-is-huge_06112014)

JT: Methinks Michelle's vacations will have to be paid for in Euros!

The Globe and Mail asks Hillary Clinton if she personally supports the construction of the Keystone Pipeline: Hillary's answer: "I can't respond."

<http://www.theglobeandmail.com/news/world/stand-for-your-values-on-the-hardchoices/article19175854/>

JT: There are possibly three reasons why she can't respond. 1) She doesn't know what the Keystone Pipeline is. 2) She and Bill might be getting kickbacks from some influentials associated one way or another with the Keystone Pipeline. 3) She's preparing the American voting public for this response which will be used in numerous future question and answer sessions.

Selwyn Duke at http://www.americanthinker.com/2014/06/benedict_obamas_invasion_of_america.html writes, "It's obvious why leftists such as Obama have long facilitated immigration: they are importing voters. Upwards of 80 percent of the new arrivals will vote Democrat upon being naturalized."

JT: Methinks a cure to the problem is to have a law that says no illegal immigrants to the US will ever be naturalized citizens. Bank robbers are not made employees of banks. Obama should be indicted for slave trade and human trafficking.

Don Fredrick of *The Obama Timeline* (June) writes, "While Obama plays golf, his wife Michelle reportedly goes house-hunting with Smith. There have also been rumors that the Obamas are seeking a vacation home in North Carolina, as well as a residence in Hawaii. They may have to ask Hillary Clinton for advice on how to afford all those house if they also leave the White House 'dead broke.'"

JT: JT's suggestion to Michelle and Barry: Have yourselves placed on the payroll of a few Muslim countries as advisors and you won't be broke!"

JT: Spontaneous thought. The US Embassy staff in Baghdad, Iraq is being evacuated because of the advance of the Islamic terrorist organization ISIS on Baghdad. I suggest that the embassy staff be replaced with Obama and his staff, his complete staff, czars and all!

At <http://drrichswier.com/2014/06/17/muslims-want-america-save-asses-time-sign-dotted-line/> we read:

Dear Muslims of the Levant,

We Americans know you enjoy your oil-drenched lives of crass debauchery and fake religiosity. We know that you always pay others to do what you abhor, like work. And, silly us, we are stupid enough to think our benevolence toward you will actually provide an example for you to change your ways.

Well, we Jeffersonian Constitutionalsists may be a bit slow, as compared to you desert-traders and your slick negotiation skills honed over almost two millenniums, but sooner or later we will wake up and smell the oil!

So, as we Americans see it, you got a couple of choices to make in the next few days. First, you can continue to rant and rave about the “American colonizers” and “Jew pigs,” feeling good about yourselves and looking even more macho before your harem of slave-women. If you make that choice, most likely your Muslim Shia ISIS brothers will be knocking on your door in a couple of weeks and leaving with your head on a pike.

Or, second, you can sign on the dotted line below and we Americans will use our full force and fury to, once again, annihilate your enemies, save your dusty lives and let you get back to serving Allah, traveling in your G5’s and Bentley’s as you vacation at Monte Carlo, sipping on a fabulous Bordeaux, with your hand on the waitress’ butt.

The Choice is Yours! If you want America’s help then, PLEASE READ & SIGN ON THE DOTTED LINE BELOW...

“We Muslims of the Levant ask America to come and save us from our brother Muslims of the Levant and we promise to do the following:”

1. Immediately deliver 10 trillion dollars of gold to the US Treasury;
2. Sign over full control of all oil fields in our countries;
3. Agree that Israel has always been and always will be a nation for the Jewish people;
4. Finally agree that Jerusalem is the Capital of Israel and has nothing to do with Islam;
5. Dismantle the Golden Dome of the Rock and move it to Iran;
6. Open our borders for all Muslims in Israel who want to leave the newly recognized Jewish nation;
7. Divest ownership of American gas stations, or at least clean the bathrooms;
8. Pass a law that says ONLY women are allowed to drive cars in Saudi Arabia
9. Finally, admit that [John Esposito](#) is an idiot.

.....
MUSLIMS SIGN HERE

(NB: We don’t really believe that you will sign on the dotted line so as a parting thought be sure to keep those shariah beards properly trimmed...for your head-on-a-pike, debut.)

JT: 10: Go to *Jahannam* and take Obama and his thugs with you! Sell Michelle to Boko Haram! No!! Give her to them!!!

JT: Spontaneous thought: I just don't understand why so many bloggers and conservatives are against Barack Hussein Obama. He is doing so much as an undocumented American patriot to secure the freedoms guaranteed by the *Constitution*. Why else would Obama

- apologizing for everything that America has done?
- appease America's enemies?
- draw meaningless red lines in his genius foreign diplomacy?
- institute policies that make America's friends insecure?
- lead from behind in reverse and not up front to Advance America?
- make empty threats to America's adversaries?
- support wishful thinking about American enemies?
- voice the Obama doctrine that undermines American exceptionalism, tradition, and culture and betrays America's past?

To paraphrase Susan Rice, Obama is serving honorably and in a distinguished fashion.

Lionel Portillo-Meza—aka Jesus Leonel Sanchez Meza has been taken into custody for the December 14, 2010 shooting of Border Patrol Agent Brian Terry. Another suspect in Terry's murder is Ivan Soto-Barraza, who is awaiting extradition and two not yet captured men named Jesus Rosario Favela-Astorga and Heraclio 'Lac o' Osorio-Arellanes.

JT: Methinks their defense could be:

They were intellectually disabled because they were under the influence of drugs or alcohol,

They were employed by the Fast and Furious movement of Holder and Obama who made them do it,

They didn't know Terry was a Border Patrol Agent and thought they were playing a hide-and-seek game.

They were not aware of where they were geographically,

They were not even present and whoever says they were present is lying.

They thought the guns were toys and were unloaded.

Etc!

Obama and his thugs will come up with some other defense reasons.

“Secretary of State John Kerry told a conference in Washington earlier on Tuesday that poverty is the problem and ‘energy policy’ is the solution: ‘The world is waiting for people to be put to work,’ Kerry told a conference on oceans at the State Department: ‘We have extreme poverty; we have terrorism that comes out of it. We have any number of problems that could be cured by energy policy that makes sense...’” <http://cnsnews.com/news/article/susan-jones/cruz-cant-defeat-radical-islamic-terrorism-if-you-wont-utter-those-words>

JT: Kerry's statement is a perfect example of detached political correctness that is political dumbness!

In an NBC/WSJ poll, (Obama's) ratings fall to 41/53. A 54 percent majority agree that Obama is "no longer able to lead the country."

JT: This proves how dumb Americans are. Obama was never able to lead America!

Source: <http://iowntheworld.com/blog/wp-content/uploads/2014/06/zerofiddle.jpg>

JT: Methinks this is visual proof of what Obama's foreign policy stance towards Iraq, Iran, Syria, Egypt, Afghanistan, Guantanamo, and Israel is ... and the world!

<http://www.youtube.com/watch?v=OHviopSflwc>

JT: This is another Barack (aka Quack) Hussein Obama coordinated attempt to bring undocumented relatives of Donald Duck into the USA. Rumor has it that many of them have already been given American citizenship and registered as members of the Democrat Party. They have promised to vote for Killary Klinton in 2016.

From Dr. Tar at <http://iowntheworld.com/blog/?p=240173>.

"Here's the dilemma that the gays have created for themselves. If gayness is something a person is born with (like cleft palate or club foot) then those that practice homosexuality **have no free will** over having to engage in abnormal sexual behavior. On the other, if homosexuality is **actually a choice** and one can fight the urge to pack fudge or sample carpets then Rick Perry is right and it's like alcoholism.* Read more at <http://iowntheworld.com/blog/?paged=2#A0HEtcXwmrm3m7Xr.99>.

JT: Does this explain why Obama doesn't drink alcohol?

JT: Overheard in a conversation Michelle had with Editor-in-Chief Diane Salvatore of Prevention i after the interview: *There are only two kinds of food that I like: Food that I have eaten and food that I'm going to eat!*

JT: Spontaneous thought: Black is the symbolical color of evil. It seems to me that Barack Hussein Obama wears a darker color black!

JT If you want to know what Lois Lerner was doing with her emails, she was really searching Google with the following:

Google: ASKEW; RECURSION; DO A BARREL ROLL; GOOGLE SPACE; GOOGLE SPHERE; GOOGLE HEART; ZERG RUSH; BINARY; ATARI BREAKOUT; GRAVITY; search for Google Maps and then type From = THE SHIRE To MORDOR. (Source: <http://themetapicture.com/some-funny-google-tricks/>)

<http://www.mrctv.org/videos/heritage-foundation-panelist-radical-islam>

JT: The last statement concerns what should be done with political correctness.

At <http://cnsnews.com/news/article/susan-jones/cruz-cant-defeat-radical-islamic-terrorism-if-you-wont-utter-those-words> Secretary of State John Kerry says Secretary of State John Kerry is convinced "that poverty is the problem and 'energy policy' is the solution: 'The world is waiting for people to be put to work,' Kerry told a conference on oceans at the State Department: 'We have extreme poverty; we have

terrorism that comes out of it. We have any number of problems that could be cured by energy policy that makes sense...”

At <http://www.activistpost.com/2014/06/isis-terror-group-controlled-by-saudi.html> and <http://www.dcclthesline.com/author/brandon-turberville/> we read that the ISIS Terror Group is controlled by the Saudi Royal Family. In fact, the head of the group is "Saudi Prince Abdul Rachman al-Faisal, the brother of Prince Saud al-Faisal and Prince Turki al-Faisal."

JT: Methinks Secretary of State John Kerry should do everything in his power to find employment for Saudi Prince Abdul Rachman al-Faisal. Perhaps a job in some environmental development program!

JT: This is a special video on Barack Hussein Obama, aka as Louis XV.

JT: Here is some excellent advice for all US taxpayers in light of the IRS loss of emails and hard drives.

Congressman Steve Stockman (R-TX) has introduced "The Dog Ate My Tax Receipts Act." It would allow taxpayers to avoid turning over documents requested by the IRS for any of the following reasons:

1. The dog ate my tax receipts.
2. Convenient, unexplained, miscellaneous computer malfunction.
3. Traded documents for five terrorists.
4. Burned for warmth while lost in the Yukon.
5. Left on table in Hillary's Book Room.
6. Received water damage in the trunk of Ted Kennedy's car.
7. Forgot in gun case sold to Mexican drug lord.
8. Forced to recycle by municipal Green Czar.
9. Was short on toilet paper while camping.
10. At this point, what difference does it make?"

Perhaps these are also good reasons:

11. Used as stuffing for Michelle's fifty hamburgers for Saturday lunch.
12. Was posted on the internet as a legal document that has since been scrubbed by the White House.
13. Given to the Muslim Brotherhood as IOUs from Obama.
14. Uh, err, ah, arg, uh, well, what, er uh, let me be clear.
15. Will appear in a new book titled *It's All Bush's Fault*.
