SooperMexican.com uncovers “a cache of rap songs” left behind by “gentle giant” Michael Brown “that contain pretty much what you’d expect out of modern rap—lots of boasting about murdering, taking drugs, drinking, and sex with hos [whores]. It appears that most of these were uploaded right before the tragic events that took his life. In one of the pictures provided by his family, a jar is shown filled with rap lyrics that he was working on.” Brown’s lyrics include:

“I’ll be counting money by myself / I’m a rich nigga  
so I got that wealth  
I fuck three[???] hos by myself  
While I’m smoking on this [!?!?]  
When the sun goes down  
You in trouble now” “Smoking on this dope, till I choke  
Motherfuckers  
Motherfucker, fuck you and your opinions  
Do you do smoke weed, keep  
doing what you do best”  
“Every time I call your bitch I make her cum

And when she comes I'm cumming all over her tush  
I beat that pussy up  
I'm smoking purple  
I roll fat blunts they look just like my thumb  
While I bless him with a dick on his face"  
"With this Glock in your face  
And you betta not make a sound  
And I only like white  
men on my money [???)  
Those who are last shall be first  
Whites on the bottom  
Hemusta walked up and unloaded because  
there was no stopping him  
Somebody else layin' across the street, must be his partner  
Damn."

## See What Happened When One Muslim Says She Is 'Offended' by a Sign Mentioning Bacon

By [Top Right News](#) on August 25, 2014 in [Islam](#), [Politics](#), [Race](#), [Viral inShare](#)

**by Jason DeWitt | Top Right News**

A few months ago we [reported](#) on a Muslim man who complained about a school which passed out fliers inviting students to an Easter Egg hunt — actually claiming it violated the Constitution.

Now a sign even mentioning **bacon** is now **insensitive** to the Muslim community. But it's what one business did in response that will *really* make you upset.

From [Breitbart](#):

*Local Winooski, Vermont restaurant Sneakers Bistro has removed a sign that read, "Yield Sneakers Bacon" citing opposition from a Muslim community member and safety concerns.*

*The sign was put up as part of a city program that allows businesses to post an advertisement in an area where they have helped maintain city flowerbeds. **The sign that read “Yield Sneakers Bacon” was removed after a woman, identifying herself as a Muslim, posted in an online community forum, stating she was personally offended by the sign, according to a WPTZ News report. WPTZ wrote that the woman who complained online called the sign “insensitive to those who do not consume pork.”***

JT: I'm an American Patriot and I'm personally offended because Sneakers Bistro no longer has a sign that says, “**Yield Sneakers Bacon**”.

PS If Muslima was personally offended, all she had to do was to close her eyes when she was anywhere the sign. Muslima! Read this and you'll find out why eating pork is not evil. <http://www.smallfootprintfamily.com/is-pork-bad-for-you>.

"The man is president...He is not the accidental tourist..to make excuses as though he didn't know of this massacre because he is a stupid black man IS RACIST...of course he knew— “bring back our girls” how many months ago...He knew- they knew...he armed IS. He trained ZiS, he armed Boko Harem

Did you know that NATO contracts with Taliban heroin smugglers for logistics in Afghanistan?

Did you know that the Obama administration's two closest allies are (Muslim Brotherhood and Arab Spring sponsors) Qatar and Turkey?

Did you know that the United States has backed the Arab Spring from the beginning, and the goal was always a Caliphate?

Did you know that IS[IS] exists only because of American funding and support? One of those S's does stand for Syria, after all. And Obama openly supports the Syrian rebels.

Did you realize that the Obama administration has created a genocidal, jihadi army that is murdering Christians and any Muslims who oppose their rule?

Did you ever consider that that IS[IS], which was created by Obama's support of the "moderate" Syrian rebels, has destroyed the once stable Iraq that Obama inherited?

Did you know that Bowe Bergdahl was released only after Qatar had Obama free not 5, but 10 Taliban prisoners?

Did you know this prisoner exchange occurred right after Obama met with the former Emir of Qatar at West Point, this May? Did you know that the Emir's son just graduated from West Point?

Did you know that not only has the Obama administration purged high ranking military officers, but also the ranks of the NCOs?

Did you know that it was Qatar who provided funding for both the 1993 World Trade Center attacks and 9/11?

Did you know that Khalid Sheikh Mohamed was on Qatari payroll, and his nephew was Ramzi Yousef, the 1993 bomber?

Did you know the funding for global jihad is primarily funded by slavery, cocaine, and heroin smuggling?

Did you know that the jihad works with South American cartels, who are now flooding over our southern border?

Did you know that according to FBI records, Al Gore's father, Senator Al Gore Sr., was employed by a notorious agent of the Soviet Union?

Did you know that Al Gore both purchased and sold (for \$100 million) CurrentTV from Qatari interests, and that the sale gave Al Jazeera America broadcasting rights in America?

Did you know that Al Gore, who took that \$100 million from Qatar when he sold CurrentTV, has a "bat phone" to the White House?

Did you know that not only are major universities like Carnegie Mellon and Georgetown in Doha, Qatar, but also American companies like military contractor Boeing and Exxon Mobil?

Did you know any of that? And do these facts, all reported in credible publications, strike you as a little more important and damaging to the administration than rainbow flags flying over embassies? It's the kind of information that, in a day and age saturated by social minutiae posing as news headlines, would have an actual impact if reported by the mainstream press to the American public.

Why then, the silence? The American people would revolt if they learned the truth: that we're again a colony, taking policy orders not from King George, but from Qatar... a state sponsor of Islamic terrorism.

JT: Here are three spontaneous questions that I have:

Do you really believe that Islam is so peaceful that it would never conduct war?

Do you really believe that Obama is not an Islamic agent in the Oval Office?

Do you truly think that Obama would refuse to be on the payroll of Qatar or any other Arab country?

\*\*\*

JT: Premonition: Eventually a Hamas spokesman will claim that Israel fires rockets on its own people so that Israel can accuse Hamas and the Palestinians of doing it and thus have justification for their attacks on peaceful Gaza and other peaceful Palestinian strongholds.

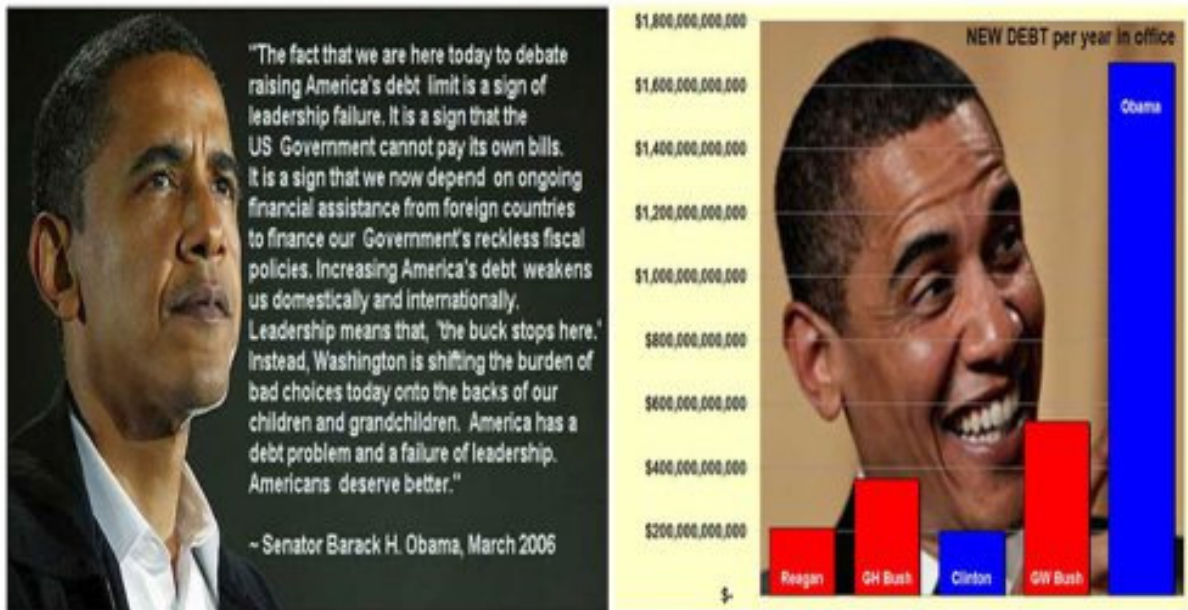

\*\*\*

JT: Evidently someone wrote the speech for him and he read it without understanding what he was reading!

\*\*\*

Barack Obama [democraticparty@democrats.org] titles his most recent email: We've got one shot.

JT: How True! Only one shot is necessary if done excellently!!!

\*\*\*

The Obama Timeline for August 2014 reports that "The Pentagon announces that Secretary of Defense Chuck Hagel will visit Turkey to help build a coalition against ISIS. According to Stripes.com, Pentagon Press Secretary Rear Admiral John Kirby tells reporters, 'Turkey is a key NATO ally. And given its border with Syria and Iraq, they share our deep concerns with... the regional threat posed by ISIL [ISIS].' Kirby also says he is 'not aware' of pledges by any other countries in the region to support possible U.S. air strikes on ISIS fighters in Syria."

JT: Rear Admiral John Kirby and Secretary of Defense Chuck Hagel have their heads in the sand. Turkey is a NATO ally, but not a key NATO ally. They forget that Turkey is also a key, indeed, most important promoter of the Muslim Brotherhood. What they obviously don't dare to think is that Turkey under the new President Erdogan is the Muslim Brotherhood's entrance (the Islamic entrance) to infiltrate NATO.

From <http://www.infowars.com/parents-of-seal-team-six-soldier-killed-in-action-call-for-president-obamas-resignation/>

"One couple knows all too well the pain suffered by the parents of James Foley, the American photojournalist executed on camera last month by the Islamic State.

Billy and Karen Vaughn also lost their son Aaron Carson Vaughn in 2011, when the SEAL Team Six soldier's Chinook helicopter was shot down over Afghanistan.

Now the couple are calling on President Barack Obama to step down, citing his reaction to the Foley video and 'lack of leadership' in confronting ISIS.

On Monday, the Vaughns wrote a letter, calling out Mr Obama's decision to go golfing after holding an important press conference on the Foley video."

*As Commander-in-Chief, your actions – or lack thereof – Mr President, cost lives.*

*After finally choosing to view the barbaric, on-camera beheading by ISIS of freelance war correspondent James Foley, I have been left with a level of rage known only to those of us who have sacrificed unspeakable offerings on the altar of world peace.*

*My offering was my only son — Aaron Carson Vaughn. Aaron was a member of SEAL Team VI. He was killed in action when a CH47D Chinook, carrying thirty Americans and eight Afghans was shot down in the Tangi River Valley of Afghanistan on Aug. 6, 2011.*

*Many times over the past three years, I have been asked what drove my son to choose his particular career. What made him want to be a Navy SEAL? My answer is simple.*

*Aaron Vaughn was a man who possessed the courage to acknowledge evil. And evil, once truly acknowledged, demands response. Perhaps this is why so few are willing to look it in the eye. It is much simpler — much safer — to look the other way.*

*That is, unless you are the leader of the Free World.*

*As Commander-in-Chief, your actions — or lack thereof — Mr. President, cost lives. As you bumble about in your golf cart, slapping on a happy face and fist-pounding your buddies, your cowardly lack of leadership has left a gaping hole — not only in America's security — but the security of the entire globe. Your message has come across loud and clear, sir: You are not up to this job. You know it. We know it. The world knows it.*

*Please vacate the people's house and allow a man or woman of courage and substance to seize the reigns of this out-of-control thug-fest and regain the balance we, America, have provided throughout our great history.*

*Thanks to your "leadership" from whatever multi-million dollar vacation you happen to be on at any given moment, the world is in chaos. What's been gained, you've lost. What's been lost, you've decimated. You've demolished our ability to hold the trust of allies. You've made a mockery of the title "President." And you've betrayed the nation for which my son and over 1.3 million others have sacrificed their very lives.*

*But this should come as no surprise, since your wife uttered a vile statement on Feb. 18, 2008, during the primary campaign — one that speaks volumes of your true convictions. "For the first time in my adult life, I am really proud of my country," she said.*

*I am sure my deceased son thanks you for that, Mrs. Obama. Oh, and you're welcome.*

*Never in my lifetime have I witnessed such despair and such growing fear that the world's last best hope, America, has finally been dismantled. Perhaps the better word is transformed — fundamentally transformed. Come to think of it, it's become difficult — if not impossible — to believe things haven't gone exactly as you planned, Mr. President.*

*Amazingly, in five short years, your administration has lurched from one disaster to another. You spearheaded the ambitious rush to end the wars in both Iraq and Afghanistan — with no plan on how to do so effectively. Also, the release of "the Taliban five" in exchange for one American — without consulting Congress — is also on your shoulders.*

*You have been at the helm during unprecedented national security leaks — including, but not limited to the outing of SEAL Team VI on the Bin Laden raid, the outing of the Pakistani doctor who provided the intelligence for that raid, the outing of Afghanistan's CIA station chief, and the outing of your personal "kill list" to make you look tough. In addition, 75 percent of American deaths in Afghanistan and 83 percent of Americans-wounded-in-action have occurred on your watch, according to [icasualties.org](http://icasualties.org).*

*And now, we have this recent, heinous event: the beheading of an American citizen by a barbaric organization you foolishly referred to as "the JV team" in your statements to the New Yorker magazine in January.*

*You, sir, are the JV team. It's time for you to step down and allow a true leader to restore our honor and protect our sons and daughters.*

*America has always been exceptional. And she will be again. You, Mr. President, are a bump in our road.*

JT: Amen!
