JT: Spontaneous thought concerning the so-called torture of the Guantanamo terrorists/jihadists: Not to have questioned them with legal, enhanced interrogation techniques in order to obtain information to save American lives would have been immoral. An excellent argument in favor of legal, enhanced interrogation methods is at <http://henrymarkholzer.blogspot.de/2014/12/in-praise-of-torture-revisited.html>.

Every month, that group combs through court records, booking logs and police reports

These charges include first-degree rape, child pornography, statutory rape, incest and many others."

JT: Keep reading the report. Of course, these illegal aliens are in the same cultural as Islam because they are so peaceful and tolerant!

JT: The Obamas are ready for their Christmas vacation in Hawaii. The sharks have heeded the warning and are starting their migration to non-infested waters farther west and south. JT: The Taliban in Pakistan attack a school in Peshawar, Pakistan and kill more than 145 pupils and teachers. They drenched a teacher with gasoline and torched her. The students were forced to watch her burn. Some of the murdered were beheaded and others were shot in the head. Obama released the commander Latif Mehsud ... from Guantanamo and handed Mehsud over to the Pakistani government which then released him into the general population. JT: In the past I have often examined Barack Hussein Obama's statements and speeches and have discovered that they contain up to over 80 percent lies and discrepancies that defy logic. I thought about doing the same concerning his speech on his justification for beginning new relations with Cuba. After reading his sentences I have decided to publish my conclusions here in Just Thinking, rather than in a separate essay. My conclusion is:

Every sentence is a lie!

Abu Anas al-Libi, an ISIS jihadist/terrorist in Fallujah, Iraq, executes at least 150 Iraqi women that ISIS had captured. The reason: The women refused to marry the terrorists.

JT: Another act of tolerance and peace from the script of Islam called the Koran. Obama has no comment ... probably because it was not written on one of his teleprompters and he doesn't know what Fallujah is.

JT: Here's the lie of lies and the insult of insults. "I am (Jewish) in my soul." – pos Barack Hussein Obama! (<http://www.dailymail.co.uk/news/article-2880015/Obama-tells-guests-White-House-Hanukkah-celebration-m-Jewish-soul.html>)

From <http://www.bbc.com/news/world-middle-east-30511569>

A top court of the European Union has annulled the bloc's decision to keep the Palestinian Islamist movement Hamas on a list of terrorist groups.

The decision had been based not on an examination of Hamas' actions, but on "factual imputations derived from the press and the internet", [judges found](#).

The court said the move was technical and was not a reassessment of Hamas' classification as a terrorist group.

It said a funding freeze on the group would continue for the time being.

Hamas dominates Gaza and fought a 50-day war with Israel earlier this year. [Under its charter](#), the movement is committed to Israel's destruction.

Responding to the ruling Israeli Prime Minister Benjamin Netanyahu said Hamas was a "murderous terrorist organisation" which should be put back on the list immediately.

Israel, the United States and several other nations have designated Hamas a terrorist organisation due to its long record of attacks and its refusal to renounce violence.

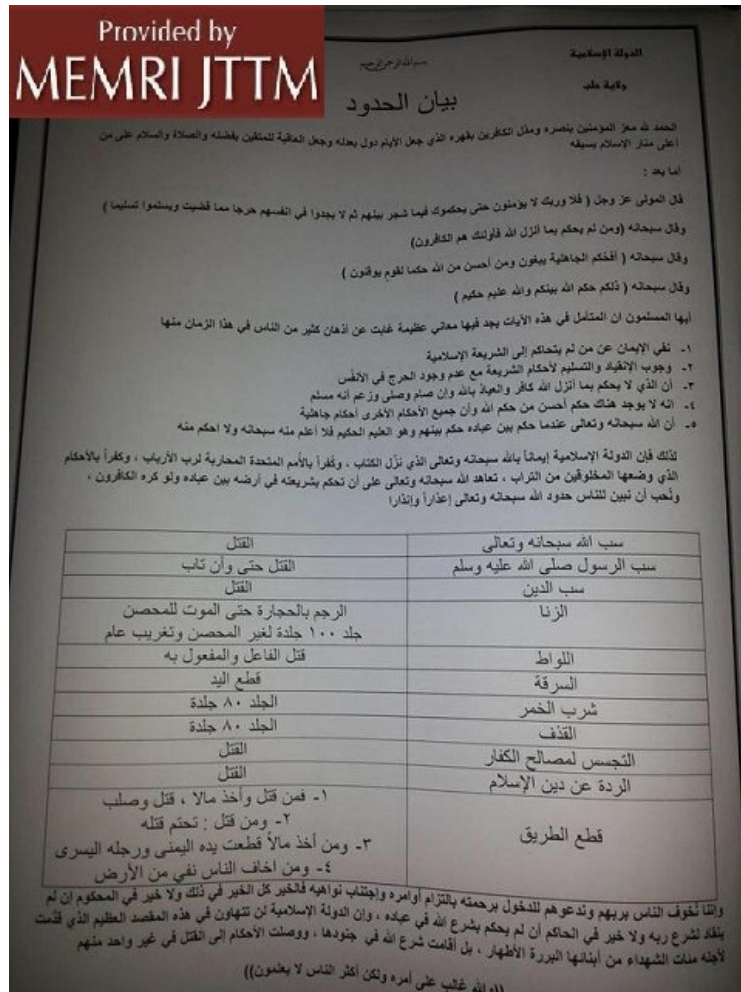

Now from: From <http://rt.com/news/214363-hamas-birthday-parade-israel/> we read

Hamas paraded 2,000 of its armed fighters and truck-mounted rockets through Gaza on Sunday, vowing to destroy Israel. It comes as a sluggish rebuilding program of the coastal strip threatens the August ceasefire that ended the 50-day war with Israel.

In the parade, trucks carrying three long-range rockets and other vehicles with multiple rocket launchers drove by, while a drone with Hamas markings sat on a flatbed truck. Another Hamas drone and an Israeli aircraft flew simultaneously overhead.

One of Hamas' founding leaders, Khalil al-Hayya, reaffirmed the Islamist movement's founding charter, which is the destruction of Israel.

JT: Just another example of tolerance and peace from a Muslim.

The Islamic State published a document detailing the shari'a legal penal code. The document, which was titled "Clarification [regarding] the Hudud [Koranic punishments]," included a list of crimes and their respective punishment according to the shari'a. "The document begins with various Koranic verses emphasizing the need for Muslims to adhere to the shari'a, while noting that those who do not follow it are considered unbelievers."

This is the sharia. It's what Islamic groups mean to impose and why the wage holy war. The Taliban, Boko Haram, al Qaeda, et al slaughter and maim for an Islamic State under Islamic law.

So if you find yourself asking, what does the Taliban want? An Islamic state under Islamic law. It's a religious imperative. It's the very reason for Islam.

If you find yourself asking, why slaughter and behead children at school in Peshawar? For an Islamic state under Islamic law. It's a religious imperative. It's the very reason for Islam.

If you find yourself asking, why is ISIS waging war in Syria, Iraq, Jordan, Lebanon? For an Islamic state under Islamic law. It's a religious imperative. It's the very reason for Islam.

If you find yourself asking, why is Boko Haram slaughtering Christians, kidnapping non-Muslim girls, setting schools alight? For an Islamic state under Islamic law. It's a religious imperative. It's the very reason for Islam.

Why did jihadists attack a school in Beslan, committing unspeakable acts of savagery, sexually torturing children before slaughtering hundreds more children? For an Islamic state under Islamic law. It's a religious imperative. It's the very reason for Islam.

Why do Chinese Muslims (Uighurs) attack commuters at a railway station at rush hour with machetes leaving hundreds dead? For an Islamic state under Islamic law. It's a religious imperative. It's the very reason for Islam.

Why did al Qaeda attack the United States of America, slaughtering thousands on September 11, 2001? For an Islamic state under Islamic law. It's a religious imperative. It's the very reason for Islam.

Why does a devout Muslim storm a popular chocolate shop in Sydney Australia, hold dozens hostage and murder two? For an Islamic state under Islamic law. It's a religious imperative. It's the very reason for Islam.

Why do Russian Muslims bomb Moscow and blow up railway stations days before the Olympics? For an Islamic state under Islamic law. It's a religious imperative. It's the very reason for Islam.

Why do Muslims in Gaza, Judea, Samaria and across the Muslims seek to annihilate Israel. For an Islamic state under Islamic law. It's a religious imperative. It's the very reason for Islam.

Need I go on?

Hundreds of millions of questions? Hundreds of millions of victims in jihadi wars, land appropriations, cultural annihilations and enslavements.

One answer. Islam.

Washington is routinely accused of spending your tax dollars frivolously, but \$349 million toward a project that may never be used?

“All you’ve done is go around in a damn circle, like a dog chasing his tail,” says a project foreman.

The [Washington Post](#) exposed the multimillion-dollar NASA construction project, saying it built a \$349 million laboratory tower in Mississippi intended to simulate the “vacuum of space” to test a new rocket engine.

But the project, called the A-3 test stand, turned out to be useless.

Immediately following its completion in June, NASA closed off the 300-foot-tall tower without ever testing it.

The reason? The rocket program it had been constructed to serve was canceled in 2010.

(<http://dailysignal.com/2014/12/18/heres-glimpse-nasas-349-million-mothballed-tower/>)

JT: I don't think it's useless. NASA can use it to send Obama and his gang into outer space so that they can pollute the universe from there.

From http://worldobserveronline.com/2013/12/29/last-thing-3-year-old-syrian-said-died-im-gonna-tell-god-everything/?utm_source=taboola&utm_medium=referral we read this:

The last thing a 3-year-old Syrian said before he died: “I’m gonna tell God everything”

December 29, 2013 11:36 am Comments Off Views: 390714

This picture is haunting and it's been floating around the internet with the sentence:

The last sentence a 3-year-old Syrian said before he died: “I’m gonna tell God everything”

And that’s equally haunting. It’s impossible to verify but the picture tells a story about the pain and suffering that exists in Syria right now. There are many in the media who would like to say this is because president Bashar al-Assad is a ruthless killer. And that’s half true. Like other government leaders – he has engaged in war and with that war has come the death of tens of thousands and the displacement of over 1 million Syrians now living in refugee camps.

But this hasn’t always been the case. This is the inevitable result of a covert war being waged by the U.S., Israel and other Sunni countries like Qatar and Saudi Arabia. Our interests in taking down the Syrian dictator al-Assad are all about geo-politics. If we take out Syria – we neuter Iranian influence in the region. It has gotten so bad that al-Qaeda is now fighting on the same side as the United States government and Bashar al-Assad and his government are fighting al-Qaeda. And Syrians are all the victim of this massive global covert proxy war.

It has gotten to the point where we don’t even know if the chemical weapons that were used in Syria were the result of al-Qaeda or the Syrian government. When it comes to matters of intelligence and propaganda – it’s very hard to discern truth from fiction. But no one can deny that Syria was a very stable country until we decided to go in all guns blazing. We’re not bringing democracy to the world – that’s the sound of imperialism baby.

JT: It's Barack Hussein Obama's Muslim imperialism!

From Judicial Watch at <http://www.judicialwatch.org/press-room/weekly-updates/obamas-enemies-list/>? we learn that Barack Hussein Obama has an enemies list and will be sued in order to find out who is on it.

Who is On the Obama Enemies List? Judicial Watch Sues to Find Out.

We are pleased to announce that Judicial Watch has joined forces with investigative journalist Sharyl Attkisson in [a Freedom of Information Act \(FOIA\) lawsuit](#) filed jointly against the Department of Justice (DOJ). We want “any and all records” relating to Federal Bureau of Investigation (FBI) background checks on the award-winning correspondent. The request includes correspondence between Attkisson and FBI agents.

According to [documents obtained by Judicial Watch one](#) month ago, the DOJ and the White House targeted the former CBS correspondent as a result of her investigations into the growing Operation Fast and Furious scandal. In an October 4, 2011, email to White House Deputy Press Secretary Eric Schultz, Attorney General Eric Holder’s top press aide, Tracy Schmalzer, described Attkisson as “[out of control](#).” Schmalzer added ominously, “I’m also calling Sharryl’s [sic] editor and reaching out to Scheiffer” (an apparent reference to CBS’ Chief Washington Correspondent and *Face the Nation* moderator Bob Scheiffer). Schultz responded, “Good. Her piece was really bad for the AG.”

Leaving no stone unturned, the Judicial Watch/Attkisson lawsuit specifically asks for:

“Any and all records concerned, regarding or relating to Sharyl Attkisson. Such records include, but are not limited to, records of background checks of Sharyl Attkisson, records of communications, contacts, or correspondence between Sharyl Attkisson and employees,

officials or agents of the Federal Bureau of Investigation, and records of investigations concerning or regarding Sharyl Attkisson as a victim...”

Operation Fast and Furious, you will recall, was a Justice Department/Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) [“gun-running” operation](#) in which the Obama administration allowed guns to go to Mexican drug cartels in hopes that they would end up at crime scenes, thereby advancing gun-control policies. Fast and Furious weapons have been implicated in the murder of Border Patrol Agent Brian Terry and hundreds of [other innocents](#) in Mexico. Attorney General Eric Holder has already admitted that guns from the Fast and Furious scandal are expected to be used in criminal activity on both sides of the U.S.-Mexico border for [years to come](#).

Attkisson, who in 2012 won both the Emmy and the Edward R. Murrow awards for investigative reporting, first began reporting on Fast and Furious in February 2011 when she broke the story, “Gunrunning scandal uncovered at the ATF.” Since then, she has filed more than 100 stories relating to the gunrunning debacle, many of which were exclusive reports. In her new book, “Stonewalled,” Attkisson reported that she had received inside information from government-related sources that the FBI, among other government agencies had hacked into both her personal and work computers over a lengthy period of time.

The Fast and Furious lawsuit we have filed jointly filed with Attkisson is not the first collaborative effort. In August 2014, we teamed with Attkisson to file [a FOIA lawsuit](#) against the Department of Health and Human Services to obtain records pertaining to the failed roll-out of President Obama’s health care law. In May 2014, Judicial Watch released a [106-page document](#) obtained from HHS, revealing that on its first full day of operation, Obamacare’s Healthcare.gov received only one enrollment. The document also revealed that on the second day of Healthcare.gov operation, 48% of registrations failed.

JW is proud to represent Sharyl Attkisson, a fiercely independent journalist, who has a demonstrated track-record of refusing to play the Washington media insiders’ game that covers up or covers over public corruption stories such as Fast and Furious. We know from the emails we have already obtained that the Holder Justice Department sought to silence this courageous reporter. Now, we need to find out just how far they went.

“I am pleased to once again partner with Judicial Watch, which is unmatched in terms of success in litigating Freedom of Information claims against the federal government, whether under Bush or Obama,” added Sharyl Attkisson in our [press statement](#) on the new lawsuit. “That I’ve had to sue to get my own FBI file is concerning. This administration has a terrible record in respecting the First Amendment rights of journalists.”

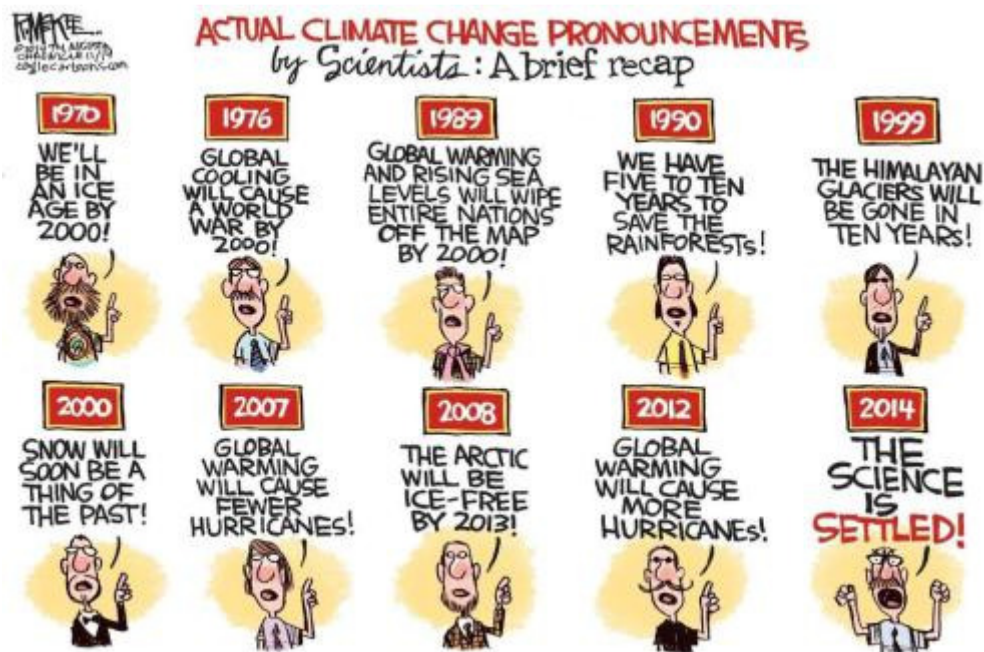

A QUICK FOOTNOTE: There are many added dimensions to the Fast and Furious scandal that continue to come to light thanks to JW’s efforts. We have found, for example, that based on the information uncovered through a Judicial Watch public records lawsuit against the City of Phoenix, Congress has confirmed that an AK 47 rifle used in a July 29, 2013, gang-style assault on an apartment building that left two people wounded was part of the Obama Department of Justice (DOJ) Operation Fast and Furious gunrunning program.

And just as we went to press with this *Weekly Update*, we released [graphic crime scene photos](#) taken at the site of the assault in Phoenix. This includes a close-up photo revealing the

serial number of the AK-47 rifle used by the assailants. Stayed tuned as we will continue provide [updates](#) on this deadly Obama administration scandal.
