JT: Now that the New Year 2015 has arrived, I thought this greeting image would make you vomit and call in sick!

Two very important axioms.

1. If you can't stand in front of something and physically defend it with a firearm, then you don't own it, and probably never did.
2. 2. Seeking and/or holding office, especially national-level office, is today, in and of itself, proof that a given person is psychologically and morally unfit to hold public office.

JT: For the dumb-downers, an axiom is "is a premise or starting point of reasoning. As classically conceived, an axiom is a premise so evident as to be accepted as true without controversy." (*Oxford English Dictionary Online*)

JT Has found out what Progressives, Obots, Liberals, Dumb-downers, Socialists-Communists had on their Christmas (oops Winter Holiday Season in December) wish list. Here it is:

JT: Well, if, during one of his epileptic fits Muhammad can fly to Jannah via Jerusalem on a jackass, why can't the Islamic state terrorists have their armpits infested with the fleas of 1000 camels. By the way, there is a saying among devout Arab Muslims: *camels and goats make wonderful travelling companions during the hajj to Mecca.*

JT: Spontaneous thought: *There is no Allah except Obama and the DemocRATS are his prophets.*

According to the SITE report, the magazine states that it is 'committed to arm Muslim individuals—as well as Muslim groups.'"

JT: Of course, the report has nothing to do with peaceful, tolerant Islam!

JT: This is a campaign bus of the DemocRATS and the RINOS.

Obama feels insulted because North Korea says Obama "always goes reckless in words and deeds like a monkey in a tropical forest."

JT: I've got news for North Korea and Obama. You can't insult Obama because dirt can't be insulted.

JT: The ones selling the drugs are Barack Hussein Obama, Al Sharpton, New York City Mayor DeBlasio, Jeremiah Wright, Southern Poverty Law Center, the NAACP, Barack Hussein Obama's regime, and so on ad infinitum!!!

"Gradually, by selective breeding, the congenital differences between rulers and ruled will increase until they become almost different species. A revolt of the plebs would become as unthinkable as an organized insurrection of sheep against the practice of eating mutton."

"Diet, injections, and injunctions will combine, from a very early age, to produce the sort of character and the sort of beliefs that the authorities consider desirable, and any serious criticism of the powers that be will become psychologically impossible."

There are total of FIVE countries living debt free

- Macao
- British Virgin Islands
- Brunei
- Liechtenstein
- Palau

So this leads to a question:

To summ this up the world is in debt, you guessed it, to banks.

Banks generate money from thin air. Let me show you a carricated example:

I have an A4 paper in front of me that is blank and in my pocket
I have my wallet where there is \$100 written on a piece of A4 paper.

Then you come to me and ask for \$100 loan. I reach to my wallet and give you
the \$100 that I had. Then I take a pen and write \$100 on that paper in front of me,
tear it off and put it back into my wallet.

Now I still have \$100 but you have
to pay me back that \$100 I gave you + a certain amount of interest.
So I actually just made \$100 + the interest.

AND THIS IS HOW EVERY BANK WORKS

So, if the world is in debt to banks who then owns the banks?

The Rockefellers and the Rothschilds have
the most influence and money in the world.
And they do own basically all the private banks.

So there you go. The world is in debt to TWO FAMILIES.

Friend

I couldn't let these last days of 2014 pass by without making sure you know how thankful I am for everything you've done to help out Barack and Democrats this year.

Whenever anyone called on you, you stepped up and did whatever you could to support the work that we're doing together. That's why I know we're going to keep doing big things in these next two years of Barack's presidency -- because I know that you'll continue to stand by our side.

If you're able to, pitch in \$3 or more before the final deadline of 2014 so that we can keep this movement going and prepare for the challenges ahead.

If you've saved your payment information, your donation will go through immediately.

JT: I'm sure that this is the last email from the Obama gang in 2014. The first email from the Obama gang in 2015 will be similar.

By the way, I'm not her friend! The Obama Gang addressing anybody they don't know as their FRIEND and thanking anybody for sticking with them is nothing more than an evil curse.

JT: It's another example of Obama's change!

<http://www.breitbart.com/video/2014/12/23/attkisson-earnest-personally-hiding-obama-benghazi-night-photos/>

Tuesday on CSPAN's "Washington Journal," investigative reporter Sharyl Attkisson said while trying to obtain the official White House photographs of President Barack Obama on the night of the Benghazi terror attacks, after first being told by the photo office that she would get the photos by the end of the day, she was later referred to then-White House deputy press secretary Josh Earnest, who refused to return her and her producers' calls and emails.

"If you know how the White House works, a photographer is omnipresent," Attkisson said. "He would have been there taking photographs in the Situation Room. He would have been taking photographs of the president that night. So we asked for the photos, which in my view, are public information. They are paid for with tax dollars, and they release them when they want them released and they are positive. The photo office indicated initially, this was probably in October or November 2012, that we could have the photos at the end of the day and that never materialized. They suddenly started referring us a White House deputy press secretary, Josh Earnest, who is now press secretary. And they said Josh would have to approve it, and he would never return a call or e-mail. We would try to maintain communication with him or try to make communication with him over a long period of time, and he wouldn't even answer. We would go to the press, photographer's office and say you have given us an impossible task, you have told us to talk to someone who will not talk to us. You need to give us another route to follow to try and get these photos, and they would say no, you have to talk to Josh Earnest. So that just went down a dead-end road. I think that is entirely unacceptable. The press offices work for the public. They are publicly paid to be responsive to the press and the public. Those White House photos belong to the public, in my view, to the extent that they would not reveal national secrets. To this day, they remain secret."

JT: The link has this article and a video concerning a photo of Barack Hussein Obama on the night of the Benghazi attack.
