JT: Isn't it now obvious why Islam wants full control of Africa?

Barry: *O Michelle. Thank you. I love me so much, too!*

JT: This is my advice to Obama:

\*\*\*

JT: Spontaneous thought: POLDS (Progressives, Obots, Liberals, Dumb-downers, Socialists-Communists) cannot dumb themselves down! There is no lower intellect level possible!

\*\*\*

TheReligionofPeace.com reports that from 9/11, 2001 up to and including January 2015 Islamic terrorists (jihadists) have carried out more than 25,000 worldwide attacks 11, 2001. In January there were 248 worldwide jihadist attacks in which 3,788 people died and 1,979 were injured. (<http://www.thereligionofpeace.com/>)

JT: Why should anyone become upset? This is exactly the blueprint that original jihadist Muhammad developed. However, this has absolutely nothing to do with Islam because Islam is peaceful and tolerant!

\*\*\*

JT: Spontaneous thought: A valid question circulating in the news nowadays: Is the measles vaccine 100% safe? Methinks the question would no longer be important if there were 100% abortions. Of course, that's an Obama-logic answer to an important question.

## Maps Highlighting the Distribution of All 2.6 Million Goats Living in the United States as of 2012

by Brian Heater

This is literally every goat in the United States.

One dot = 500 goats.

JT: Each dot in the above map represents where 500 goats can be found in the United States of America. Goats are a favorite animal of Muslims, particularly Muslim men. Why this is so, I can only surmise. Therefore, we surely know where Muslims will settle once they overrun the USA.

He believes that it is for other statesmen to stake their political lives and risk their national future for the sake of a moral principle—at least as Mr. Obama defines that principle. As for him, the only thing sacred is his own political convenience. This is the mentality of a peevish and callow potentate." I don't give too much credence to articles by Gordon Duff and Jim Stone. They are always false-flag-sensation hunting. Some of their articles are superfluously interesting. However, they will make sensationalism statements; but there is never any back-up with documented sources. I detest their attitude that Jews are behind everything that happens and that they may be responsible for everything that goes wrong in the world. As far as I'm concerned they are no better than the psychopath Muhammad who said that because there was a Jew behind every tree and every rock the Jews must be killed, thus giving the world Jew-free trees and Jew-free rocks. I have had my relationships with false flaggers! My experience is that they will ignore the evidence and/or the logical reasoning. With happenings like Charlie Hebdo there are always false flaggers.

I'm convinced that had there been the internet and YouTube videos with appropriate photo-shopping programs in 1972, there would have been some false flaggers claiming that the attack on the Israeli participants during the 1972 Munich Olympic Games was a false flag and that the real perpetrator was Mossad!

It is not the prevalent idea of Islam.

## TIME FOR SOME PAYBACK!

And the savage hits keep coming! Everywhere Islam infects, violence and savagery ensue. Ironic that a “religion” that enjoys the moniker “religion of peace” brings nothing but terror, violence, and savagery.

A new child raping operation by Muslims in England has been uncovered. Why am I not surprised? 31 “Asians” (aka Muslims) have been arrested for committing sex crimes on young white girls. Sound familiar? Police arrested another group of savages last year doing the same thing. It appears the only thing more stupid than England’s government is its police!

At <http://madworldnews.com/obama-history-lesson-islam/> we read the following, which is quoted in full.

## **[Ex-Muslim Imam Pens Open Letter, Giving Obama A History Lesson About Islam](#)**

in [Faith](#), [News](#), [Politics](#) / by [Dom the Conservative](#) / on February 9, 2015 at 2:10 pm /

President Barack Obama sparked outrage when he compared medieval Christian wars to modern-day Islamic terrorism at the [National Prayer Breakfast](#) Thursday. He spouted that terrorist groups like ISIS “professed to stand up for Islam, but, in fact, are betraying it,” chastising the opposition from getting on “our high horse” when “people committed terrible deeds in the name of Christ” during the Crusades and Spanish Inquisition.

[Dr. Mark Christian](#), founder of [Global Faith Institute](#), knows Islamic history too well, being an apostate from the Muslim faith himself. Having experienced the true nature of Islam firsthand as a devout Imam, Dr. Christian penned a fiery open letter to the American leader, which he graciously provided to [Mad World News](#), that includes a blunt history lesson in the unchanging goal of ancient Islam:

*President Obama... I realize you thought you were brave and courageous when you defamed Christianity by equating the Crusades and the Inquisition with the present-day barbarism of Islam, but I wonder if your “courage” goes so far as to blame Muslims for the Islamic conquests? Do you have the guts to tell them that in the name of Allah, they invaded nations, practiced ethnic and cultural cleansing, going so far as to erase the very history of conquered lands. Can you tell them that they changed languages and names, enslaved millions and killed an unknowable number of innocent souls simply because they worshiped God, and not “Allah?”. I think not. **You know Christians will bow their heads and pray for you whereas Muslims will simply take your head and celebrate.***

ISIS is not animated by the usual “reaction to oppression” narrative the Left trots out as an excuse for every instance of horrible behavior, whether that behavior is rioting in Ferguson, Missouri or the systematic slaughter of all those opposed to your ideology.

ISIS is animated entirely by Islam. The manner in which they kill – prescribed and outlined in the Koran. The way they make war – prescribed and outlined in the Koran. The way they treat prisoners – also prescribed and outlined in the Koran.

ISIS does nothing that Mohammed didn’t first do 14 centuries ago.

**You see, the problem isn’t a “radical interpretation of Islam,” the problem is the belief in Islam that Mohammed was the “perfect man,” and as such, worthy of emulation in all things.**

Until Islam can recognize that their “perfect man” wasn’t perfect, and both did and ordered horrible things to be done – certainly things that have no place in a modern world – then there

will always be an ISIS. There will always be those who dedicate their lives to imitating the man who spawned the greatest killing machine in known history...Islam.

Mike Konrad, the pen name of a colleague at American Thinker, has done the math for us in a remarkably cogent [piece](#) that deserved far more attention than it received when first published in early 2014.

The President drew a moral equivalence argument at this year's National Prayer Breakfast between the predation of Islam and the actions of Christians during the Crusades and the Inquisition. **The President is not uneducated. He is surely aware of the speciousness of that argument, yet still proffered it as a back-handed justification of the profane brutality of ISIS and other Islamic supremacist groups.**

When we think of genocide, the names that spring to mind are Hitler, Stalin and Pol Pot. Of course Mao and his utopian fantasies deserve a place alongside the other luminaries of human devastation; millions suffered and died because of these men.

But, when one looks a bit deeper we discover that when it comes to dealing death, the aforementioned dictators are mere peddlers compared to Islam. People forget that the Islamic conquests began 400 years before the Crusades, which were largely a response to Islamic aggression.

Beginning in the year 1000 and lasting for another 500 years, Islam attempted to depopulate India. They did a remarkably good job of it, as the overall population of the Indian subcontinent (despite very high birthrates) dropped by an estimated [80 million](#) in that period.

Don't forget that Islam has always been a leader in the trafficking of humans – **from the slave trade to present-day prostitution – Muslims have excelled in the sale of their fellows.**

Just under 30 million slaves from Africa were held in the Middle East and considering the death rate of slaves in transport (an estimated 80%!) Arab Muslim traders would've needed more than a 100 million to have provided the number of slaves we know survived.

While Christianity is forever maligned for forced conversions and bad behavior in Africa, in truth, Muslims performed these atrocities on a scale many orders of magnitude greater, and continued to do so for more than a thousand years.

Of course, we shan't forget the Islamic slaughter in Sudan, the methodical murder and sexual slavery ongoing in Nigeria or the genocide of 1.5 million Armenians by Muslim Turks at the turn of the 20th century.

When Mohammed began his spread of Islam, most of North Africa and all of Europe was Christian. Where are they now? According to the Catholic Education Resource Center, there are no remaining communities of Christians that can trace their roots back to antiquity. Over the span of centuries, this number adds up to millions more dead, at the hands of Islam.

According to Mr. Konrad,

*“Possibly one-third to one-half or more of all those killed by war or slavery in history can be traced to Islam.”*

The totals boggle the mind. By a conservative estimate, **Islam is directly responsible for a quarter of a BILLION dead.** Indirectly, hundreds of millions more.

To quote Mr. Konrad,

*“Unlike the 20th-century totalitarians whose killing fury consumed themselves, reducing their longevity, Islam paces itself. In the end, though slower, **Islam has killed and tortured far more than any other creed – religious or secular.** Unlike secular tyranny, Islam, by virtue of its polygamy and sexual predation, reproduces itself and increases.”*

Other tyrannies are furious infections, which burn hot, but are soon overcome. Islam is a slow terminal cancer, which metastasizes, and takes over. It never retreats. Its methods are more insidious, often imperceptible at first, driven by demographics. Like cancer, excision may be the only cure.

Mohammed is the “perfect man” of Islam, and as such is the role model for every Muslim. Looking at the horrors perpetrated by Mohammed, it becomes crystal clear that the more devout the Muslim, the more depraved and regressive their behavior.

There is no justification, no moral equivalence to be drawn between the behavior of Christians a thousand years ago, and the behavior of Muslims today. The more salient point is that while the predation of Christianity died away, the worst of Islamic practices are on the rise.

**So Mr. President, please focus your attention toward a real problem – Islamic supremacism – the rest of us have the Crusades and the Inquisition under control.**

Dr. Christian’s anger is righteous and warranted, and if elected leaders in the U.S. do not heed his word, America will become another conquest of an Islamic Caliphate revived.

Because of Muhammad’s example, Muslims have justifiably wiped out [270 million non-Muslims](#) in their endeavors to establish the world Islamic government their prophet viciously commands.

ISIS is more than an Ottoman army reborn; it is the last attempt at bringing about the apocalyptic rule written in the Quran, which, like all communistic regimes, comes at the price of millions of innocent lives. In fact, it’s as if ISIS’s every decision is made by carefully consulting the Quran and Hadith beforehand, cautiously avoiding straying from the path of Islam. Never before has Islam been so successful in jihad than to force Western nations to bow to Sharia law, and that has been and is the goal of Islam’s political ideology since the time of Muhammad. If the greatest Christian nation on earth cannot even call it by name, there is little chance of preventing it from infiltrating our homeland.”

JT: Barack Hussein Obama doesn't like such letters because they are the truth. Obama is a LIAR par excellence.
