I WAS AN AMERICAN

Today I will not be assuming America's border is secure.
Today I will not fly the American flag on my house without offending others.
Today I will not be asked to prove who I am before I vote.
Today I will not be talking with civil services without first being asked what language I speak.
Today I will not be allowed to start my community service board meeting with the pledge of allegiance.
Today I will not be safe from the IRS because of my political beliefs.
Today I will not be innocent of a laundry list of "isms" simply because I exist.
Today I will not be allowed to celebrate American pride.

No, today I will not do that.
Why?

Because today the left is in control.

Today the left has redefined what it means to be American.
Today the left has decided that American pride is shameful.
Today the left has decided that the preferred American is one that is offended by America.
Today the left will fundamentally transform America forever.
Today the left will open America's borders.
Today the left will transfer America's wealth to all comers.
Today the left will Pledge Allegiance to the United Affront of America.
Today America was mortally wounded.

A chaplain will not go to your house and inform you that America has died.
There will be no funeral, no twenty-one gun salute.
There will be no cries for justice.
There will be no riots in the street.
No windows will be smashed, no towns burned to the ground.
Individuals, in quiet desperation, with no answers, worrying themselves to sleep, will be the only sign that America was cared about.

I was an American.

JT: Obama change has arrived in the United States of America

Source: http://iotwreport.com/wp-content/uploads/2015/03/383x372xbaby-7-weeks-.jpg.pagespeed.ic.FeSG6U_YNq.jpg

JT: Conceive that this is an unborn American. Conceive Obama's position that this unborn American should be aborted. Conceive that this unborn American has received a scalpel in the heart, has had the brain sucked out, and has been thrown into a toilet, the garbage bin, or a burning fire. You Progressives, Obots, Liberals, Dumbed-downers, Socialists-Communists voted for this kind of human behavior..

See more images of A Child Is Born by Lennart Nilsson at http://www.lennartnilsson.com/child_is_born.html#

JT: Placing abortion and birth in the Obama perspective is this from the IRS: At <http://townhall.com/tipsheet/leahbarkoukis/2015/04/01/irs-abortion-are-eligible-for-a-tax-deduction-n1979558> we read "Tax Day is quickly approaching and those looking to figure out which of their medical expenses are deductible might be surprised to see abortion at the top of the list of items that can be included in one's medical expense deduction. That's right, according to the IRS, 'you can include in medical expenses the amount you pay for a legal abortion.' In other words, killing your child earns you a tax break. Even more disconcerting, however, is that the medical expenses parents incur for a stillborn child cannot be deducted. So death of a child by natural causes cannot be exempted, while the active killing of an unborn child can be deducted."

Obama is so considerate.

At <http://www.newsmax.com/TheWire/iran-trusted-nuclear-deal/2015/03/31/id/635559/> Jim Meyers informs us of 14 Reasons Iran Can Never Be Trusted on a Nuclear Deal. The article is quoted below verbatim with an occasional, sourced addition.

"Iran and six world powers announced a further extension of talks on the country's nuclear program on Tuesday, with hopes of reaching a final agreement by the end of June. But regardless of whether a deal is ultimately reached, and despite the Obama administration's insistence on striking an accord with Iran, there are significant reasons why the Islamic Republic cannot be trusted.

1. Iran has previously lied about its intentions regarding its nuclear program, maintaining that it is designed strictly for peaceful purposes. But in November 2010, the International Atomic Energy Agency (IAEA) released a report stating that inspectors had found credible evidence that Iran had been conducting experiments aimed at designing a nuclear weapon until 2003, and that research may have continued after that. The IAEA stated: "Iran has carried out activities relevant to the development of a nuclear explosive device."

2. Iran remains a sworn enemy of the U.S., despite the negotiations with America and its allies. In late March, a speech by Iran's Supreme Leader Ali Khamenei was interrupted by the chant of "Death to America." He smiled and responded, "Of course yes, death to America."

3. Iran's President Hassan Rouhani has lied in the past about human rights in Iran. He declared that "ethnicities, all religions, even religious minorities, must feel justice." But his regime has executed Iranian Kurds and Arabs, imprisoned Christians, and hanged a 26-year-old woman who killed her rapist, a former Iranian intelligence officer.

4. Rouhani has lied about freedom of the press in Iran, saying in 2013 that his regime has not blocked any "important piece of news" from the country. But an Iranian journalist who defected on Saturday said Tehran tightly controls the media and journalists' "main job is to make sure that all the news fed back to Iran goes through their channels."

5. Rouhani demonstrated his duplicity when he was Iran's chief nuclear negotiator in 2003. His spokesman bragged that through negotiations, "the world gradually came close to believing that Iran's nuclear activities posed no security or military threat."

6. Iran has religious justification for lying and misleading. Taqiyya is the Shiite religious rationale for concealment or dissimulation in political or worldly affairs. Iranian leaders can believe that they are obliged by their faith not to tell the truth.

7. Iran could kick out the nuclear inspectors. Even if the country does reach an agreement to allow inspectors in to monitor its nuclear program, it could always do what North Korea did in the 1990s and kick them out.

8. The Iranians have balked at formally signing off on an agreement regarding its nuclear program, instead suggesting that they prefer an oral agreement. The West would have nothing on paper to point to if Iran suddenly voided the deal.

9. Former U.S. Secretary of State Condoleezza Rice has said, "You absolutely cannot trust [the Iranians]," noting that they have given the IAEA "the runaround" and "hid their nuclear program for decades."

10. Leon Panetta also said they can't be trusted. Obama's former defense secretary and CIA chief once said: "One thing I've learned both at the CIA and as secretary of defense is that the Iranians can't be trusted."

11. There's no surefire way to make sure Iran is following the rules of any deal. While U.S. National Security Adviser Susan Rice declared that there will be a "distrust and verify" approach to Iran's nuclear program, she has offered no ironclad method to assure that promise.

11. Tehran has recently stepped back from proposals it previously indicated it might accept, including the shipment of its enriched uranium stocks to Russia.

12. Iran has never stepped back from its vow to "wipe Israel off the map." [Mohammad Reza Naqdi, commander of the Iranian Revolutionary Guard's Basij Militia, says "erasing Israel off the map" is 'nonnegotiable' (<http://www.timesofisrael.com/iran-militia-chief-destroying-israel-nonnegotiable/>)]

14. Iran has achieved ballistic missile capability along with its nuclear program, an ominous development suggesting that, despite any agreement, the Iranians remain intent on acquiring nuclear weapons."

JT: The bottom line is that neither John Kerry nor Obama care about these 14 points. Kerry wants to receive the Nobel Peace Prize and win the 2016 presidential election and Obama wants to go down in history as a peace bringer! Kerry should receive the international lemon of the year prize, although it doesn't exist and if it did exist, Kerry receiving the prize would be an insult to lemons. Obama should just go down.

But it is striking how much space these passages takes up in the Islamic texts and how much they focus on a them-and-us-logic where infidels and apostates are characterized as dirty, rotten, criminal, hypocritical and dangerous. It is also striking how much these texts demands the reader to fight the infidels, both with the words and the sword. In many passages Mohammed plays a central role as one who encourages the use of violence, whether it comes to stonings, beheadings, acts of war or execution of critics and poets.” (<http://www.jihadwatch.org/2015/04/danish-professor-jihadis-are-just-following-the-example-of-muhammad>)

OLD VERSION:

The ant worked hard in the withering heat all summer long, building his house and laying up supplies for the winter.

The grasshopper thought the ant to be a fool, laughed, danced, and played the summer away.

Come winter, the ant is warm and well fed. The grasshopper has no food or shelter, so he dies out in the cold.

MORAL OF THE STORY: Be responsible for yourself!

MODERN VERSION (POLD VERSION):

The ant works hard in the withering heat and the rain all summer long, building his house and laying up supplies for the winter.

The grasshopper thought the ant to be a fool, laughed, danced, and played the summer away...

Come winter, the shivering grasshopper calls a press conference and demands to know why the ant should be allowed to be warm and well fed while he is cold and starving.

CBS, NBC, MNBC, PBS, CNN, and ABC show up to provide pictures of the shivering grasshopper next to a video of the ant in his comfortable home with a table filled with food.

America is stunned by the sharp contrast.

How can this be, that in a country of such wealth, this poor grasshopper is allowed to suffer so?

Kermit the Frog appears on Oprah with the grasshopper and everybody cries as they sing, 'It's Not Easy Being Green...'

ACORN stages a demonstration in front of the ant's house where the news stations film the group singing, "We shall overcome." Then Rev. Jeremiah Wright, Rev. Jackson, Rev. Sharpton join together and have the group kneel down to pray to (Allah) for the grasshopper's sake.

President Obama condemns the ant and blames President Bush, President Reagan, Christopher Columbus, and the Pope for the grasshopper's plight. Nancy Pelosi & Harry Reid exclaim in an interview with Larry King that the ant has gotten rich off the back of the grasshopper, and both call for an immediate tax hike on the ant to make him pay his fair share.

Finally, the Congress drafts the (EEOC) Economic Equity & Anti-Grasshopper Act, retroactive to the beginning of the summer.

The ant is fined for failing to hire a proportionate number of green bugs and, having nothing left to pay his retroactive taxes, his home is confiscated by the Government Green Czar and given to the grasshopper.

The story ends as we see the grasshopper and his free-loading friends finishing up the last bits of the ant's food while the government house he is in, which, as you recall, just happens to be the ant's old house, crumbles around them because the grasshopper doesn't maintain it.

The ant has disappeared in the snow, never to be seen again. The grasshopper is found dead in a drug related incident, and the house, now abandoned, is taken over by a gang of spiders who terrorize the ramshackle, once prosperous and once peaceful, neighborhood.

The entire Nation collapses bringing the rest of the free world with it.

Make sure that you pass this on to other ants. Don't bother telling it to any grasshoppers because they wouldn't understand it, anyway.

JT: Obama retires to an Islamic country and plays golf the rest of his life. Moose is thrilled about having more time to gouge down caviar, lobster, and an occasional 100 cheeseburgers. And ... methinks the black spiders are Muslims.

OBAMA'S PLAN FOR A FASCIST AMERICA

Written by Dr. Jack Wheeler

Friday, 13 March 2015

Ha Long Bay, Northern Vietnam. This place is so spectacularly beautiful there's no wonder why it's a World Heritage Site.

Americans are welcome now in Vietnam, where so many people speak English because it's required to learn it in school as a second language. Vietnamese have embraced capitalism with a vengeance, even while they are ruled by the same Commie Party we fought in the 60s, the Hammer & Sickle flies everywhere and Ho Chi Minh is pictured on their currency.

The days of America being Hanoi's enemy are long gone. China is the enemy today as it has been for over two thousand years of Vietnamese history, against which Hanoi needs America as an ally. The tides of history ebb and flow. America's greatest enemy today is not external but within. A far more mortal danger to our country than Putin Russia, Chicom China, or Reconquista Mexico is a Hate America White House with the clear goal of creating a Fascist America.

Government control of all of our major institutions and industries is taking place right before our eyes in broad daylight. If we have any chance of reversing it, we must begin by identifying exactly what is going on. The first step is to call what is going on by its accurate name: fascism.

The Left loves to use the term as a pejorative sneer for anything lefties don't like. But as an economic theory it has a specific meaning.

Socialism is government ownership of businesses and industries, with everyone in the economy - workers, managers, executives - being an employee of the State. In Castro's Cuba until recently, even shoeshine boys had to belong to a state cooperative.

Fascism, by contrast and far more dishonestly, is government control of ostensibly private business and industry, the owners and executives of which can do nothing without bureaucratic regulatory approval. This is the economy Zero is determined to achieve. He is doing so with astonishing rapidity - and with Chicago gangsterism and corrupt thuggishness, hallmarks of any fascist regime.

So rapid and thuggishly thorough it leaves the Marxist agenda of the Frankfurt School's "march through the institutions" - both economic and cultural - of the 20th century in the dust. It is a 21st century blitzkrieg of fascism. Let's itemize it.

***Healthcare.** This is the most obvious. Obamacare is a fascist federal takeover of the entire scope of health and medical care in the US, from insurance to hospitals to physicians.

***Banking.** Less obvious is the extent to which the Dodd-Frank Act, named after two of the most corrupt crooks ever in Congress, gives federal regulators unlimited arbitrary control over the entire banking industry in the US.

***Communications.** The recent ruling of the FCC now makes the Internet a federally regulated utility, giving Zero's bureaucrats unlimited power for stifling innovation, competition, and websites they disapprove of. Add to this, of course, Zero's NSA that has unlimited power to spy on the private communications of all Americans.

***Energy.** The excuse of imaginary man-made global warming as a rationale for Climate Fascism to control energy production has so far failed - thanks to fracking and global cooling. But not for lack of trying, as climate fascists become ever more hysterical in their demands and hatred for anyone who denies their lies.

***Education.** Common Core is the Department of Education's takeover of local and state education on steroids. There is no constitutional authority for the very existence of the federal Education Department, much less its Anti-American history propaganda of Common Core or Mrs. Zero's fascist school lunch starvation program.

***Defense.** The combination of the homosexualization of the military, massive defense cuts, and the promotion of officers who are merely politically correct bureaucrats in uniform is reducing the Pentagon to Zero's Poodle.

Add to this the treating allies like Israel with contempt, the refusal to defend America from Moslem barbarianism, and helping Iran to acquire nuclear weapons.

***Family and Culture.** Homofascism, same-sex "marriage" now morphing to homopolygamy, the unceasing attempts to racially divide America and demonize whites as racist (witness Zero's latest: "Slaves built the White House").

***Economy and Unemployment.** Crony capitalism, mass unemployment and disability payments to gain mass dependency on government welfare. People dependent on you vote for you.

***Justice and the Rule of Law.** Two words define the most corrupt federal justice system in US history: Eric Holder. Add to this Zero's blizzard of unconstitutional edicts (Executive Orders and Memorandums), and the blackmailing of Chief Justice John Roberts (and how many other judges?) to rule as demanded.

***Democracy.** The purpose of Zero's Amnesty for millions of illegal aliens is to enable them to illegally vote to place Democrats in permanent power.

Put this all together, and you see it is a fully comprehensive across-the-board plan to create a Fascist America. The only way to stop it is to start pulling it out by the roots.

E.g., Dodd-Frank and Obamacare must be repealed, FCC net neutrality reversed, every Zero EO undone, the EPA and the Department of Education must be fully defunded and eliminated, no welfare of any kind for illegals... the list of what must be done is very long.

None of this can be done, however, without achieving the first priority: explaining exactly why Zero is a fascist, why Dems are fascist, why the Left is fascist - and refusing to support, donate money to or vote for any Pub politician who won't do so.

Zero, the Dems, the Left's Grievance Industry, and their propagandists pretending to call themselves "journalists" have got to be put on the defensive. They have to be labeled for what they in fact are: fascists advocating smothering (and unconstitutional) national government control over every major business and institution in America.

Thus the most critical issue of our day is Freedom vs. Fascism. The 2016 contest for Congress and the White House must be framed in this context.

"Are you for freedom or are you for fascism?" is the question to ask any politician. "Are you for liberating America's businesses and institutions from Obama's fascist controls or not?"

Freedom in America is dying, but it is not dead yet. It can still be rescued and revived - but not unless we correctly diagnose what is killing it. Only then can radical surgery be performed to remove the cancerous tumor of Obama Fascism causing its impending demise.

Exposing Obama's Plan for a Fascist America is where we must start. Let's get started.

JT: A complementary work to this essay is THE AMERICAN CRISIS (http://www.amazon.com/American-Crisis-Frederick-William-Dame/dp/1500771139/ref=sr_1_7?s=books&ie=UTF8&qid=1419456221&sr=1-7&keywords=frederick+william+dame)

The book's importance is as follows:

Since Barack Hussein Obama first took office as president of the United States of America in 2008, he has tried to turn his seat into a throne and has slowly but surely stripped our nation of the wisdom and knowledge at the root of what We the People cherish most. Our Constitution is collapsing around us, and rather than try to save it, the media, the moonstruck public, and partisan politicians have merely averted their eyes.

But we cannot stay blind to the things this man has done. We cannot look the other way as he continues to lead our nation further away from the principles on which it was founded. We must face this crisis head-on, lest everything we hold dear will be lost.

The American Crisis takes a long, hard look at the contemporary American political environment through open eyes and brings the harsh realities of our situation into full focus, exposing the truths the public has tried to avoid or cover up with lies.

Composed of nineteen essays in the spirit of Thomas Paine's famous American Crisis Papers of 1776–1783, it is sure to stir controversy—and will inevitably raise awareness, as it raises brows. (<http://www.thecompleteobamatimeline.com/the-books.html>)

There is no difference between communism and socialism, except in the means of achieving the same ultimate end: communism proposes to enslave men by force, socialism—by vote. It is merely the difference between murder and suicide. – Ayn Rand (“Foreign Policy Drains U.S. of Main Weapon,” *The Los Angeles times*, Sept. 9, 1962, G2 at <http://aynrandlexicon.com/lexicon/socialism.htm>.)
