Just Thinking

Number 133

At <http://therightscoop.com/the-great-mike-rowe-responds-to-idiot-saying-hes-tired-of-his-right-wing-propaganda-of-work-ethic/> Mike Rowe writes the truth about the American work ethic and the lazy American who cannot find work: "I talked to several hiring managers from a few of the largest companies in Michigan. They all told me the same thing – the biggest under reported challenge in finding good help, (aside from the inability to “piss clean,”) is an overwhelming lack of “soft skills.” That’s a polite way of saying that many applicants don’t tuck their shirts in, or pull their pants up, or look you in the eye, or say things like “please” and “thank you.” This is not a Michigan problem – this is a national crisis. We’re churning out a generation of poorly educated people with no skill, no ambition, no guidance, and no realistic expectations of what it means to go to work."

JT: Ask Obama what the cause of the problem is and he'll tell you it's due to Climate Change!

<http://www.bbc.com/news/science-environment-33008590>

JT: But the infection Obama has not been unraveled.

Michelle Obama delivers the commencement address at the Dr. Martin Luther King College Preparatory High School in Chicago. Predictably, her speech is about race. This philosophical genius says to the graduates, “And with every word you speak, with every choice you make, with the way you carry yourself each day, you are rewriting the story of our communities. And that’s a burden that [my husband] and I proudly carry every single day in the White House. Because we know that everything we do and say can either confirm the myths about folks like us, or it can change those myths.” (<https://www.whitehouse.gov/the-press-office/2015/06/09/remarks-first-lady-martin-luther-king-jr-preparatory-high-school-commenc>)

JT: I ask the question: If that is so, then why do Michelle and Barry behave like spoiled brats?

JT: I think the answers apply to DemocrATS from Obama on down!

<http://www.judicialwatch.org/blog/2015/06/jw-gets-fbi-report-of-ussrs-favorite-members-of-congress-during-cold-war/> "Contact between members of Congress, their staff and representatives of the Soviet Union are documented between 1964 and 1972. A compilation of the contacts from January 1, 1967 to July 28, 1970 reveals that Communist diplomats had a total of 180 contacts with U.S. Senators, 94 with members of the House and 832 with their congressional staff. The records show 1967 to be the most active year with 77 Communist interactions with U.S. Senators, 55 with representatives and 265 with staff employees. Not surprisingly, Ted Kennedy one of the 10 senators that appears on the Communist list. A few years ago JW sued the FBI for once-secret [documents](#) that reveal the late Massachusetts senator sought meetings with Communists and others with left-wing views during a tour of several

Latin American countries. Kennedy also made arrangements to rent a brothel for an entire night, according to the records which say the veteran lawmaker insisted on interviewing "the angry young men" of each country and meeting with a communist in Bogota that had been mentioned in U.S. investigations of Soviet spy rings.

Besides being tight with Communists, Kennedy was also famous for driving his car into a pond in Chappaquiddick, east of Martha's Vineyard after a night of partying. The senator escaped the accident unscathed while his mistress, 28-year-old Democratic campaign worker Mary Jo Kopechne, drowned in the car. Kennedy had an expired license and had been drinking at the party yet he only got a slap on the hand, a two-month suspended jail sentence. The tragedy at Chappaquiddick became known as the most brilliant cover-up ever achieved in a nation where investigative procedures are well developed. Two decades after the horrific event more light was shed on the cover-up when the foreman of the grand jury that investigated the accident [confessed.](#) "

JT: Here are the names of Communist Russia's most favorite American politicians:

Ted Kennedy (bloated drunk, democratic stalwart, perpetual presidential candidate, un-indicted manslaughterer)

South Dakota Senator George McGovern (democratic presidential contender)

Minnesota Senator Walter Mondale (democratic presidential contender)

Minnesota Senator Eugene McCarthy (democratic presidential contender)

Maine Senator Edmund Muskie (democratic presidential contender and secretary of state during Jimmy Carter administration)

Montana Senator Mike Mansfield (democrat, great society advocate, vociferous anti-Vietnam war activist)

Arkansas Senator J.W. Fullbright (Clinton's mentor)

Louisiana Senator Allen Ellender (democratic segregationist, staunchly anti-Vietnam war)

Massachusetts Senator Edward Brooke (republican, first black senator popularly elected Oregon Senator Mark Hatfield (republican.)

House members include James Fulton of Pennsylvania (republican, UN delegate to Havana)

Robert Leggett of California (democrat, Berkeley graduate)
Donald Riegle of Michigan (moderate republican who flipped to democrat, mayor of Detroit.) (Read more at <http://iotwreport.com/?p=289322#JytXjdtQvuy28xY3.99>)

At <http://conservativetribune.com/families-of-seals-killed/> we read the **Families of SEALs Killed After Bin Laden Raid Made This Shocking Claim About Obama**

[Osama bin Laden](#), founder and head of [Al Qaeda](#) and the individual most responsible for the terrorist attacks on Sept. 11, 2001, was killed in Abbottabad, Pakistan, on May 2, 2011, by U.S. [Navy SEAL Team Six](#).

Immediately afterwards, Americans were giddy with happiness. The members of SEAL Team Six, though not identified, became heroes.

Later that year, a U.S. Boeing CH-47 Chinook helicopter, with the call sign "[Extortion 17](#)," was shot down in Afghanistan by the Taliban. All 38 on board were killed, *including 15 from SEAL Team Six*.

Now it appears that the downing of the Chinook helicopter was no tragic coincidence. The families of the dead SEAL team members are blaming the incident on the Obama administration.

Initially, the tragedy appeared to be the result of loose lips by [Vice President Joe Biden](#) and then-[Defense Secretary Leon Panetta](#). Two days after Bin Laden's death, Biden told an audience at the Ritz Carlton hotel in Washington, D.C., that it was the Navy SEALs who got the Al Qaeda leader.

Two months later, Panetta was at a ceremony on the grounds of the CIA compound when he told approximately 1,300 attendees the unit responsible for the raid and the name of the ground commander.

The lives of the SEALs and their families were immediately put in danger.

But since then, the families of the dead SEALs have implied that more was going on than accidental leaks of classified information.

Billy and Karen Vaughn, the parents of slain SEAL Aaron Vaughn, recalled that within 24 hours of Biden's leak, their son telephoned and told them their lives were in danger.

In 2013, Billy Vaughn published a book, titled "Betrayed: The Shocking True Story of Extortion 17 as Told by a Navy SEAL's Father." He continues to divulge information that is unsettling to say the least.

Extortion 17 was en route to Wardak province, just west of Kabul, Afghanistan. The SEALs were to take part in a night raid in the Tangi Valley of that province. Seven Afghans were also on the helicopter, but their correct names were not on the manifest, suggesting there was a last-minute change in Afghan personnel.

Additionally, the Chinook was flying into an area where a firefight had been going on for the previous 3 1/2 hours. Yet no cover was given by ground forces for the incoming helicopter.

Furthermore, Afghans were moving toward the landing area before the SEALs were to get there, indicating that Extortion 17's arrival was not a closely guarded secret.

Immediately after the tragedy, the victims' bodies were cremated without the families' permission. Also, the helicopter's black box was never recovered, purportedly washed away in a rainstorm.

Vaughn is certain the Extortion 17 mission was compromised. He believes the Afghans tipped off the Taliban, who were then ready and waiting to avenge Bin Laden's death (H/T [Freedom Outpost](#)).

If all this is true, the Obama administration has a much larger scandal to deal with than even the attack on the American consulate in Benghazi. Yet the media appears reluctant to report this story.

Wonder why?

Our fighting men and women need your assistance. Please help by sharing this article on Facebook with as many of your friends, neighbors and acquaintances as possible. This story needs to get out so it can't be ignored by President Obama or the sycophantic press.

JT: Accuse Biden and Obama and the Obama regime of committing high treason. The charge: aiding and abetting the enemy! Try them convict them! Sentence them!

Don Fredrick of The Complete Obama Timeline quotes an article from NationalEnquirer.com that claims that Michelle Obama “used Walter Reed Army Medical Center as her own personal outpatient plastic surgery clinic... ‘It’s appalling!’ fumed Jill Farrell of Judicial Watch. ‘With taxpayers picking up the tab for her ski trips to Aspen and beach outings to Hawaii, we might as well pay for her abs and butt, too!’ Michelle was whisked to the hospital with ‘the utmost secrecy’ in the summer of 2011, a source told The ENQUIRER. ‘Secret Service agents were stationed both inside and outside the operating room. Michelle had fat sucked from her abdomen, hips and butt.’ ...We asked a panel of top plastic surgeons to analyze before-and-after photos of the First Lady, and each agreed the mother of two has undergone a so-called ‘liquid facelift’ with Botox and filler injections, plus a nose job! ‘A little Botox helps to smooth out those forehead lines earned during the last campaign,’ theorized Dr. Lyle Back. ‘I can [also] see the rhinoplasty [nose surgery] work she had done is very obvious. It is superb, sophisticated work, though.’ Dr. Otto Placik said Michelle now has fewer crow’s feet, indicating she’s had ‘definite Botox,’ as well as a Hollywood-ready smile.”

Don Fredrick notes, Of course, Michelle Obama has the liberty to have any cosmetic surgery she wants performed—provided it is done at her own expense. Although it is obvious that both Michelle Obama and her husband have undergone rhinoplasty procedures to narrow their noses, this *Timeline* offers no opinion as to whether they have had other “work” done.

JT: Both Barry and Michelle had to have the surgical improvements. Their condition was due to global warming. However, nothing was done to their brains. They both have caverns of evilness between their ears.

JT: This is one of the DemocRAT Party's recent emails. My comment is as follows:

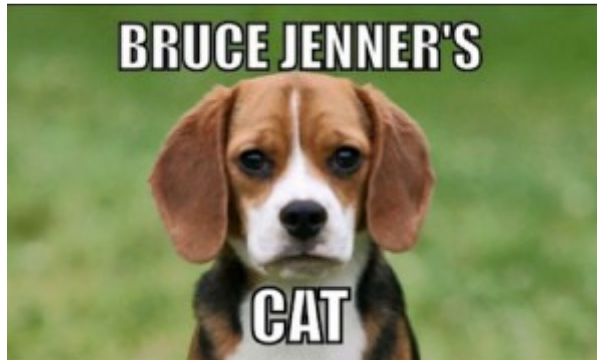

I support marriage between an adult male and an adult female.

I do not support marriage between an adult female and an adult female, between an adult male and an adult male, between a person and an animal, between a person and a plant. I do not support marriage between a male who was once a female and a female, and between a female who was once a male with a male. I do not support marriage between an adult male and a child female. I do not support marriage between an adult female and a child male.

In case you don't understand, I support marriage between an adult male and an adult female! POLDS and DemocRATS can support whatever they want. I feel morally happy and secure in what I support.

JT: Real proof of how times change

Following the mass shooting in the Bethel AME Church in Charleston, South Carolina which left nine persons dead, Barack Hussein Obama said, "But let's be clear: At some point, we as a country will have to reckon with the fact that this type of mass violence does not happen in other advanced countries. It doesn't happen in other places with this kind of frequency."

JT: This is an outright lie! The statistics prove that Obama is telling a lie. At <http://www.ijreview.com/2015/06/348197-obama-said-mass-shootings-dont-happen-in-advanced-countries-like-in-us-one-chart-proves-him-wrong/> we read that

"According to the OECD's latest version of the Rampage Shooting Index, a pair of deadly shootings in Switzerland in early 2013 pushed the U.S. out of the top five OECD nations for the most per capita fatalities, but the U.S. continues to have the most rampage shooting deaths (one reason could be its size – The U.S. population accounts for 25 percent of the OECD total). However, the U.S. saw a drop in mass shooting deaths from 93 in 2012 to 68 in 2013.

The U.S.' index of 0.12 per 5,000,000 places it behind Norway (recall the [Anders Breivik](#) massacre), Finland, Slovakia, Israel, and Switzerland – at half the ratio.

Another thing one might note: The top 5 countries for mass shootings per capita all have 'restrictive' gun policies."

Likewise, Barack Hussein Obama did not mention relevant facts such as

1. The Frequency of Mass Shootings in America is Rare
2. Mass Shootings are Not Significantly on the Rise
3. Gun Violence is Down. Way, Way Down.
4. Gun Violence is Not the Only Kind of "Mass Violence"
5. U.S. Homicide Rate Does Not Reflect Its High Gun Ownership in Global Context

[\(http://www.ijreview.com/2015/06/347840-5-reasons-obamas-statement-on-the-charleston-shooting-is-highly-misleading/\)](http://www.ijreview.com/2015/06/347840-5-reasons-obamas-statement-on-the-charleston-shooting-is-highly-misleading/)

Keep on lying Barack! You wouldn't know the truth if it flashed warning lights!
