At <http://iotwreport.com/?p=290222#l5lOgziRYmIO4o8Y.99> we read about this positive tragedy:

The day after his wife disappeared in a kayaking accident, an Anchorage man answered his door to find two grim-faced Alaska State Troopers.

“We’re sorry Mr. Wilkens, but we have some information about

your wife”, said one of the troopers.

“Tell me! Did you find her?”, Wilkens exclaimed.

The troopers looked at each other.

One said, “We have some bad news, some good news, and some really great news. Which would you like to hear first?”

Fearing the worst, Mr. Wilkens said, “Give me the bad news first.”

The trooper said, “I’m sorry to tell you, sir, but this morning we found your wife’s body in Kachemak Bay .”

“Oh my God!”, exclaimed Wilkens.

Swallowing hard, he asked, “What’s the good news?”

The trooper continued, “When we pulled her up, she had 12 twenty-five-pound king crabs and 6 good-sized Dungeness crabs clinging to her, and we feel you are entitled to a share in the catch.”

Stunned, Mr. Wilkens demanded, “If that’s the good news, then what’s the great news?”

The trooper replied, “We’re gonna pull her up again tomorrow.”

In Santa Monica, California at the home of actor Tyler Perry Obama says, "There are two things in particular that these days I'm spending a lot of time thinking about. The first is the changing nature of the economy. The other is climate change." He makes the outrageous claim that by the year 2050, "well within our children's lifetimes, on our current pace, the oceans go up maybe two, maybe three, maybe four feet." Obama hosts an LGBT (lesbian, gay, bisexual, transsexual) event at the White House. JT: Now that the Supreme Court of the United States of America have ruled positively for gay marriage, I think they should marry each other, except the four dissenters. It is only logical that such people having the same views on the positive side of gay marriage are meant for each other. I think that Muslims in America will now decidedly have polygamy legalized as well as marriages to nine-year old girls. Hey, why not make it legal for someone to marry one's pet – and if polygamy is legal, one's pets, one's best liked tree (s) plant(s), one's mother, one's father, one's car? Thomas Jefferson believed that that there should be "dismemberment" of the offensive organ as the penalty for sodomy. (<http://freedomoutpost.com/2013/03/what-the-founders-believed-about-homosexuality/#2qOLKIQk7sFWclXj.99>). Well, perhaps there should be a closing of all marriage offices. If gay marriages are to be, then perhaps the participants should be bussed to a place where there is an equal, but separate environment. Hey, it's time for a new separate, but equal clause for marriage. Wait Progs! Open the flood gates of pedophilia!!!

Abraham Lincoln wanted all blacks deported. (<http://www.washingtontimes.com/news/2011/feb/9/book-lincoln-sought-to-deport-freed-slaves/?page=all>.) Further, Lincoln didn't want to put the Emancipation Proclamation into law. Lincoln didn't believe that slavery was morally wrong. Lincoln said that blacks should not have the same rights as American white people. Lincoln wanted to establish colonies in Africa with former slaves in America. The Emancipation Proclamation was militarily necessary to ensure that the freed slaves

would fight for the Northern States against the Confederate Southern States. [http://www.history.com/news/5-things-you-may-not-know-about-lincoln-slavery-and-

The following list is from <http://www.thesocialmemo.org/2015/06/univ-of-wi-releases-list-of.html>.

Theme	Microaggression	Message
<i>Alien in own land</i> When Asian Americans and Latino Americans are assumed to be foreign-born	"Where are you from?" "Where were you born?" "You speak good English." A person asking an Asian American to teach them words in their native language.	You are not American You are a foreigner
<i>Ascription of Intelligence</i> Assigning intelligence to a person of color on the basis of their race.	"You are a credit to your race." "You are so articulate." Asking an Asian person to help with a Math or Science problem.	People of color are generally not as intelligent as Whites. It is unusual for someone of your race to be intelligent. All Asians are intelligent and good in Math / Sciences.
<i>Color Blindness</i> Statements that indicate that a White person does not want to acknowledge race	"When I look at you, I don't see color." "America is a melting pot." "There is only one race, the human race."	Denying a person of color's racial / ethnic experiences. Assimilate / acculturate to the dominant culture. Denying the individual as a racial / cultural being.
<i>Criminality – assumption of criminal status</i> A person of color is presumed to be dangerous, criminal, or deviant on the basis of their race.	A White man or woman clutching their purse or checking their wallet as a Black or Latino approaches or passes. A store owner following a customer of color around the store. A White person waits to ride the next elevator when a person of color is on it.	You are a criminal. You are going to steal / You are poor / You do not belong / You are dangerous.
<i>Denial of individual racism</i> A statement made when Whites deny their racial biases	"I'm not a racist. I have several Black friends." "As a woman, I know what you go through as a racial minority."	I am immune to races because I have friends of color. Your racial oppression is no different than my gender oppression. I can't be a racist. I'm like you.
<i>Myth of meritocracy</i> Statements which assert that race does not play a role in life successes	"I believe the most qualified person should get the job." "Everyone can succeed in this society, if they work hard enough."	People of color are given extra unfair benefits because of their race. People of color are lazy and / or incompetent and need to work harder.
<i>Pathologizing cultural values / communication styles</i> The notion that the values and communication styles of the dominant / White culture are ideal	Asking a Black person: "Why do you have to be so loud / animated? Just calm down." To an Asian or Latino person: Why are you so quiet? We want to know what you think. Be more verbal." Speak up more." Dismissing an individual who brings up race / culture in work / school setting.	Assimilate to dominant culture. Leave your cultural baggage outside.
<i>Second-class citizen</i> Occurs when a White person is given preferential treatment as a consumer over a person of color	Person of color mistaken for a service worker Having a taxi cab pass a person of color and pick up a White passenger Being ignored at a store counter as attention is given to the White customer behind you "You people ..."	People of color are servants to Whites. They couldn't possibly occupy high-status positions. You are likely to cause trouble and / or travel to a dangerous neighborhood. Whites are more valued customers than people of color You don't belong. You are a lesser being.
<i>Environmental microaggressions</i> Macro-level microaggressions, which are more apparent on systemic and environmental levels	A college or university with buildings that are all names after White heterosexual upper class males Television shows and movies that feature predominantly White people, without representation of people of color Overcrowding of public schools in communities of color Overabundance of liquor stores in communities of color	You don't belong / You won't succeed here. There is only so far you can go. You are an outsider / You don't exist. People of color don't / shouldn't value education. People of color are deviant.
<i>How to offend without really trying</i>	"Indian giver." "That's so gay." "She welshed on the bet." "I jewed him down." "That's so White of you." "You people ..." "We got gypped." Imitating accents or dialects Others?

JT: The strategy was developed by Barack Hussein Obama and Valerie "Rasputin" Jarrett.

From America's poet par excellence, Walt Whitman, we have the following description of a DemocRAT Party National Convention: "The members who composed it were, seven eighths of them, the meanest kind of bawling and blowing officeholders, office seekers, pimps, malignants, conspirators, murderers, fancy men, custom-house clerks, contractors, kept editors, spaniels well trained to carry and fetch, jobbers, infidels, disunionists, terrorists, mail-riflers, slave-catchers, pushers of slavery, creatures of the president, creatures of would-be presidents, spies, bribers, compromisers, lobbyists, sponges, ruin'd sports, expell'd gamblers, policy-backers, monte-dealers, duellists, carriers of conceal'd weapons, deaf men, serpentine men, scarr'd inside with vile disease, gaudy outside with gold chains made from the people's money and harlot's money twisted together, crawling serpentine men — the lousy combinings and born freedom-sellers of the earth."

And whence came they? From back-yards and bar-rooms; from out of the customhouses, marshals' offices, post-offices, and gambling-hells; from the President's house, the jail, the station-house; from unnamed by-places, where devilish disunion was hatch'd at midnight; from political hearses, and from the shrouds inside, and from the shrouds inside of the coffins; from the tumors and abscesses of the land; from the skeletons and skulls in the vaults of the federal almshouses; and from the running sores of the great cities. Such, I say, form'd, or absolutely control'd the forming of, the entire personnel, the atmosphere, nutriment and chyle, of our municipal, State, and National politics; substantially permeating, handling, deciding, and wielding everything; legislation, nominations, elections, "public sentiment," etc.; while the great masses of the people, farmers, mechanics, and traders, were helpless in their gripe. . . — Walt Whitman, March 18, 1876. (Source: http://www.susanoonian.org/outrage_fetch.php?id=1945)

JT: Comparing the DemocRATS in Walt Whitman's day with those nowadays under the Barack Hussein Obama regime, there is no negligible difference.

At <http://pjmedia.com/blog/coulter-to-pjm-cut-off-all-immigration-focus-on-white-voters-to-win/> author and political commentator Ann Coulter says that "There's a law on the books that says if a country will not take a criminal back the attorney general shall, not may, shall deny visas, any visas coming from that country – that is on the books right now. Has it been enforced by Republicans or Democrats? No, it has not.

There's a law on the books right now that says an immigrant who has been convicted of a crime in America who does not cooperate in being sent home, that itself is a crime, not signing the papers, not showing up when you're supposed to, that itself is a crime punishable by 4 years in prison – that's never enforced. It's just not enforced. Three times Congress has voted to build a fence and it never gets built.

The entire thing has to be shut down. No more immigration for 10 years. We get our books in order. We assimilate the ones already here. Build a fence. Repeal anchor babies and then we start up with the pre-1970 immigration policies.

It's not just Obama; Bush was the same way. Bush didn't enforce it, either. The entire immigration bureaucracy is corrupt. It is run by and staffed by left-wingers who hate America who in other times would have been fighting with revolutionaries in Latin America and getting themselves arrested. Now they punish Americans here at home. They say we are racist, sexist, imperialistic, greedy, they want to transform America because they hate America.

...

If Romney had won the Hispanic vote by 71 percent, which Republicans are never going to get in a presidential election, he still would have lost. If he got 4 percentage points more of the white vote he would have won," Coulter said during an interview about her new book, *Adios, America*. "Republicans for years have been embarrassed for getting white votes. Why should white votes be embarrassing?

Particularly it's African-Americans who are hurt the most by all of this low-wage immigration. It's driving their wages down. It's killing them in the job market and not coincidentally, as I point out in my book, Pete Wilson, who ran in California in 1994 and got the highest percentage of any Republican running in California in about half a century by tying himself with titanium chords to Proposition 187 and won a huge come-from-behind victory.

Proposition 187 was a ballot initiative that called for the creation of a system to prevent illegal immigrants from receiving public benefits.

Immigration both legal and illegal is killing African-Americans. So generally there's a lot of ethnic voting; I wouldn't hang my hat on winning with the black vote or winning with some sliver of the Hispanic vote but whites, number one, are still a majority in this country and number two, they are still Republican voters. Again, the Democrats

can't get white voters to vote for them and three, basically since Ronald Reagan, Republicans have been ignoring the white vote."

JT: Ann Coulter is absolutely correct. However, why should the laws be enforced when no law officer from sheriff to judge will enforce the law of the *Constitution for the United States of America*, particularly Article 2, Section 1, Clause 5?

<http://www.thelocal.de/20150626/refugee-school-calls-for-uniform-modesty>. A school in Bavaria has sent a letter home to parents warning them not to let their daughters wear revealing blouses or short skirts, because emergency accommodation for refugees has been set up next to the gym.

Here's an interesting statement from a representative of peaceful and tolerant Islam: Egyptian cleric Muhammad Zaki, Secretary General of the Al-Azhar Dawa committee, says, "Ramadan has never been a month for the lazy. It has never been a month for tormenting one's body or for sleep. It is a month for jihad. Jihad of the soul, jihad against Satan, and jihad for the sake of Allah."
