JT: The water in the Great Lakes is not at low levels like the climate change idiots have predicted. The water levels are rising. It won't take long before some sky-is-falling-climate-doomsday idiot will reason that of course the water levels in the Great Lakes are rising. They always do in the summer when water heats up and expands!!! LOL!!!

We read at <http://www.frontpagemag.com/fpm/259690/obama-alters-us-oath-allegiance-compliance-islamic-raymond-ibrahim#.VdRg7utNjQc.mailto> that the traitor "Obama Alters U.S. Oath of Allegiance in Compliance with Islamic Law"! This act of treason is important enough to be quoted in its entirety.

The Obama administration recently made changes to the Oath of Allegiance to the United States in a manner very conducive to Sharia, or Islamic law.

On July 21, the U.S. Citizenship and Immigration Services (USCIS) [announced](#) some "modifications" to the Oath of Allegiance which immigrants must take before becoming naturalized.

The original oath required incoming citizens to declare that they will "bear arms on behalf of the United States" and "perform noncombatant service in the Armed Forces of the United States" when required by the law.

Now the USCIS says that "A candidate [to U.S. citizenship] may be eligible to exclude these two clauses based on religious training and belief or a conscientious objection."

The new changes further add that new candidates "May be eligible for [additional?] modifications based on religious training and belief, or conscientious objection arising from a deeply held moral or ethical code."

These changes serve incoming Islamic supremacists especially well. For, while Islamic law allows Muslims to feign loyalty to non-Muslim "infidel" authorities, it bans Muslims from living up to the pretense by actually fighting or killing fellow Muslims on behalf of a non-Muslim entity, such as the United States.

The perfectly fitting story of [Nidal Hassan](#)—the U.S. army major and "[observant Muslim who prayed daily](#)" but then turned murderer—comes to mind and is illustrative.

A pious Muslim, Hasan seemed a "regular American," even if he was leading a double life—American Army major and psychiatrist by day, [financial supporter](#) of jihadi groups and [associate](#) of [terrorists](#) by night. However, when time came for this American soldier to "bear arms on behalf of the United States"—to quote the original Oath of Allegiance—against fellow Muslims, things got ugly: he went on a shooting spree in Fort Hood, killing thirteen Americans, including one pregnant woman in 2009.

Much of Hasan's behavior is grounded in the Islamic doctrine of Loyalty and Enmity. According to this essential teaching, Muslims must always be loyal to Islam and fellow Muslims while having enmity for all non-Islamic things and persons.

However, whenever Muslims find themselves under the authority of non-Islamic institutions and persons, they are permitted to feign loyalty—even to the point of cursing Islam and pretending to have abandoned it—with one caveat: Muslims must never take up arms on behalf of “infidels” against fellow Muslims. In other words, their loyalty to non-Muslims must be skin deep.

Many are the verses in the Koran that support this divisive doctrine (3:28, 4:89, 4:144, 9:23, and 58:22; the latter simply states that true Muslims do not befriend non-Muslims—“even if they be their fathers, sons, brothers, or kin”).

Most germane is Koran 3:28: “Let believers not take for friends and allies infidels rather than believers: and whoever does this shall have no relationship left with Allah—unless you but guard yourselves against them, taking precautions.”

The words translated here as “guard” and “precaution” are derived from the Arabic word *taqu*, from the trilateral root *w-q-y*—the same root that gives us the word *taqiyya*, the [Islamic doctrine that permits Muslims to deceive non-Muslims](#) whenever under their authority.

Ibn Kathir (d. 1373), author of one of the most authoritative commentaries on the Koran, explains *taqiyya* in the context of verse 3:28 as follows: “Whoever at any time or place fears ... evil [from non-Muslims] may protect himself through outward show.” As proof of this, he quotes Muhammad’s close companion Abu Darda, who said, “Let us grin in the face of some people while our hearts curse them.”[1]

Muhammad ibn Jarir at-Tabari (d. 923), author of another standard commentary on the Koran, interprets verse 3:28 as follows:

If you [Muslims] are under their [non-Muslims'] authority, fearing for yourselves, behave loyally to them with your tongue while harboring inner animosity for them ... [know that] God has forbidden believers from being friendly or on intimate terms with the infidels rather than other believers—except when infidels are above them [in authority]. Should that be the case, let them act friendly towards them while preserving their religion.[2]

And therein lies the limit of *taqiyya*: when the deceit, the charade begins to endanger the lives of fellow Muslims—whom, as we have seen, deserve first loyalty—it is forbidden. As al-Qaeda leader Ayman al-Zawahiri puts it in his treatise on Loyalty and Enmity, Muslims may pretend to be friendly and loyal to non-Muslims, so long as they do “not undertake any initiative to support them [non-Muslims], commit sin, or enable [them] through any deed or killing or fighting against Muslims” ([The Al Qaeda Reader](#), p. 75).

Thus the idea that Nidal Hasan might be deployed to a Muslim country (Iraq or Afghanistan) was his “[worst nightmare](#).” When he realized that he was about to be deployed, he became “[very upset and angry](#).” The thought that he might injure or kill Muslims “[weighed heavily on him](#).” He also counseled a fellow Muslim not to join the U.S. Army, since “[Muslims shouldn’t kill Muslims](#).”

Hassan is not the only Muslim to expose his disloyalty when pushed into fighting fellow Muslims on behalf of the United States.

In 2010, Naser Abdo, another Muslim soldier who joined the U.S. Army, demanded to be discharged on the claim that he [was](#) a “conscientious objector whose devotion to Islam has

suffered since he took an oath to defend the United States against all enemies.” The army agreed, but while processing him, officials found child pornography on his government-issued computer and recommended that he be [court-martialed](#). Abdo went AWOL and later tried to carry out a terrorist attack on a restaurant with the use of weapons of mass destruction.

And in April 2005, another Muslim serving in the U.S. Army, Hasan Akbar, was convicted of murder for killing two American soldiers and wounding fourteen in a [grenade attack](#) in Kuwait: “He launched the attack because he was concerned U.S. troops would kill fellow Muslims in Iraq.”

In short, the first loyalty of any “American Muslim” who follows the Koran is to fellow Muslims, regardless of their nationality—and not to American “infidels,” even if they be their longtime neighbors whom they daily smiled to ([see here for examples](#)). Hence why American Muslim [Tarik Shah](#), who was arrested for terrorist-related charges, once boasted: “I could be joking and smiling [with non-Muslims] and then cutting their throats in the next second”—reminiscent of the aforementioned quote by Muhammad’s companion.

Now, in direct compliance with Islamic law, the Obama administration has made it so that no Muslim living in America need ever worry about having to defend her—including against fellow Muslims or jihadis.

Translation: An immigrant in the 1990-ies from North Africa who returned back to Algeria six years ago after he never had a job here during that time, returned to Sweden in April this year to get medical care for a severe infection.

He registered on the 20th of April at a job centre/employment service here in order to show he had listed himself to be at "the job market's disposal", but from this agency, by help of a presented doctor's certificate, he got a certificate he was **incapable** to take a job for a period of one month due to his infection!

This enabled him to go to an emergency ward and get treatment. After two surgical operations he also wanted allowance for subsequent visits to doctors as well as medications.

The municipality initially dismissed his request, but a judicial administration court later accepted his argument that he both lacked income and assets so consequently it revoked the decision of the municipality.

JT: This how "Obama Care" will function for illegal Hispanic and Muslim immigrants already in the USA, or coming to, the USA.

"...While Hillary Clinton claims she will be the champion of the little people if elected, the truth is that behind the scenes she is so nasty and abusive toward her own Secret Service detail and treats them with such contempt that being assigned to Hillary's detail is considered a form of punishment within the Security Service. According to Secret Service agents interviewed for my book... Abedin can be just as rude and nasty as Hillary. ...'There's not an agent in the service who wants to be in Hillary's detail,' a current agent says. 'If agents get the nod to go to her detail, that's considered a form of punishment among the agents. She's hard to work around, she's known to snap at agents and yell at agents and dress them down to their faces, and they just have to be humble and say, 'Yes ma'am,' and walk away.' The agent adds, 'Agents don't deserve that. They're there to do a job, they're there to protect her, they'll lay their life down for hers, and there's absolutely no respect for that. And that's why agents do not want to go to her detail.' Agents say Hillary's nastiness and contempt for them and disdain for law enforcement and the military in general continued, both when she was secretary of state and now that she is protected as a former first lady, earning her the distinction of being considered the Secret Service's most detested protectee."

It is interesting to note that Ivan Metik, an interior ministry spokesman, said Slovakia refuses to accept Muslims because they would not feel at home in Slovakia because there are no mosques. However, Slovakia is accepting Syrian Christians. The Red Half-Moon organization, the Islamic counterpart organization to the Red Cross could provide them with halal dishes from luxury restaurants in Riyadh, Doha, Abu Dhabi, and Dubai, etc. Moreover, I know of no Islamic organization in Germany or Europe assisting the Muslim refugees from Syria and portions of Iraq and Africa. The Lutheran Church, the Roman Catholic Church, the Protestant Church, the Jewish organizations do provide Muslims refugees assistance. There is a message here and it's not pro-Islam!!!

Mr. Schilling, this is the result of political correctness. What you compared is the truth. But, the politically correct don't like the truth because it's common sense.

As <http://sheikyermami.com/2015/08/muhammad-was-a-pig/#more-172926> we read that Muhammad was a pig and still is a pig.

JT: If you read the definitions of pig at the Urban Dictionary at <http://www.urbandictionary.com/define.php?term=pig> you'll surely find a definition that fits Muhammad. What is more important is to realize that Muhammad was an epileptic and psychopath. <http://www.faithfreedom.org/Articles/sina41204.htm> discusses this point. There are other links that say the opposite. For Muhammad's

being a psychopath, consult <http://liberatednow.blogspot.de/2012/01/psychoanalysis-of-mo.html>. Here it is in its entirety:

A Psychoanalysis of MO

If you read the biography of Mo in detail, you would realize that he was not exactly mentally stable. In fact, if he lived today, he would have been any physician's nightmare...Do you have any idea the number of Phobias and Compulsive disorders that Mo suffered from? Here is my own psychoanalysis of the world's most influential person: Mohammed, the prophet of Islam.

A short list of his phobias:

Alliumphobia - Fear of garlic.... Hence the hadeeth which says that men should not go to the mosque to pray after eating garlic (and here we were all assuming he was a vampire).

Aurophobia - Fear of gold...Ha! Now we know why men are not supposed to wear gold in Islam. I wonder there is a phobia of silk as well.

Automysophobia - Fear of being dirty.....Ok, that explains the obsession of bathing, wiping your ass, shaving your armpits and pubic area and making wudu 5 times a day. And yes, bathing after sex.

Aviophobia or Aviatophobia - Fear of flying.....Hence the nightmare in which he flew on a donkey/mule to heaven.

Bibliophobia - Fear of books....Probably why he never learnt to read and write, even after he supposedly received divine inspiration. Come on, he had 23 years and he would not learn to read and write. Quite simply, he had a fear of books.

Catagelophobia - Fear of being ridiculed....That explains why people were killed and are still being killed if they even dare to ridicule him – Blasphemy laws, aka Catagelophobia....

Cynophobia - Fear of dogs.... Now this is really cruel. He commanded to kill all the poor innocent dogs, especially the black ones, because they are actually the devil....?????

Demonophobia or Daemonophobia - Fear of demons AND *Wiccaphobia* - Fear of witches and witchcraft....This precisely explains his acute fear of genies and goblins and witches and evil spirits, and the suras about jinns, black magic, evil eye and demons and God knows what....Are we really talking about an adult male here????

Geliophobia - Fear of laughter....He almost never laughed and told his followers that laughing loudly is the work of Satan.

Christianophobia - fear/dislike of Christians AND *Judeophobia* – fear/dislike of Jews. No explanation required... LOL

Gynophobia or Gynophobia - Fear of women.... Hence the hadeeth saying that majority of the residents of hell would be women....

Hadeophobia - Fear of hell....Yeah, we all know that. There is no doubt that he was totally obsessed with it.

Homophobia - Fear of sameness, monotony or of homosexuality, or of becoming homosexual....He probably feared them to death. That is why ordered all homosexuals to be killed. Makes perfect sense, doesn't it?

Levophobia - Fear of things to the left side of the body AND *Sinistrophobia* - Fear of things to the left or left-handed..... Now this is a very interesting one. I always used to wonder why Islam is so particular about it. Walk into a mosque with your right foot, eat with your right hand, and pass the plate to the right side first... Do everything with your right hand except wiping your butt after defecating....

Melanophobia - Fear of the color black....So now you know why on the judgment day, all the sinners' faces would turn black and the pious ones' would be white. He often made fun of the black slaves, and even compared them to raisin heads...He even ordered to kill all black dogs and said even the black cats are evil...Call it whatever, but I call it racism...

Melophobia - Fear or hatred of music....You must be kidding me? And the poor people have been depriving themselves of music for the last 14 centuries because MO said it's haram and the work of Satan...

Menophobia - Fear of menstruation....He said it is a disease from God for all women. It explains his hatred for menstruation and also for women.

Methyphobia - Fear of alcohol...My guess is he feared alcohol and made it haram just because he wanted to control the minds of all Muslim men and women. If alcohol was permitted, it would have controlled their minds instead. He wanted the fear of hell, the goal of heaven and the aim to get there (Jihad) to be on their minds 24x7, and he feared that intoxication might make them forget their mission momentarily. ... See, I always said he was a smart SOB....

Nyctophobia - Fear of the dark or of night AND *Nyctohylophobia* - Fear of dark wooded areas or of forests at night..... That is why he made up that cock & bull story about jinns and demons roaming around in such places....

Pyrophobia - Fear of fire....Or rather, obsession with fire and hell...

Satanophobia - Fear of Satan....Yeah, he feared him so much that he actually believed Satan put verses in his mouth...

Urophobia - Fear of urine or urinating....Aha.. Now I get it, the meaning of that hadeeth in which he passed by a grave and said the person in this grave is being tormented because he was very careless with his urine, that is, he did not clean himself well after urinating....

Gosh, this man is getting more and more complicated, isn't he? Ok, enough with the phobias. Now

let's dwell on his OCD – Obsessive Compulsive Disorder....

Catapetomania - Obsession with jumping from high places Remember, he wanted to jump off the cliff several times when he supposedly saw and spoke to Gabriel.

Dacnomania - Obsession with killing. Come on, you don't really need an explanation for this one.

Entheomania - Abnormal belief that one is divinely inspired In other words, having a very vivid imagination.

Erotomania - Abnormally powerful sex drive 13 wives, innumerable sex slaves / concubines. And don't forget, he used to have sex with all of them in one night....

Flagellomania - Abnormal enthusiasm for flogging.... 100 lashes for adultery.

Gamomania - Obsession with issuing odd marriage proposals Yeah, odd, as in proposing that his son divorce his wife so that he can get married to his daughter in-law, and REALLY ODD, marrying his best friend's six year old baby girl when he was 53 years old... You can't get any odder than that, MO.

Gynaecomania - Abnormal sexual obsession with women.... I think everyone everyone is aware about this abnormality, because there absolutely nothing normal about having sex with 9 women in one night.

Arithmomania - Obsessive preoccupation with numbers.... 5 prayers, 3 times washing your hands and face while making ablution. Saying his praise 33 times each after each prayer. 7 circumambulations around the Kaaba. 7 times safa marwa... Reading ayatal kursi 7 times. Cleaning your butt with an odd number of stones. Drinking water in 3 gulps. Spitting three times on seeing a bad dream. There are so many such eccentricities associated with numbers.

Mythomania - Lying or exaggerating to an abnormal extent... Oh yes, our MO takes all awards for this category. No one could lie and exaggerate better than he could. He should definitely get the Oscars for best story writing.

Necromania - Sexual obsession with dead bodies; necrophilia.... Didn't he sleep with his dead aunt once? This guy is getting creepier by the day.

Opsomania - Abnormal love for one kind of food.... Dates, dates and dates.

Phonomania - Pathological tendency to murder... But in this case, not just murder, but murder by torture...

Polemomania - Mania for war.... Wars, battles, raids, whatever you call them, but our bandit MO sure had a penchant for those....

Pyromania - Craze for starting fires.... Yeah, he sure had a thing for setting fires. He once said that he wished he could set all those houses on fire whose residents did not show up at the mosque to pray.

And if I remember correctly, he once set a mosque on fire and burnt everyone inside alive.

Sebastomania - Religious insanity.... Well, this kind of insanity still exists in most of Mo's followers for the past 14 centuries...

Well, I guess it would be safe to say that had MO not been there, probably these mental disorders would not even have been discovered. The science of Psychiatry is highly indebted to Mohammed, the prophet of Islam, for giving them so much of study material. How about setting up a mental asylum in his name???

JT: How True!!!

GAMES MUSLIMS PLAY

JT: It is my intent to write about Games Muslims Play intermittently. This means when I come across a *Muslim game* that I have read about. My idea to do this comes from Shai ben-Tekoa, who documents in his book *Phantom Nation, Inventing the "Palestinians" as the Obstacle to Peace*, Volume I, DeProgran Program, New York: 2013, p. 97, that the German Concentration-Labor Camps in Tunisia during the Second World War were under the authority of the German General Field Marshall Johannes Erwin Eugen Rommel (1891-1944), but were administered by Tunisia's Arabic and French-speaking Muslims who were able to communicate with Tunisia's Jews who had become concentration-labor camp slaves, were able to *play games* with them, "order them about, beat and torture them not infrequently just for fun." Here are two of the Muslims' o-so-peaceful-and-tolerant games:

Le Tombeau (the Tomb)

"(T)he Jew was forced to lie down on his back in a shallow indentation in the ground and was forbidden to move a muscle. He was not even allowed to swat a fly on his face or a biting mosquito. Ehen he had to relieve himself, he did it in his pants and lay there in his filth. If he moved in any way, the Arab guards smashed him with a rifle butt.

Scorpions crawled over the Jews lying on their backs in these indentations. In Winter's cold rains they lay motionless in pools of freezing water."

Upright Burials

"In some camps Jews were buried vertically in the ground up to their exposed heads for their Arab Muslim tormentors to urinate on. And if the Jew moved in this 'game,' he was bashed in the head with a stone."
