JT: Hey! DemocRATS! These weapons of nature must be outlawed!!! You've outlawed Nature with Planned Parenthood, what's stopping you from outlawing Nature's clouds?

In the October issue of *The Complete Obama Timeline*, Don Fredrick writes "According to a recent survey by the Polling Company, 51 percent of Muslims in the United States prefer being governed by Shari'ah law; according to a Pew Research poll, 60 percent of Muslims under age 30 say they are more loyal to Islam than to the United States; 58 percent of Muslims in the United States believe criticism of Islam should be prohibited by law, with 12 percent wanting death for those critics.

JT: There is a simple solution. Legally label each of them *persona non grata* and send them to their country of origin where they can live their preferences!

JT: Methinks this is hate speech and Abu Suleyman should be indicted. There was once a time in the United States when such statements that called for the killing or death of someone constituted a crime. However, not under the non-leadership of Barack Hussein Obama or any DemocrATS. Abu Suleyman should be arrested and prosecuted for actively calling for the death of Pamela Geller!

BRIS: Barnens Rätt i Samhället (Swedish: Children's Right in Society) is an organization in Sweden devoted to protecting children's interests and needs. Author Gunnar Sandelin of Pathological Global Altruism worked many years for this society. Gunnar Sandelin is the author of *Immigration and Cover Up" parts I & II*. In a recently published blog post Gunnar Sandelin describes very accurately the Swedish mass immigration hysteria as a psychiatric state of illness, comparable with self-hurting behavior or grave dependence on narcotics. With a mix of seriousness and black humor Sandelin denominates the Swedish state of illness as "pathological global altruism", shortened PGA. Sandelin writes: "Sweden is now definitely in an aggressive phase of self-hurting behavior which risks causing a national suicide or some form of self-mutilation in case the course of events is not stopped. Just like teenage girls who couldn't refrain from cutting themselves in the arms when I worked for BRIS, the country keeps on hurting itself in an increasing tempo. We are living in something which could be resembled by a dysfunctional family where we are all requested to solve the situation despite daddy drinking and beating us and mummy being incapable of protecting her children. The denial within the affected circle is so strong that the family instead, by means of drugs, escapes into a pathological euphoric intoxication and believes they are the world's best family and that everybody

around them sees them with envy and admiration! (Source: <http://avpixlat.info/2015/10/18/lastips-gunnar-sandelin-om-patologisk-global-altruism/> - Danke B)

<http://www.haaretz.com/israel-news/1.681525>

JT: It's not new news, but it's documented and is accompanied by a video.

“Forty years after the Swedish parliament unanimously decided to change the formerly homogenous Sweden into a multicultural country, violent crime has increased by 300% and rapes by 1,472%. Sweden is now number two on the list of rape countries, surpassed only by Lesotho in Southern Africa. ...In 1975, 421 rapes were reported to the police; in 2014, it was 6,620. That is an increase of 1,472%. Sweden is now number two on the global list of rape countries.”
(<http://www.gatestoneinstitute.org/5195/sweden-rape>)

JT: Let's give credit where credit is due. These statistics and being number two on the global list of rape countries would never have been possible without the peaceful and tolerant contributions of Muslim immigrants into Sweden! See also:

Substitute Sweden with The United States of America and you will realize what is happening to the United States of America.

At <http://www.truthrevolt.org/news/infamous-refugee-jungle-camp-swells-out-control-france-begged-bring-army> we read: “The port city of Calais, used as a gateway by migrants seeking illegal-entry into the U.K. via the Eurotunnel that connects France

with Britain, has literally turned into one massive, uncontrollable refugee camp replete with bars, discotheques and shops. Now, officials in the U.K. and France along with Eurotunnel executives are practically begging French President Francois Hollande to send in the police, or preferably, the army, to disband the now infamous 'Jungle Camp' which is overrun by 6,000 migrants. Each and every night thousands of migrants hailing from the Middle East and Africa attempt to break into the Eurotunnel entrance and stow away on Eurostar trains. According to the Express, those who do not successfully break into the trains resort to 'playing chicken with lorries so that they can smuggle themselves on board.' ...Delays are now commonplace on Eurostar trains traveling between France and Britain due to the upheaval. ...Ironically, the one solution proposed by the U.K., has been to erect a (presumably better) security fence. Apparently the ones built before are 'routinely smashed down by large numbers of migrants.'"

JT: JT's simple solution: Close the Eurotunnel indefinitely and let the camp squalor indefinitely.

JT: Evidently, the city of Detroit was superb until the DemocRATS took over!

JT: Obama is such a great leader who makes no mistakes! He's always implementing policies to protect Americans and to not waste money! Here's proof: "There were almost 4.79 million new enrollees in private individual market plans in 2014. However, as Heritage's researchers noted, 4.53 million people lost their employment-based group coverage during that same time. This leaves a paltry 260,000 people with new private health insurance. Obamacare has wasted billions of dollars, increased premiums and deductibles on millions of families, and has likely frustrated countless doctors into early retirement. This administration tore apart our country's entire health care system, all to provide insurance for roughly the number of people who will attend a game at two major college football stadiums this Saturday." (http://hotair.com/archives/2015/10/21/ninety-seven-percent-of-obamacares-newly-insured-are-from-medicaidexpansion/?utm_source=hadaily&utm_medium=email&utm_campaign)

JT: Here's more proof that Barack Hussein Obama is such a fearless leader:

- first clandestinely, then later with the cooperation of members of Congress, [supplied funds, training and weaponry](#) to Islamic terrorists abroad, including the ISIS (or Islamic State) group;
- [catalyzed the 2011 "Arab Spring"](#) and the downfall of standing governments in Egypt and Libya;
- was singularly responsible for the rise of the brutal and genocidal regime of Muslim Brotherhood thug Mohamed Morsi to power in Egypt;

- utilized the U.S. compound in Benghazi, Libya, as [a way station for the illegal transportation](#) of weapons to Islamist groups in Syria, subsequently either allowing the facility to be attacked on Sept. 11, 2012, or bringing about said attack in order to obliterate evidence of this treason;
- is currently conducting [an elaborate counterfeit military campaign](#) against ISIS in Iraq and Syria, which it in fact supports;
- has used the aforementioned counterfeit military campaign to spawn chaos within the region, thereby compounding the current orchestrated “refugee crisis” in Europe, which the administration clearly desires to expand to the continental United States for the purpose of further destabilizing America domestically;
- facilitated [the rise of nationalist neo-Nazis to power in Ukraine in 2013](#), in violation of the Constitution and international law (but in keeping with its Hitlerian character and objectives), and to this end engaged in widespread black operations, counterintelligence programs and campaigns of murder calculated to destabilize Ukraine and implicate the Russian government;
- is attempting to frame recent military action on the part of the Russian government in support of Syria (the only one to have damaged ISIS and stemmed its momentum) as [Russian aggression and interference in the region](#).

The recipient of the 2009 Nobel Peace Prize has come a long way from being a nothing. He's now a big traitor!

JT: Trevor Loudon of NewZeal.com has published a list of questions that Hillary Clinton should be asked (should have been asked) during her testimony before the House Select Committee on Benghazi on Thursday, 22 October 2015.

Before

1. When, how and why did the Obama administration and the State Department decide to back the overthrow of the Qaddafi regime?
2. Why did you refuse Saif Qaddafi’s phone call about the willingness of his father to negotiate a truce rather than subject his country and himself to the impending attack by NATO forces?
3. When and how was the decision made that the administration officially would facilitate the delivery of weapons to known Libyan al-Qaeda militias like the Libyan Islamic Fighting Group (LIFG)?
4. Did you and the Obama administration believe that the Presidential Intelligence Finding of March 2011 was legally sufficient to overcome the otherwise felonious provision by the U.S. government of material support to terrorism? Which legal authorities by name provided this advice to you?

5. Exactly when and specifically which Congressional members were briefed on the administration's decision to overthrow Qaddafi, back the Libyan Muslim Brotherhood-led rebels, and facilitate the delivery of weapons to Libyan al-Qaeda-linked militias?
6. Why did approximately half of your emails on Libya, that the committee has only recently received, come from Sidney Blumenthal, who President Obama had forbidden you to hire at the State Department?
7. Why did we maintain the Special Mission Compound in Benghazi when others, such as the British and the Red Cross had pulled out because of the security situation?
8. Why did you ignore an internal State Department audit on the compound when it first opened which concluded that they should either beef up the security or close it?
9. Please name and identify by affiliation the top Libyan rebel commanders with whom Christopher Stevens, the official U.S. government envoy to those rebels, collaborated during the 2011 Libyan revolution and explain how these commanders were selected.
10. Please describe in detail the weapons procurement and delivery process by which arms were acquired, funded, transported and distributed to the Libyan rebels in 2011.
11. Please describe in detail the weapons buy-back and collection program in Libya in 2012, including which U.S. agency had the lead for that program, how funds were disbursed for such weapons, where and how they were stored, their transport on exactly which/whose ships, and where those ships and their weapons cargo went after they departed from Libya.
12. By allowing the flow of arms to groups in Libya that we knew were affiliated with al Qaeda, weren't we in effect switching sides in the War on Terror?
13. Were you personally aware of multiple warnings that indicated an Islamic terror attack on the U.S. mission in Benghazi was likely or in potential planning stages?
14. Why were all of Stevens' requests for increased security turned down and in-country security forces drawn down?
15. Did you see, or were you made aware of the Ayman al-Zawahiri video-taped warning, issued on jihadi websites on 10 September 2012, that apparently gave the green light for the attack on the U.S. mission in Benghazi? If so, when? If not, why not?
16. What action did you take when you received word of a 10 day advanced notice that an attack on our facilities in Benghazi was going to take place?
17. What additional security measures did you as Secretary of State order for missions across North Africa and/or elsewhere once the American Embassy in Cairo warned that Muslim anger was building over the airing on Egyptian TV on 9 September 2012 of a clip from the YouTube video "Innocence of Muslims?"

18. Why was an order given to Ambassador Stevens' Diplomatic Security Service (DSS) personnel to store their weapons in a separate location in the compound?

During

19. What about your 10 p.m. phone call with President Obama on the night of the attack? Why did the State Department proceed to issue a statement shortly thereafter citing the video as the likely cause of the attack?
20. Who was responsible for making sure the car was parked outside the safe room window as a key part of the escape plan for the ambassador?
21. Why were the Marine Fast teams at Rota held up and made to put on civilian clothes?
22. What classified equipment and material were taken from the compound?
23. Please describe in chronological detail where you were, Secretary Clinton, throughout the night of 11-12 September 2012.
24. Exactly when and by what process did you, Secretary Clinton, receive command authority over U.S. military units that might have responded to the Benghazi mission attack during the night of 11-12 September 2012?
25. Who made the decision that no U.S. government military response would be ordered to come to the rescue of the Americans under terrorist assault the night of 11-12 September 2012 in Benghazi?
26. Were any military assets ordered to turn back or stand down the night of 11-12 September 2012 rather than continue to the rescue of Americans in Benghazi?
27. If so, which were they, by whom and for what reason?
28. Was there a plan for Ambassador Stevens to be kidnapped and later exchanged for the Blind Sheik, who is in prison in the U.S. for his role in the 1993 World Trade Center bombing?

After

29. Please describe the consultative process by which you, Secretary Clinton, the President, and anyone else involved decided to blame the Benghazi terror attacks on the YouTube video, "Innocence of Muslims?" Please describe those orders in detail.
30. Why did you choose this narrative to disseminate to the American public—and the world—when you knew within 15 minutes of the beginning of the Benghazi attack that the perpetrators were Islamic terrorists?
31. Why did you send then-UN Ambassador Susan Rice out that weekend to talk about Benghazi on the Sunday talk shows, when it should have been you?

32. Who gave the orders to Rashad Hussain, envoy to the Organization of Islamic Countries (OIC), and to Huma Abedin, to coordinate (respectively) with international and domestic Muslims the narrative about the YouTube video being the cause of the Benghazi terror attacks?
33. Why did you tell the parents of the dead in Benghazi that you would get the man who made the video, as if you believed that was the cause of the attack on the compound?
34. How was it determined that you wouldn't testify to the State Department appointed Accountability Review Board?
35. Why did your aide Cheryl Mills tell Deputy Ambassador to Libya Greg Hicks not to talk to Republican congressmen who came to Libya to investigate what had happened?

(Source:

Additionally, Judge Andrew P. Napolitano posts the following subject block questions:

1. Mrs. Clinton, when you first became secretary of state, you were briefed on the proper use of emails, right? And you were informed of your obligation to preserve all governmental records that came into your possession and not destroy any of them, right? And you also were briefed on the proper handling of classified materials, weren't you? In fact, Mrs. Clinton, you were presented with a written government oath that every federal employee who handles classified materials receives and must sign, correct? Isn't it also true, Mrs. Clinton, that you never signed that oath?
2. Didn't you pay a State Department employee — not an outside vendor — to install a private email server in your home in New York? And when you did that, you knew the practical effect of it would be to divert all your emails — governmental and personal — away from the government, right? And you used, did you not, that email system your employee in the State Department installed in your home as your exclusive email source during your tenure as secretary of state? And that email system was directly connected to the Internet, right?
3. Isn't it true that you received and sent emails on your personal system that included satellite photos of foreign surveillance; intercepts of telephonic and email communications of foreign agents; travel plans of U.S. Ambassador to Libya Christopher Stevens, who was killed in the Benghazi attacks; and the true name of a CIA agent operating under deep cover in the Middle East?
4. Isn't it true that you were probably too busy to read all the emails you received before storing them or sending them on to others? Isn't it true that you treated all emails alike, whether they contained delicate or personal information or not?

5. Mrs. Clinton, haven't you stated a few dozen times that you never sent or received emails marked "classified"? Now, Mrs. Clinton, you were the country's chief diplomat for four years, right? Don't you know that nothing is marked "classified" — that the national security markings are "confidential," "secret" and "top secret"?
6. Mrs. Clinton, isn't it true that you asked President Obama to let you hire your friend and colleague Sidney Blumenthal as a special assistant to you in the State Department? Isn't it true that the president declined your request? Didn't you then have your family's foundation hire Mr. Blumenthal, and didn't you then treat him as your assistant without telling the president?
7. Mrs. Clinton, didn't you communicate with Mr. Blumenthal about political and national security matters on a regular and consistent and often-daily basis? Didn't he provide you with confidential information from his own sources? Didn't you pass confidential information on to him?
8. Mrs. Clinton, you knew that the war you were waging against Moammar Gadhafi was causing great instability in Libya, right? And you knew that instability had led to the need for private security firms to protect Libyans and Americans in Libya, correct? And didn't you also know that your friend and confidant Mr. Blumenthal had a financial interest in one of those firms while he was advising you? You didn't see anything illegal about an employee of your family's foundation's receiving secret data from you while he was advising you and trying to get business for his security firm in Libya, did you?
9. Mrs. Clinton, isn't it true that you put the travel plans of Ambassador Stevens onto nongovernmental Internet venues? Isn't it true that at the time you did that, he asked you for more security in Libya and you did not provide it? Mrs. Clinton, isn't it true that to fight your secret war against the government of Gadhafi, you sent American arms into the hands of his opponents? And you did this without a congressional declaration of war, right?
10. Didn't you know that many of Gadhafi's opponents were al-Qaida operatives, who are America's sworn enemies? Weren't you reckless in getting arms to them? Didn't you realize that you were arming the very people against whom your ambassador was seeking more protection?
11. Mrs. Clinton, do you know it is a felony to provide arms to terrorist organizations? Do you know that Ambassador Stevens was murdered by al-Qaida operatives using American arms and American bullets?
12. Mrs. Clinton, do you think anyone but the most hardened Democrats and your husband's old friends could trust you in public office?
